INTRODUCTORY SECTION

(This page intentionally left blank)

August 10, 2012

Honorable Mayor, Members of the City Council
And Citizens of the City of Rio Rancho

The Audit Act, NMSA 1978, Section 12-6-12, requires cities to undergo an annual single audit and produce a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America. The Audit Act also requires that these financial statements be audited in accordance with auditing standards generally accepted in the United States of America by a certified public accounting firm licensed in the State of New Mexico. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the City of Rio Rancho for the fiscal year ended June 30, 2012.

This report consists of management representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with accounting principles generally accepted in the United States of America. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The comprehensive annual financial report is presented in four sections: introduction, financial, statistical, and single audit. The introduction section includes this transmittal letter, the City's organization chart and a list of City officials and administrative staff. The financial section includes the financial statements and the combining and individual fund financial statements and schedules, as well as the auditors' report on the financial statements and schedules. The statistical section includes selected financial and demographic information, generally presented on a multiyear basis. The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*. The schedule of expenditures of Federal awards required by the Single Audit Act is included in the single audit section along with the auditors' report on the internal control and compliance with applicable laws and regulations.

CliftonLarsonAllen LLP, a certified public accounting firm, has audited the City's financial statements. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2012, are free of material

misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2012, are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited City's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the Single Audit Section.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE CITY

The City of Rio Rancho is the third largest city in New Mexico with an estimated population of 87,521 according to the 2010 U.S. Census. The City is located in central New Mexico, northwest and adjacent to Albuquerque, New Mexico's largest city. The metropolitan area is serviced by east-west Interstate I-40 and north-south Interstate I-25. The Santa Fe railroad has a major rail line through Albuquerque. The Rail Runner rail provides commuter service between the nearby communities of Bernalillo, Albuquerque, Los Lunas, and Santa Fe. There are two general aviation facilities, including the Albuquerque International Airport, that provide service to the metropolitan area.

The City was incorporated in 1981 and adopted a municipal charter as a home rule city in 1991. The City has a hybrid Council/Manager form of government in which the Mayor is a member of the Governing Body. The City Manager is the Chief Administrative Officer, appointed by the Mayor subject to approval of the Governing Body. The Basic Financial Statements of the City include all government activities, organizations and functions for which the City is financially accountable as defined by the Governmental Accounting Standards Board (GASB). Based on these criteria no other governmental organizations are included in this report.

The City provides to its citizens those services that have proven to be necessary and meaningful and has done so with less City employees per capita than similarly sized New Mexico cities. Major services provided under the general government and enterprise functions are: police and fire protection, emergency ambulance service, roads, water and wastewater services, parks and recreational activities, libraries, senior services, and general administrative services. In 2008, the City created a strategic plan to establish priorities for city government. This plan represents the

consensus that emerged from the collaborative effort of the City leadership, City employees, and the community. This plan along with a status update can be found in the City's Fiscal Year 2013 Budget Document posted on the City's website.

FACTORS AFFECTING FINANCIAL CONDITION

The City's financial condition reflects a local economy that is climbing out of an economic recession that has plagued our country over the last three years. Various signs suggest that the recovery is gaining momentum, including a declining unemployment rate, stabilizing City revenues, and a trend of lower foreclosures in the area compared to recent years. However, the recovery has been much slower than most economists expected. Concerns remain over the somewhat slow pace of hiring and the risk that financial distress in various European countries could significantly impact economic growth in other parts of the world.

In Rio Rancho, specifically, there is reason to be cautiously optimistic about the outlook for the community and City government. Jobs have continued to be added in our region and housing markets appear to be stabilizing. Two new hospitals opened their doors and with those openings the City has added about 850 jobs since October of 2011. The Governing Body has worked hard to shore up the General Fund ending fund balance and continues to focus on increasing the recurring revenue base through the attraction of needed retail businesses and economic base jobs into our community.

The City of Rio Rancho is the fastest growing city in the State of New Mexico. The City's population has increased 69 percent from 51,765 in 2000 to 87,521 in 2010. Rapid population growth coupled with the increased availability of credit during the housing boom led to a surge in the number of single-family housing permits issued in the City of Rio Rancho beginning in 2003 and ending in 2007. During this time, annual permits issued rose steadily, peaking at an all-time high of 3,084 permits in 2007. As economic growth slowed in 2008 and the economy entered a recession in 2009, Rio Rancho housing market activity declined sharply. Since the peak in 2007, the number of housing permits issued declined 90 percent to 301 in 2011. From January to June of 2012, the number of housing permits has increased 18 percent above the 2011 level, though still well below pre-housing boom levels. This weakness in housing construction translated into a significant decline in the City's gross receipts tax revenues from Fiscal Year 2007 to Fiscal Year 2010 and significantly slowed the growth rate of City property tax revenues. Revenues started to stabilize in Fiscal Year 2011 and 2012 as the construction of two hospitals helped to offset some of the weakness in construction Gross Receipts Tax revenues. Combined, gross receipts and property tax revenues make up approximately seventy five percent of City General Fund revenues.

In 2006 and 2007 the City of Rio Rancho established a Central Business District anchored by a 6,500 seat Multi-Purpose Event Center and construction of a new City Hall building. Since then, various institutions have opened in the Central Business District, including Hewlett Packard, which employs approximately 950 employees currently (though news of nationwide layoffs at various HP sites have been reported in the media recently); Central New Mexico Community College opened its doors in the Fall of 2010 with an enrollment of approximately 1,400 students; and the University of New Mexico also opened the first building of a planned 12,000 student campus with a current enrollment of over 500 students.

Additional details on major projects that opened in the last year are included below:

- A new University of New Mexico 72- inpatient bed Sandoval County Regional Medical Center (Teaching Hospital) located near City Hall.
- Presbyterian Health Care 92-inpatient bed Rust Medical Center and corresponding office complex at Unser and Westside Boulevards.
- Premiere Cinemas opened an all-digital 14-screen (2,750-seat), 46,595 square-foot movie theater facility near the southwest corner of Southern and Unser.
- Adjacent to Presbyterian, developers have begun constructing public infrastructure for the Village at Rio Rancho, a 400,000 square foot mixed use development expected to begin construction in 2012.
- Petroglyph Medical Plaza, located across from the new Presbyterian Hospital, is expected to be completed in the first half of 2013 and will contain 60,000 square feet of Class A medical office space.

Long-Term Economic and Financial Planning. As noted above, with the assistance of a professional firm, the City adopted an in-depth Strategic Plan. Surveys were used and meetings were held with citizens to gather the community's views on the City's strengths and weaknesses and on the proposed strategic plan. A process has been implemented to accomplish the goals of the strategic plan, which is reported annually. This plan is also used to inform the long-term budget planning, including a service prioritization project, which helps to ensure that the City is using its resources in the most efficient and strategic manner.

The Development Services Department has completed the City's Comprehensive Plan. Specific area plans which are a part of the Land Use Element of the Comprehensive Plan are being developed to identify specific land uses throughout the City. The purpose of the Comprehensive Plan is to guide community development. It serves as a broad-based policy document used by the development community and staff to make recommendations on land use applications as well as to support the decisions the City Council makes on land use applications.

To facilitate and encourage retail and commercial growth and economic base jobs, Rio Rancho implemented an Economic Development Policy and Retail Strategy Plan. The City continues to utilize economic development incentives, such as the Gross Receipts Investment Policy or "GRIP" to attract new retail businesses. The most recent use of this tool was used to attract Rio Rancho Premiere Cinemas, the only movie theatre in Rio Rancho.

Rio Rancho is located in an arid region and water availability is of utmost importance to the City. In 2010 and 2011, the Governing Body approved a \$3 and \$2 surcharge, respectively, for a total of \$5 for each water customer in order to assist with the cost of water rights acquisition. This surcharge will be used solely to assist the City in meeting the State requirements to acquire sufficient water rights to offset the impacts of groundwater pumping now and into the future.

Accounting System and Budgetary Control. Written financial policies were instituted in fiscal year 2006 as a basic framework for the financial management of the City of Rio Rancho. These policies are intended to assist members of the City of Rio Rancho Governing Body and City staff to evaluate current financial activities. These policies are to be reviewed on an annual

basis in conjunction with annual budget. During the Fiscal Year 2012, the Financial Services staff provided comprehensive training to City of Rio Rancho employees on various financial activities, such as budgeting, contracts, procurement, and grant applications and management. The purpose of this training was to train employees on Financial Services Department policies and procedures, enhance controls over these areas, and increase operating efficiencies.

The City's accounting records for general government operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's utilities and other proprietary activities are maintained on an accrual basis.

In developing and maintaining the City's accounting system, consideration is given to the adequacy of the internal control structure. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

The City charter provides that the Governing Body shall adopt the annual budget prepared by the City Manager. The budget is reviewed by the Governing Body and is formally adopted by the passage of a budget resolution. The City Manager has limited authority to transfer budgeted amounts between line items within divisions of any fund; however the Governing Body must approve any revisions that alter the total expenditures of any fund.

Budgetary control has been established at the individual fund level. Financial reports are produced showing budget and actual expenditures by line item, and are distributed monthly to City department management and to others upon request. Individual line items are reviewed and analyzed for budgetary compliance. Personnel expenditures are monitored and controlled at a position level and capital expenditures are monitored and controlled item by item. Revenue budgets are reviewed monthly. Lastly, quarterly budget updates are approved by the Governing body and submitted to the State Department of Finance and Administration Local Government Division, pursuant to state law.

Employee Health Care and Pension Plans. The City's medical plan is a self-funded medical plan and the City offers a choice of medical plans and a choice of either the Presbyterian or Lovelace provider network. The City also provides dental insurance through a self-funded dental plan. The City offers a flexible spending account program which provides employees with the opportunity to set aside dollars on a pre-tax basis in either a Healthcare Reimbursement Account or a Dependent Care Reimbursement Account. In addition, the City also offers life and disability insurance on a voluntary basis. The City purchases life insurance in the amount of the employees' salary.

Substantially all full-time employees of the City participate in a public employee retirement system authorized under the Public Employees' Retirement Act (Chapter 10, Article II NMSA 1978). The defined benefit plan provides for retirement, disability benefits, and survivor benefits to plan members and beneficiaries.

The City became a member of the New Mexico Retiree Health Care Authority on July 1, 2007 to provide retirement health care for employees.

Budget and Accounting Awards. The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial reporting to the City of Rio Rancho for its comprehensive annual financial report for the fiscal year ended June 30, 2011. This is the seventh consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy generally accepted accounting principles and applicable legal requirements. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association (GFOA) of the United States and Canada presented an Award for Distinguished Budget Presentation to the City of Rio Rancho for its Annual Operating Budget for Fiscal Year ending June 30, 2012, which was the sixth consecutive year that the City received this award. The Distinguished Budget Presentation award is presented to those government units whose budgets are judged and adhere to strict program standards. In order to receive this award, a government must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications medium. The award represents significant achievement and reflects the commitment of the Governing Body and staff to meeting the highest principles of government budgeting. We believe our current budget continues to conform to program requirements.

Acknowledgments. The preparation of the comprehensive annual financial report on a timely basis was made possible by the dedicated service of the entire staff of the Financial Services Department. We express our sincere appreciation to Marta Ortiz and Accounting Staff for the contributions made in the preparation of this report.

Respectfully submitted,

James C. Babin
Acting City Manager

Independent Auditor's Report

Honorable Mayor and Members of City Council
and Citizens of the City of Rio Rancho
City of Rio Rancho, New Mexico
and Mr. Hector H. Balderas
New Mexico State Auditor

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, and the budgetary comparisons for the general fund of the City of Rio Rancho (the City) as of and for the year ended June 30, 2012, which collectively comprise the City's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the City's nonmajor governmental funds, fiduciary funds, internal service funds, and the budgetary comparisons for all nonmajor funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of the City's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the agency's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of each nonmajor governmental, fiduciary and internal service fund of the City as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparisons for all nonmajor funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2012 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 19 through 33 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the basic financial statements, the combining and individual fund financial statements, and the budgetary comparisons. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The additional schedules listed as "other supplemental information" in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(Required Supplementary Information)

(This page intentionally left blank)

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

As management of the City of Rio Rancho (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2012.

FINANCIAL HIGHLIGHTS

The financial statements, which follow the Management's Discussion and Analysis, provide those significant key financial highlights for 2012 as follows:

- In the Statement of Net Assets the City's total net assets of governmental activities increased \$6.4 million to \$270.7 million and business-type activities increased \$5.0 million to \$177.1 million representing 60.4 percent and 39.6 percent respectively, of the total net assets of \$447.8 million.
- In the Statement of Activities the total governmental activities revenues amounted to \$75.5 million, of which general revenues from governmental activities accounted for \$51.3 million in revenue or 68.0 percent of all revenues from governmental activities. Program specific revenues in the form of charges for services and grants and contributions accounted for \$24.1 million or 32.0 percent of total governmental activities revenues.
- In the Statement of Activities the total business-type activities revenues amounted to \$40.3 million, of which general revenues from business-type activities accounted for \$3.0 million or 7.4 percent of all revenues from business-type activities. Program specific revenues in the form of charges for services and capital contributions accounted for \$37.3 million or 92.6 percent of business-type activities.
- In the Statement of Activities the City had \$72.4 million in expenses related to governmental activities, of which \$24.1 million of these expenditures were offset by program specific charges for services or grants and contributions. General revenues of \$51.2 million were adequate to provide for the remaining costs of these programs. The City had \$38.2 million in expenses related to business-type activities. These expenses were offset by program specific revenues in the form of charges for services and capital grants and contributions of \$37.3 million.
- The General Fund had \$52.5 million in revenues, which primarily consisted of taxes and charges for services. The total expenditures of the General Fund were \$51.1 million. The General Fund's fund balance increased \$1.4 million to \$14.7 million, partially due to an increase in property tax revenue, charges for services, and gross receipts tax revenues.
- Net assets of the Enterprise Funds increased \$2.1 million. Operating revenues of \$36.3 million exceeded operating expenses of \$30.9 million. Non-operating expenses of \$7.5 million exceeded non-operating revenues of (\$107,095).

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the City's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

In the government-wide financial statements, the City's activities are presented in the following categories.

- **Governmental activities** – Governmental activities include most of the City's basic services such as general government, public safety, public works, culture and recreation, and economic development. Gross receipt taxes, municipal and State shared taxes, intergovernmental revenues and charges for services finance most of these activities.
- **Business-type activities** – Business-type activities include water utility, wastewater utility, and event center activities provided by the City. These services are typically financed through user fees and charges.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows of spendable resources, as well as on balances of

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

OVERVIEW OF FINANCIAL STATEMENTS (Cont'd)

spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The reconciliations are on pages 43 and 45, respectively.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund as this fund is considered to be a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements and schedules on pages 96-121.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for water and wastewater utility services, and the event center activities. Internal service funds are an accounting device used to accumulate and allocate costs internally to the City's various functions. The City uses internal service funds to account for its self-insured health plan and self-insured dental plan. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary fund financial statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide additional information for the Utilities Fund and the Multi-Purpose Event Center Fund, which are considered to be major funds of the City. Both internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on page 48.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

OVERVIEW OF FINANCIAL STATEMENTS (Cont'd)

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately following the basic financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. Under New Mexico Administrative Code Section 2.2.2 governments in New Mexico must include the budgetary comparison statement for the General and major Special Revenue Funds as a component of the fund financial statements within the basic financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the City's governmental activities, assets exceeded liabilities by \$270.6 million as of June 30, 2012.

A major portion of the City's net assets (82.4 percent) reflects its investment in capital assets (e.g., land and improvements, infrastructure, buildings and improvements, improvements other than buildings, vehicles, furniture and equipment and construction in progress), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. In addition, a portion of the City's net assets (3.9 percent) is restricted for the specified purposes of debt service repayment and capital outlay investment.

The City's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

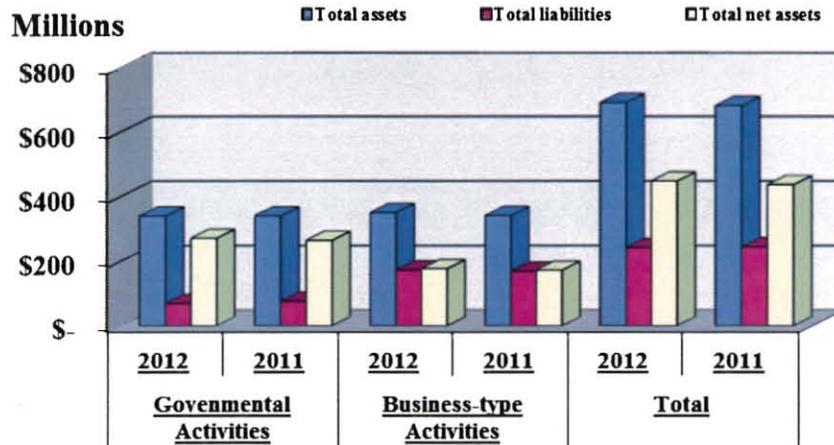

The following table presents a summary of the City's net assets for the fiscal years ended June 30, 2012 and June 30, 2011.

The following are significant current year transactions that have had an impact on the Statement of Net Assets.

- The City received \$9.3 million in loan proceeds for the purpose of water rights acquisition.
- The City received \$2.6 million in loan proceeds for the purpose of construction of wastewater collection lines and water distribution lines.
- The City received \$3.2 million in contributed capital for various City infrastructure projects which were constructed by developers.
- The City received \$1.2 million in contributed capital for water and wastewater improvements which were constructed by developers and various contractors.

Revenues by Source – Business-type Activities

Expenses and Program Revenues – Governmental & Business type Activities

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Concl'd)

Governmental-type activities: Net assets of the governmental-type activities at the end of the year amount to \$270.7 million. The following are significant current year transactions that have had an impact on the Statement of Activities.

- Program revenues including federal and state grants and contributions, charges for services, and local revenues subsidized certain programs totaling \$24.1 million.
- The cost of all governmental activities in fiscal year 2012 was \$72.4 million, 18.5 percent lower than fiscal year 2011 due primarily to the decrease in grant and loan funded projects.
- The net cost of governmental activities (\$48.3 million) was financed by general revenues (\$51.3 million) that primarily consist of municipal gross receipt taxes (\$19.1 million), property taxes (\$15.7 million), and unrestricted grants, aid and state shared revenues (\$12.7 million).
- Gross receipt taxes and unrestricted grants, aid and state shared revenues increased \$1.1 million from fiscal year 2011, partially due to the increase in construction activity specifically for the Presbyterian and Sandoval County Regional Medical Center hospitals.
- Investment income decreased \$26,321 primarily due to the recognition of a loss on an investment from the reserve contingency fund being held at the New Mexico Local Government Investment Pool (LGIP).
- Property tax revenues declined from those received in fiscal year 2011 by \$698,445, or 4.3 percent, primarily due to slight decreases in both residential construction and non-residential development and the inflation rate.

Business-type activities. Net assets of the business-type activities at the end of the year amount to \$177.1 million. The increase of \$5.0 million over fiscal year 2011 was primarily due to a rate increase in the charges for water and wastewater services, water rights fees and developer capital contributions.

The following are significant current year transactions that have had an impact on the Statement of Net Activities.

- The City's water and wastewater utility increase in net assets is partially attributed to a 3.3 percent increase in water and wastewater rates plus a monthly \$5 water rights acquisition surcharge. An increase in the number of customers also contributed to this growth.
- The cost of all business-type activities in fiscal year 2012 was \$38.2 million, 20.7 percent higher than fiscal year 2011 due primarily to increase in operational and maintenance and/or repairs to the City infrastructure and a \$5.1 million expense for the recognition of uncollectible receivable related to the Department of Army federal grant.
- Program revenues, specifically capital grants and contributions for the Santa Ana Star Center decreased \$242,251 due to a decrease in improvements needed to the building.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of the City's net resources available for spending at the end of the fiscal year.

The financial performance of the City as a whole is reflected in its governmental funds. As the City completed the year, its governmental funds reported a combined fund balance of \$34.8 million; a decrease of \$1.8 million primarily due to the use of bond funds on capital projects.

The General Fund is the principal operating fund of the City. The increase in fund balance of \$1.4 million in the General Fund to \$14.7 million as of June 30, 2012 was due primarily to revenue increases in GRT revenue from strong construction activity from the two new hospitals, property tax revenue with slight increases in both residential construction and non-residential development, and franchise fee revenue.

Proprietary funds. Net assets of the business-type activities at the end of the year amount to \$177.1 million. The increase of \$5.0 million over fiscal year 2011 was primarily due to a 3.3 percent rate increase in the charges for water and wastewater services plus the implementation of a monthly \$5 water rights acquisition surcharge, and \$4.0 million in capital contributions.

BUDGETARY HIGHLIGHTS

The budget theme for fiscal year 2012 was sustainability, which is critical to our efforts to implement the City's adopted Strategic Plan. The Governing Body took decisive measures that provided a balanced and long-term approach to addressing the budget shortfall. Because of these measures as well as what appears to be a local economy that is stabilizing, the overall fiscal health of the City is showing improvement.

- At initial adoption of the FY12 budget the reserve fund balances were forecasted to be at 8.3 percent of expenditures, which is the minimum required by the State of New Mexico, and an estimated unreserved ending fund balance of \$2.6 million for the General Fund, bringing the total reserves to 13.5 percent of expenditures.
- The City continued to require Departments hold the line by maintaining 83 frozen positions. Expenditure levels reflect the City's high priority service areas, including providing additional funding for two public safety positions, EMS system upgrades, and law enforcement protective equipment.
- The City revised the overall budget during the year. The City conducts a mid-year budget review, which provides the City with an opportunity to adjust the fiscal year budget for changes in projected revenue and expenditure levels.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

BUDGETARY HIGHLIGHTS (Concl'd)

The changes made to the fiscal year 2012 budget at midyear can be briefly summarized as follows:

- The FY12 midyear budget has relatively insignificant adjustments, reflecting an economy that is experiencing a slow, but steady recovery, and reflective of recent efforts to achieve a sustainable long-term budget. The more stable budget situation can be attributed to various measures taken by the Governing Body to attain financial sustainability. These include multi-year budget planning, setting aside into General Fund reserves non-recurring revenues, such as construction revenues from the two hospitals, allocating resources strategically through service prioritization, shop local initiatives, and enhancing revenue collections.
- While there was an increase in GRT revenue of \$300,000, there were decreases in licenses and permit fees due to a reduced number of projects needing permits.
- There were multiple positions held vacant during the fiscal year. The value of the vacant positions was approximately \$1.2 million.

The variances between the budget and actual revenues and expenditures for the General fund can be briefly summarized as follows:

- \$1.0 million positive variance for charges for services primarily due to enhanced billing and collection efforts for ambulance services and increase activity for recreational activities.
- \$2.1 million in expenditure savings due to department's aggressively reducing materials and services budgets and multiple positions that were held vacant.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The City's investment in capital assets for its governmental and business-type activities as of June 30, 2012 amounts to \$619.1million (net of accumulated depreciation). This investment in capital assets includes buildings, facilities, vehicles, equipment, and infrastructure assets. This amount represents a net increase of \$24.0 million over last year, primarily due to additions of general governmental road network assets, and various arsenic water projects. Total depreciation expense for the year was \$18.0 million.

Total	<u>\$297,960,784</u>	<u>\$295,467,841</u>	<u>\$321,143,191</u>	<u>\$299,662,488</u>	<u>\$619,103,977</u>	<u>\$595,130,329</u>

Additional information on the City's capital assets can be found in Note 4.

Debt Administration. At the end of the current fiscal year, the City had \$223.0 million in long-term debt outstanding, with \$15.1 million due within one year. The following table presents a summary of the City's outstanding bonded debt for the fiscal years ended June 30, 2012 and June 30, 2011.

Governmental and Business-type Outstanding Debt

	<u>Governmental activities</u>		<u>Business-type activities</u>		<u>Total</u>	
	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>	<u>2012</u>	<u>2011</u>
General obligation bonds	\$25,875,000	\$29,575,000			\$25,875,000	\$29,575,000
Revenue bonds	16,075,000	16,660,000	138,370,000	145,205,000	154,445,000	161,865,000
Notes payable	15,115,441	15,918,080			15,115,441	15,918,080
Loans payable	-	-	<u>27,558,858</u>	<u>16,513,872</u>	<u>27,558,858</u>	<u>16,513,872</u>
Total	<u>\$57,065,441</u>	<u>\$62,153,080</u>	<u>\$165,928,858</u>	<u>\$161,718,872</u>	<u>\$222,994,299</u>	<u>\$223,871,952</u>

State statutes currently limit the amount of general obligation debt a City may issue to 4 percent of its total assessed valuation for general purposes. The current debt limitation for the City is \$79,685,637. State statute also currently does not limit the amount of general obligation debt a City may issue for the water and wastewater system. The City has no outstanding general obligation debt for the water and wastewater system.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

CAPITAL ASSETS AND DEBT ADMINISTRATION (Concl'd)

The City's general obligation bond debt is graded at AA by Fitch Ratings and A1 by Moody's. In July of 2011, Fitch Ratings reviewed the City's GO credit rating as part of their surveillance program. Fitch Ratings has affirmed its AA rating. One of the key rating factors was the City maintaining its financial reserves in light of the City's heavy reliance on economically sensitive GRT revenue. The gross receipts tax revenue bond debt is graded an A1 by Moody's and A+ by Standard & Poors.

The City's water and wastewater revenue bonds were also reviewed by Fitch in July of 2011 and downgraded to AA- although the Outlook is stable. One of the key rating factors was the downward decline in liquidity and debt service coverage, coupled with increasing operating expenses and lack of comparable offsetting rate increases. Standard & Poors rating of A+ was unchanged.

Additional information on the City's long-term debt can be found in Note 5.

The following are significant current year transactions that have had an impact on capital assets.

- The addition of \$5.1 million in governmental activities primarily due to capital contributions from developers.
- The addition of approximately \$17.0 million in business-type activities primarily due to the federal mandate of water well arsenic removal systems and various other water and wastewater system upgrades.
- The addition of \$4.3 million in business-type activities, specifically the utility fund, primarily due to capital contributions from developers.

The following are significant current year transactions that have had an impact on long-term debt.

- The City received \$9.3 million in loan proceeds for the purpose of water rights acquisition.
- The City received \$2.6 million in loan proceeds for the purpose of construction of wastewater collection lines and water distribution lines.

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS

Many factors were considered by the City's administration during the process of developing the fiscal year 2012-2013 budget. The objectives set for the 2013 fiscal year budget include the following:

- The City has been focused on building a sustainable budget over the past couple of years, as achieving sustainability is an ongoing effort. For the first time in at least three years the City is projecting a balanced General Fund five year financial plan and the City's ending fund balance as a percent of total expenditures is approximately 13.6 percent, approaching our target balance of 15 percent. These are two major steps to achieving a sustainable budget.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS (Cont'd)

- The FY13 budget reflects a local economy that is climbing out of an economic recession that has plagued our country over that last three years. Various signs suggest that the recovery is gaining momentum, including a steadily declining unemployment rate, stabilizing City revenues, and a trend of lower foreclosures in the area compared to recent years. Hard budget choices made by the Governing Body have set the City on a path and a way of thinking that establishes a solid foundation from which to further the City's Strategic Goals. In addition to long-term planning, prioritization plays a big role in achieving sustainability. The City must continue to evaluate all City services and to focus resources on the City's highest priority areas.
- City Departments were instructed to keep their budgets at the Fiscal Year 2012 levels, except as necessary to address the highest priority needs. Using additional expenditure savings and non-recurring revenue, the Budget includes additional funding for critical areas that have been under funded in recent years. This includes 14 new police vehicles, additional police officer training, a new animal control truck, a rescue ambulance, a cardiac defibrillator, funding for the City's graphical information system (GIS), and other small capital needs.
- The Budget also incorporates a modest pay increase to the City's number one asset, our employees. City employees have sustained pay cuts (through furloughs) and have foregone raises over recent years at a time when the cost of living continues to increase. The Budget includes a two percent recurring salary increase.
- The City's most important revenue source is the Gross Receipts Tax (GRT). The GRT revenue estimate of \$24.3 million (including recurring and non-recurring estimates) accounts for approximately 48 percent of the total FY13 General Fund operating revenues. The GRT distribution to the General Fund is projected to decrease \$1.17 million or 4.6 percent from FY12 levels. Growth in most GRT sectors is offset by the significant decline in one-time construction activity associated with the two new hospitals built in the City.
- Property tax revenue, the second-largest revenue source, is estimated to increase 4.5 percent from FY12 levels, with an estimated increase of \$557,094. The property tax revenue forecast utilizes a Yield Control Formula, as established by State Statute. The FY13 revenue estimate incorporates housing permits and known non-residential construction activity to establish the construction growth factor. The estimate assumes an inflation factor of four percent (based on Bureau of Economic Analysis data) for a total growth factor of just under five percent. This total growth factor is applied to the previous year tax effort (current taxes imposed).
- Water and wastewater utility operation revenue has a scheduled rate increase of 3.3 percent that will help to offset increasing operation and capital costs. This increase is based on the Global Insight CPI estimate for water and wastewater maintenance.
- The Utility Fund unreserved ending net asset balance is \$6.8 million. The Utility meets the required debt service coverage ratio of 1.15 time coverage for parity bonds. In FY13, the debt coverage ratio for parity bonds is projected to be 1.34 times and the debt coverage ratio for bonds and loans is 1.13 times. A rate study has been finalized to increase liquidity, reserves and debt ratios.

**CITY OF RIO RANCHO, NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
YEAR ENDED JUNE 30, 2012**

NEXT YEAR'S BUDGET AND ECONOMIC FACTORS (Concl'd)

When looking at the local economy, the number one factor to consider is jobs. Employment growth in the Albuquerque Metro Areas is expected to exceed one percent during the first half of FY13 and to average 1.3 percent for the full fiscal year. Job growth is anticipated in healthcare, manufacturing, wholesale trade, retail and utilities. Construction and government employment is expected to decline modestly. Over the five-year outlook, annual employment growth in this region is expected to range from 1.3 to 2.1 percent, according to the Bureau of Business and Economic Research May Forecast.

Since its inception thirty years ago, our City has been a leader in single family housing construction. While housing construction has allowed us to grow to the third largest City in New Mexico in that time, it has not come without a cost, which we have felt these past five years. If nothing else, the recession has taught the City that reliance on housing construction for budget sustainability is not a solid strategy. Given the risks inherent in housing construction, which can fluctuate dramatically, it is more important than ever to continue our push for more economic diversification. Diversification will not occur overnight but our efforts to attract retail and service businesses is now beginning to be rewarded.

Rio Rancho continues to be one of the best places to relocate a business, offering a portfolio of incentives, tax benefits and other programs that stand behind the City commitment to attract economic base jobs and increase the quality of life through the attraction of targeted retail and entertainment companies. In July 2012, Money magazine ranked Rio Rancho 58th in its list of the "100 Best Places to Live." The magazine took into consideration criteria such as job opportunities, schools, low crime, and health care. In profiling Rio Rancho, Money noted the community has added jobs and features many recreational amenities. Rio Rancho is the only New Mexico city to appear on the 2012 list.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, and investors and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the resources it receives. If you have questions about this report or need additional information, contact the City of Rio Rancho Financial Services Department located at 3200 Civic Center Circle N.E. Rio Rancho, New Mexico 87144.

**CITY OF RIO RANCHO, NEW MEXICO
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES
AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS
TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2012**

Net Changes in Fund Balances - Total Governmental Funds **\$ (3,260,116)**

Amounts reported for *governmental activities* in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Expenditures for capital assets	9,112,802	
Less current year depreciation	<u>(11,695,749)</u>	(2,582,947)

Capital assets contributed by developers to the City are not recorded in the governmental funds as they do not provide current financial resources but are recognized in the Statement of Activities as program revenues. 3,180,961

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Amortization of bond issuance costs	(19,090)	
Amortization of bond discount	(14,187)	
Arbitrage costs	65,911	
Compensated absences	<u>(271,017)</u>	(238,383)

Revenue that are deferred in the governmental funds because they do not provide current financial resources are included in the Statement of Activities.

Property taxes	(246,550)	
Amortization of bond premium	<u>112,766</u>	(133,784)

Repayment of long-term debt principal are expenditures in the governmental funds, but the payment reduces long-term liabilities in the Statement of Net Assets.

General obligation bonds retirement	3,700,000	
Revenue bonds retirement	585,000	
Notes payable retirement	<u>802,639</u>	5,087,639

Internal service funds are used by management to charge the costs of health and dental self-insurance. The net revenue of certain activities of internal service funds is reported with governmental activities. 621,232

Litigation liability related to a lawsuit that has ruled against the City. 394,793

Change in Net Assets in Governmental Activities **\$ 3,069,395**

NOTES TO FINANCIAL STATEMENTS

(This page intentionally left blank)

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Rio Rancho (City) was incorporated in 1981 and the voters approved a home rule amendment to the charter in 1992. The City operates under a manager-council form of government with six council members.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The City's significant accounting policies are described below.

A. Reporting Entity

The City's major operations include police and fire protection, library, parks and recreation, certain community and social services and general administrative services. In addition, the City owns and operates two enterprise funds, which includes a Utilities Fund for water and wastewater operations and the Multi-purpose Event Center.

The financial reporting entity consists of a primary government. The City is a primary government that has a separately elected governing body, is legally separate, and is fiscally independent of other state or local governments. Furthermore, there are no component units combined with the City for financial statement presentation purposes, and the City is not included in any other governmental reporting entity. Consequently, the City's financial statements include only the financial activity of those organizational entities for which its elected governing body is financially accountable.

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) present financial information about the City as a whole. The reported information includes all of the nonfiduciary activities of the City. For the most part, the effect of internal activity has been removed from these statements. These statements distinguish between governmental and business-type activities of the City. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes,

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

investment income and other items not included among program revenues, but are reported instead as general revenues.

Individual financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and the major individual enterprise fund are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-wide Financial Statements - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. In addition, the fiduciary fund financial statements are reported on the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. As a general rule the effect of internal activity has been eliminated from the government-wide financial statements, however the effect of interfund services provided and used between functions are reported as expenses and program revenues at amounts approximating their exchange value. The City does not allocate indirect expense to functions in the statement of activities.

Fund Financial Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. In addition, derived tax revenues, such as gross receipts and gasoline taxes, are recognized as revenues when the underlying exchange transaction has occurred. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, gross receipts taxes, state shared taxes, franchise fees, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Miscellaneous revenue is not susceptible to accrual because generally they are not measurable until received. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. Deferred revenue also arise when resources are received by the City before it has legal claim to them, as when grant monies are received prior to meeting all eligibility requirements imposed by the provider.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Property taxes recognized are net of estimated refunds and uncollectible amounts. Delinquent property taxes have been recorded as deferred revenue. Receivables that will not be collected within the available period have also been reported as deferred revenue on the governmental fund financial statements.

The City reports the following major governmental funds.

General Fund – This fund accounts for all financial resources of the City, except those required to be accounted for in other funds.

The City reports the following major proprietary funds.

Utilities Fund – This enterprise fund is used to account for all operations of the water and wastewater systems.

Multi-Purpose Event Center Fund – This enterprise fund is used to account for all construction and operations of the multi-purpose event center.

Additionally, the City reports the following fund type:

Fiduciary Fund – The Fiduciary Fund consists of agency funds which account for assets held by the City on behalf of others and includes the Special Assessment District Operations Fund, District V, VI, VII, and VIII Bond Funds, the Municipal Court Fund, the Motor Vehicle Division Fund, the Gross Receipts Incentive Program (GRIP) Fund, Rio Metro Fund, and the Rio Rancho Economic Development Fund. These funds account for monies temporarily held by the City as an agent.

Internal Service Fund – The Internal service funds account for health and dental services provided by all employees of the government on a cost reimbursement basis.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, are generally followed by the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The City has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

The principal operating revenues of the City's enterprise funds are charges to customers for water and wastewater services and the event center. Operating expenses for this fund include production costs, administrative expenses and depreciation. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources in order of committed, and then assigned as they are needed.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column.

D. Investments

New Mexico Statutes Annotated (NMSA) authorizes the City to invest public monies in the State Treasurer's Local Government Investment Pool, interest-bearing savings accounts, certificates of deposit, and repurchase agreements in eligible depositories; bonds or other obligations of the U.S. government that are guaranteed as to principal and interest by the U.S. government; and bonds of the State of New Mexico, counties, cities, towns, school districts, and special districts as specified by statute.

The State of New Mexico local government investment pool is a pool that is not registered with the United States Securities Exchange Commission. Section 6-10-101, NMSA 1978, empowers the State Treasurer, with the advice and consent of the State Board of Finance, to invest money held in the short-term investment in securities that are issued by the United States government or by its departments or agencies and are either direct obligations of the United States or are backed by the full faith and credit of the United States government or are agencies sponsored by the United States government. The Local Government Investment Pool investments are monitored by the same investment committee and the same policies and procedures that apply to all other state investments. The pool does not have unit shares. Per section 6-10-10.1F, NMSA 1978, at the end of each month all interest earned is distributed by the State Treasurer to the contributing entities in amounts directly proportionate to the respective amounts deposited in the fund and the length of time the fund amounts were invested. Participation in the local government investment pool is voluntary. The investment in the State of New Mexico local government investment pool approximates the value of the participant's pool share.

A portion of the cash and investments of funds of the City is pooled for investment purposes. The balance reported for each participating fund as "Cash and Investments" represents the equity of that fund in the pooled cash and investments. Interest earnings on pooled investments are allocated to the participating funds based on average daily balances.

Nonparticipating interest-earning investment contracts are stated at cost. Money market investments and participating interest investment contracts with a remaining maturity of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value.

E. Investment Income

Investment income is composed of interest and net changes in the fair value of applicable investments.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

F. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (i.e., the current portion of interfund loans) or “advances to/from other funds” (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds.”

All trade receivables are shown net of allowance for uncollectibles. Trade accounts receivable in excess of 180 days comprise the trade accounts receivable allowance for uncollectibles.

Property taxes attach as a lien on property as of January 1. Taxes are levied each year on July 1 on the taxable valuation of property located within the City as of the preceding January 1. The taxable valuation for the various classes of property are determined by the Sandoval County Assessor and the State of New Mexico Department of Finance and Administration (DFA), Local Government Division at one-third of assessed valuation. Property in the City for the fiscal year 2012 tax levy had a taxable value of \$1,992,140,934. The rate of taxes for operating purposes for all taxing jurisdictions is limited by the State Constitution to 20 mils (\$20 per \$1,000 assessed valuation), of which the City’s portion, by state regulation, is limited to 5.151 mils. The 2012 rate for residential and non-residential City rate for operations and debt service was 6.990 and 1.617 mils, respectively. Property taxes are payable in two equal installments due on November 10th of the current year and April 10th of the following year and become delinquent after 30 days.

G. Capital Assets

Capital assets, which include land and improvements, buildings and improvements, vehicles, furniture, equipment, construction in progress, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The City defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life of more than two years. Such assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Goodwill represents the excess of the cost of an acquisition over fair value of the City’s share of the net identifiable assets of the controlled entity/associate at the date of the acquisition of the Utility. Software is capitalized when acquired while library books are not capitalized because the aggregated cost of books is considered immaterial. Donated capital assets are recorded at actual cost at the date of donation.

General government infrastructure assets acquired prior to July 1, 2002 consist of the road network assets that were acquired or that received substantial improvements subsequent to July 1, 1981. These infrastructure assets are reported at estimated historical cost using deflated replacement cost. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets’ lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Certain capital assets of the City are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Building improvements	20
Improvements other than buildings	20
Public domain infrastructure	15-65
System infrastructure	30
Vehicles	8
Furniture and equipment	5

H. Compensated Absences

The City's employee vacation and sick leave policies generally provide for granting vacation and sick leave with pay. Vacation benefits vest immediately at the employee's current rate of pay. Sick leave benefits may be converted to vacation leave at specified rates upon retirement after 10 or more years of service; however, the sick leave benefits do not vest. The current and long-term liabilities for accumulated vacation leave are reported on the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee leave, resignations and retirements. Resources from the General Fund are used to pay for compensated absences.

I. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the statement of net assets. Bond premiums and discounts, as well as issuance costs, and the difference between the reacquisition price and the net carrying amount of the old debt, are deferred and amortized over the life of the bonds using the straight line method over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

J. Net Assets Restriction

In the government-wide financial statements only restrictions imposed by external sources or enabling legislation are identified as restricted net assets.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

K. Interfund Activity

Flows of cash from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers between governmental funds are eliminated in the Statement of Activities. Interfund transfers in the fund statements are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds.

L. Budgets

The General, Special Revenue, Debt Service, Capital Projects, and Proprietary Fund budgets are subject to approval by the New Mexico Department of Finance and Administration (DFA), Local Government Division.

During the month of May, public hearings are conducted to obtain taxpayer comments. Prior to June 1, the City submits to the DFA a proposed operating budget for the fiscal year commencing the following July 1. The budget is prepared by fund and function and includes proposed expenditures, which include carryover encumbrances and accounts payable, and the means of financing them. Prior to July 1, DFA grants interim approval for the City to operate on the proposed budget subject to adjustments and/or revisions prior to final subsequent approval before the first Monday in September. Such approval is contingent upon the City Council adopting the proposed budget in accordance with applicable state statutes, and sufficient funds being available for anticipated fiscal year expenditures. Prior to July 31, the City Council adopts by resolution a formal budget and such budget is presented to DFA for final approval.

Section 6-6-6, NMSA, 1978 Compilation prohibits municipalities from making expenditures in excess of the approved budget. For these purposes the budget referred to is the fund's total budget.

The adopted budget of the City is prepared on a basis consistent with accounting principles generally accepted in the United States of America.

M. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

N. Statement of Cash Flows

For purposes of the Statement of Cash Flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents at June 30, 2012 were cash in bank, investments held by the State Treasurer, and investments held by City.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concl'd)

O. Encumbrances

The City utilizes encumbrance accounting as part of budgetary controls. Encumbrances outstanding at year end may be reported as part of restricted, committed, or assigned classifications of fund balance. At year end, the City commitments for encumbrances in the governmental funds were as follows.

Fund	Year-End Encumbrances
General Fund	\$ 501,583
Other governmental	8,885,488
Total	\$ 9,387,071

NOTE 2 – CASH AND INVESTMENTS

At June 30, 2012, the carrying amount of the City's deposits was \$38,013,853 and the bank was \$39,069,144. The difference represents outstanding checks, deposits, and other reconciling items. In addition, the City has \$5,715 of cash on hand at June 30, 2012.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned. The City does not have a specific deposit policy for custodial credit risk; however, under New Mexico law, all deposits with financial institutions must be collateralized in an amount not less than 50% of the uninsured balance. The City's agreement with its sole depository requires pledged collateral of 102% of the public money in each account. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation (FDIC). As of June 30, 2012, \$38,916,348 of the City's bank balance was exposed to custodial credit risk as insured and collateralized with securities held by the pledging financial institution's trust department.

Effective 12/31/10 through 12/31/12, a temporary change in Federal Deposit Insurance Corporation (FDIC) insurance coverage will be fully insured regardless of the amount in the account. The temporary unlimited coverage is in addition to, and separate from, the coverage of at least \$250,000 available to depositors under the FDIC's general deposit insurance rules.

The pledged collateral by bank at June 30, 2012, consists of the following.

	Restricted	Operating	Savings
Total amount on deposit	\$1,661,258	\$34,400,987	\$3,006,899
Less FDIC coverage	0**	(34,400,987)	(250,000)
Total uninsured public funds	1,661,258	0	2,756,899
50% collateral requirement	830,629	0	1,378,450
Pledged securities, fair value	830,629	0	2,920,189
Pledged in excess of requirement	\$0	\$0	\$1,541,739

**Bank of New York Mellon pledges internal cash reserves of 100% of deposit amounts.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (Cont'd)

As of June 30, 2012, the City had the following investments and maturities.

Investment Type	Fair Value	Investment Maturities (in Years)	
		Less Than 1	1-5
State Treasurer's Investment Pool	\$11,066	\$11,066	
Municipal Bond, University of NM– Valencia County Branch	1,657,298	700,826	956,472
Certificates of Deposit	3,500,000	3,500,000	
Federal Home Loan Mortgage Coupon (FHLMC)	6,230,331		6,230,331
Total	<u>\$11,398,696</u>	<u>\$4,211,892</u>	<u>\$7,186,804</u>

Credit Risk

A primary stated objective of the City of Rio Rancho's adopted Investment Policy is the safety of principal and avoidance of principal loss. Risk is controlled by investment in the highest credit quality investments as defined by its adopted Policy and state law. The investments primary objective is to ensure that capital losses are avoided, whether from security defaults or erosion of market value.

Credit risk within the City's portfolio among the authorized investments approved by the City's adopted Investment Policy includes only:

- repurchase agreements with depository institutions,
- time and demand deposits of New Mexico banks,
- savings and loan association deposits,
- investment grade obligations of state and local governments,
- commercial paper,
- money market mutual funds, and
- State Treasurer's local government investment pool.

All other investments are rated AAA, or equivalent, by at least one nationally recognized rating agency. Investments are made primarily in obligations of the US Government, its agencies or instrumentalities. The City's adopted Investment Policy restricts investment in banker's acceptances and mortgage-backed derivative securities.

The City's Policy and state law restrict certificates of deposit to those which are fully collateralized or insured and issued by eligible depositories in New Mexico. Such CDs are further collateralized to 102% with pledged US obligations securities held by an independent custodian.

State and municipal obligations from entities within the United States must have a taxable valuation of real property for the preceding year of at least \$1 million and that has not defaulted in bond obligations within the preceding five years.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (Cont'd)

Money market mutual funds must be registered under the 1940 Act and must have assets of at least \$100 million. The City's Policy does not require that SEC registered money market mutual funds be rated as to investment quality.

On January 9, 2009, the City was notified by the New Mexico State Treasurer's Office (STO) that the Reserve Primary Fund (the nation's oldest and widely considered one of the most conservative "AAA" rated funds), was downgraded from "AAA" to "D" caused by the market turmoil during that period and the bankruptcy filing of Lehman Brothers. The New Mexico Local Government Investment Pool (LGIP) investment in the Primary Fund was frozen by the Fund as the result of a drop of the net asset value below \$1.00. The LGIP investment in this fund was then isolated and placed in the Reserve Contingency Fund (RCF), a Fund created by the Treasurer to hold these nonperforming assets until the Primary Fund's liquidation process could occur. At that time, the City of Rio Rancho had over \$540,000 with the New Mexico LGIP that was impacted by this investment. During the liquidation process over the last few years, approximately \$0.8777 (87 percent) of the total City holdings has been returned. According to the Trustee for the Primary Fund, it is not known at this time whether there will be any further distributions from the Primary Fund.

On June 30, 2012, the LGIP participants were notified by the State Treasurer's Office that based on the recommendation by their auditor, that approximately 83 percent of the remaining amount held in the Reserve Contingency Fund was being recognized as a loss and reduced as of June 30, 2012. For the City, this translates to \$54,996 reduction in value, \$26,789 of which is held by the General Fund. The City has consulted with the City auditor on the appropriate accounting treatment and disclosure of the reduced value of this investment. The changes in values are reflected in the June 30, 2012 investment holdings. The remaining \$11,066 will be held in the RCF until the State Treasurer's Office finalizes its audit and recommends final action regarding the remaining funds.

The State of New Mexico's local government investment pool (LGIP) is managed by the State Treasurer, rated AAAM by Standard & Poors. The pool is authorized by State statute.

As of June 30, 2012,

- commercial paper represented 0% of the total portfolio,
- certificates of deposit represented 6.96% of the total portfolio,
- municipal bonds represented 3.29% of the total portfolio,
- investment in the State Treasurer's local government investment pool represented 0.02% of the total portfolio,
- investment in a money market mutual fund operating as a bank sweep vehicle represented 0% of the total portfolio,
- collateralized holdings in depository demand accounts represented 77.35% of the portfolio, and
- the remainder of the portfolio (12.38%) was in US Government securities rated AAA.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (Cont'd)

Concentration of Credit Risk

The City of Rio Rancho's adopted Investment Policy stresses diversification on all investments. With the exception of US Treasuries and cash on deposit at the City's depository bank, the City's Policy allows no more than 50% of the total portfolio to be invested in any single investment type, any single financial institution, or single maturity.

As of June 30, 2012,

- holdings in the State Treasurer's local government investment fund represented 0.02% of the total portfolio,
- holdings in insured/collateralized bank deposits at the Depository bank represented 77.35% of the total portfolio,
- holding in a money market mutual fund used as a bank sweep represented 0% of the total portfolio, and
- the remainder of the portfolio was in municipal bonds (3.29%) and agencies of the US Government (FHLMC 12.6%).

Interest Rate Risk

In order to limit interest and market rate risk from changes in interest rates, the City's adopted Investment Policy sets a maximum maturity on any investment of three (3) years with the exception of bond or trust funds which should be matched to the planned expenditures of the funds.

As of June 30, 2012, the portfolio contained two holdings with a stated maturity beyond one year. The portfolio contained one structured note which could have interest rate risk.

As of June 30, 2012, the portfolio contained:

- no investment matured beyond 24 months, and
- the dollar weighted average maturity of the total portfolio was 142 days.

Custodial Credit Risk

To control custody risk State law and the City of Rio Rancho's adopted Investment Policy requires all securities and all collateral for time and demand deposits as well as repurchase agreement collateral be transferred delivery versus payment and held by an independent party approved by the City. All securities and collateral are held in the City's name. The custodian is required to provide original safekeeping receipts. Repurchase agreements and deposits must be collateralized at 102%.

Portfolio disclosure as of June 30, 2012:

- the portfolio contained certificates of deposit
- the portfolio contained no repurchase agreements

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 2 - DEPOSITS AND INVESTMENTS (Concl'd)

- all bank demand deposits were fully insured and collateralized. All pledged bank collateral for demand deposits was held by an independent institution outside the bank's holding company.

The City's investment in the New Mexico State Treasurer's Investment Pool represents a proportionate interest in the Pool's portfolio. The City's portion is not identified with specific investments and is not subject to custodial risk; however, separately issued financial statements of the Office of the State Treasurer disclose the collateral pledged to secure the State Treasurer's cash and investments. The most recent report may be obtained by contacting the Office of the State Treasurer, P.O. Box 608, Santa Fe, NM 8754-0608.

NOTE 3 – DEFERRED REVENUE/ACCOUNTS RECEIVABLE

A. Deferred revenues

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental and Proprietary funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows.

	Unavailable	Unearned
Governmental Funds:		
Delinquent property taxes receivable (General Fund)	\$ 683,369	\$
Customer deposits (General Fund)		166,321
Confiscations (General Fund)		48,988
Red-light program (General Fund)		54,098
Federal and state revenues (General Fund)		1,293
Impact fees (Non-major Funds)		49,115
Federal and state revenues (Non-major Funds)		394,422
Delinquent property taxes receivable (Non-major Funds)	296,725	
Total deferred revenue for governmental funds	\$ 980,094	\$ 714,237

B. Accounts Receivable

In October 2007, the City entered into a grant agreement with the U.S. Army Corps of Engineers to fund an arsenic removal facility. The estimated cost of this facility was \$9 million, of which 75 percent or \$6.75 million was to be funded with a grant from the U.S. Army Corps of Engineers. The City has been partially reimbursed for construction expenses; however, because Congress has not appropriated additional funds, the Army Corps of Engineers cannot yet fully reimburse the City for the entire grant amount. Therefore, the due from the federal government balance for the Utilities Fund is net an allowance for revenue that is not considered available.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 3 – DEFERRED REVENUE/ACCOUNTS RECEIVABLE (Concl'd)

Beginning in fiscal year 2013, the City will accrue \$200,000 per year to fund a \$5.1 million allowance or until the revenue becomes available.

In addition, the accounts receivable balances for the General Fund and the Utilities Fund are net an allowance of approximately \$417,000 and \$1,103,000, respectively.

NOTE 4 – CAPITAL ASSETS

A summary of capital asset activity for the fiscal year ended June 30, 2012 follows.

<u>Governmental Activities</u>	Beginning Balance (As restated)	Increase	Decrease	Ending Balance

Construction Commitments - As of June 30, 2012, the City was involved in several construction projects. The estimated cost to complete the construction projects is \$115,454,057.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 5 – LONG-TERM LIABILITIES

A. General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds are generally issued as 10 to 15 year serial bonds with varying amounts of principal maturing each year. General Obligation bonds outstanding as reported in governmental activities at June 30, 2012 were as follows.

	<u>Outstanding June 30, 2012</u>
Governmental Activities General Obligation Bonds:	
\$5,000,000 General Obligation, Series 2002, due in annual installments of \$250,000 to \$600,000 through 08/01/2014; interest at 3.6 percent to 5.0 percent	\$ 450,000
\$5,500,000 General Obligation, Series 2004, due in annual installments of \$75,000 to 725,000 through 08/01/2016; interest at 3.15 percent to 4.0 percent	2,550,000
\$7,000,000 General Obligation, Series 2006, due in annual installments of \$300,000 to \$1,150,000 through 08/01/2018; interest at 4.0 percent to 5.0 percent	4,550,000
\$25,000,000 General Obligation, Series 2009, due in annual installments of \$1,500,000 to \$2,175,000 through 08/01/2021; interest at 2.5 percent to 4.0 percent	<u>18,325,000</u>
Total Governmental Activities General Obligation Bonds	<u><u>\$25,875,000</u></u>

B. Gross Receipts Tax Revenue Bonds

Gross receipts tax revenue bonds are issued specifically for the acquisition and construction of major capital facilities. These bonds are secured by a pledge of gross receipts tax revenue. Gross receipts tax revenue bonds outstanding as reported in governmental activities at June 30, 2012 were as follows.

	<u>Outstanding June 30, 2012</u>
Governmental Activities Revenue Bonds:	
\$18,130,000 Gross Receipts Tax Bonds, Series 2005, due in annual installments of \$210,000 to \$1,625,000, through 06/01/2025; interest at 3.0 percent to 5.0 percent	<u>\$16,075,000</u>
Total Governmental Activities Revenue Bonds	<u><u>\$16,075,000</u></u>

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS

NOTE 5 – LONG-TERM LIABILITIES (Cont'd)

C. Water and Wastewater Revenue Bonds

Water and Wastewater revenue bonds are issued and authorized by the governing body to provide funds to acquire and construct certain improvements to the water and wastewater systems of the City and to pay the costs incurred in connection with the issuance of the bonds. These bonds are secured by a pledge of revenues of the systems, and do not constitute a general obligation of the City backed by the general taxing authority. Water and Wastewater system revenue bonds outstanding as reported in business-type activities at June 30, 2012 were as follows.

	<u>Outstanding June 30, 2012</u>
Business-Type Activities Revenue Bonds:	
\$4,395,000 Water & Wastewater System Bonds, Series 2004, due in annual installments of \$170,000 to \$310,000 through 05/15/2024; interest at 2.375 percent to 4.5 percent	\$ 3,000,000
\$21,225,000 Water & Wastewater System Bonds, Series 2005, due in annual installments of \$715,000 to \$1,580,000 through 05/15/2025; interest at 3.25 percent to 5.0 percent	15,670,000
\$32,930,000 Water & Wastewater System Bonds, Series 2007, due in annual installments of \$310,000 to \$3,235,000 through 05/15/2032; interest at 4.0 percent to 4.5 percent	31,260,000
\$13,240,000 Water & Wastewater System Bonds, Series 2008, due in annual installments of \$255,000 to \$830,000 through 05/15/2034; interest at 3.0 percent to 4.5 percent	12,010,000
\$57,990,000 Water & Wastewater System Refunding Bonds, Series 2009, due in annual installments of \$3,790,000 to \$5,710,000 through 05/15/2022; interest at 4.4 percent to 5.3 percent	<u>46,775,000</u>
Total Business-Type Activities Revenue Bonds	<u><u>\$108,715,000</u></u>

D. Event Center Revenue Bonds

The Event Center revenue bonds are issued to provide for acquiring land for, and designing, purchasing, constructing, remodeling, rehabilitation, renovation, improving, equipping and furnishing, a municipal event center. These bonds are secured by a pledge of revenues from rentals, receipts, fees or other charges imposed from the event center. Event center revenue bonds outstanding as reported in business-type activities at June 30, 2012 were as follows.

	<u>Outstanding June 30, 2012</u>
Business-Type Activities Revenue Bonds:	
\$35,750,000 Taxable Event Center Revenue Bonds, Series 2005, due in annual installments of \$1,120,000 to \$2,735,000 through 05/15/2027; interest at 4.20 percent to 5.15 percent	<u>\$29,655,000</u>

H. Special Assessment Bonds

Special Assessment Bonds are used to construct projects within special assessment districts created by the City after property owners within these districts agree to be assessed for the costs of debt service on these bonds. Payments made by the assessed property owners within the districts are pledged to pay the debt service on the bonds. In the event of default by a property owner, the lien created by the assessment is sold at public action and the proceeds are used to offset the defaulted assessment.

As trustee for improvement districts, the City is solely responsible for collection of assessments levied against the owners of property within the improvement districts and for disbursement of these amounts for retirement of the respective bonds issued to finance the improvements. The City is not obligated in any manner to pay the debt service payments on the Special Assessment Bonds with any general or other funds of the City. Special assessment bonds payable at June 30, 2012 were \$13,484,721.

I. Statutory Debt Limitation

The Constitution of the State of New Mexico limits the amount of general purpose government obligation bonds that may be issued by a municipality to four percent of the taxable valuation of property located within the City. At June 30, 2012, based on the most recent assessed taxable valuation of \$2,056,634,824 the City may issue an additional \$59,737,932 of general purpose general obligation bonds. The debt limit is calculated using the total outstanding debt plus any cash reserves held for general obligation purposes.

J. Bond Covenants

Pursuant to certain bond indenture agreements, the City is obligated to various limitations and restrictions on annual debt service requirements, maintenance and flow of monies through

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 5 – LONG-TERM LIABILITIES (Cont'd)

various restricted accounts, minimum amounts to be maintained in various sinking funds and minimum revenue bond coverage's. Management believes the City is in compliance with all such significant limitations and restrictions.

K. Debt Service Requirements to Maturity

The following is a summary of debt service requirements to maturity, which includes interest, for all bonds and loans payable as of June 30, 2012.

L. Arbitrage on Tax Exempt Bonds

Prior to the Tax Reform Act (TRA) of 1986, State and Local governments had up to three years to use the proceeds from tax exempt bonds issued by them before arbitrage on such proceeds had to be paid to the Treasury Department. Arbitrage, as defined, is the excess interest earned by a State or Local government on proceeds from the sale of its bonds over interest paid to bond holders.

TRA 1986 required rebate of such arbitrage to the Treasury Department on governmental bonds issued after August 31, 1986, and on private activity bonds issued after December 31, 1984, when the proceeds were held for six months or longer. These rebates must be calculated annually and paid at the end of every fifth year until the bonds are retired.

The Revenue Reconciliation Act of 1989 amended the six-month rule. For bonds issued after December 19, 1989, the rebate requirement does not apply if: 1) all of the gross proceeds of the issue, other than the reserve fund, are spent within the six month period. The term gross proceeds for the purposes of the rule include both the sale proceeds received from the bond purchase on the issue date and investment earnings on such proceeds during the six-month period. Gross proceeds deposited in a reserve fund or bona fide debt service fund, however, are not subject to the expenditure requirement.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 5 – LONG-TERM LIABILITIES (Concl'd)

The following is a schedule of bond issues, along with the bond year ends and arbitrage rebate due dates. The City has had the first arbitrage computation for the bonds, completed as indicated:

	First Computation Date	First Payment Due to IRS	First Computation of Arbitrage Completed
General Obligations, Series 2009	6/30/10	7/27/14	X

NOTE 6 – OPERATING LEASES

The City has entered into noncancelable operating leases for computers and office equipment. The operating lease expenditures for the year ended June 30, 2012 were \$154,368. The minimum lease payments are as follows.

Year ending June 30:	
2013	\$104,524
2014	98,454
2015	84,456
2016	52,051
2017	22,968
Total	<u>\$362,453</u>

NOTE 7 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

At June 30, 2012, interfund balances were as follows.

Due to/from other funds:

At June 30, 2012, Governmental Funds had a \$655,419 interfund payable with the General Fund, and an interfund payable of \$3,985,605 for non-major funds. Additionally, \$4,641,024 interfund payables for the non-major funds. These balances resulted from negative cash balances. All interfund balances are expected to be paid within one year.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 7 – INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS (Concl'd)

Interfund transfers:

		Non-Major Governmental		Total
		General Fund	Fund	
Transfer out	General Fund		\$443,886	\$443,886
	Non-Major Governmental	84,180	393,946	478,126
	Total	<u>\$84,180</u>	<u>\$837,832</u>	<u>\$922,012</u>

Interfund transfers were made by the City during the fiscal year to meet project-matching requirements to cover expenditures in the applicable funds. The circumstances that require budget transfers are many. In some cases, the responsibility for implementing a program is changed from one department to another. Management continually strives to make the organization more efficient, and budget transfers assist in achieving efficiency.

NOTE 8 - CONTINGENT LIABILITIES

Federal and State grants and loans

The City has received a number of grants and loans from both the Federal and State governments. Although the programs have been audited, not all audits have been approved as of June 30, 2012. At this point, the City expects to receive all outstanding funds, however there is always the risk that cost will be disallowed or programs not appropriated.

Lawsuits

The City has reached a settlement agreement for litigation in the amount of \$725,000 related to a lawsuit. This settlement agreement will occur in three-installments on the following schedule: 1) \$375,000 on or before 12/31/11; 2) \$200,000 on or before 12/31/12; and 3) \$150,000 on or before 12/1/2013. An interest rate of 3% per annum from 12/31/11 will also accrue until paid. The first payment of \$375,000 was paid per the agreed upon settlement schedule during December 2011.

The City is also a defendant in a number of other lawsuits as of June 30, 2012. It is the opinion of management and City council that the amount of losses resulting from these litigations at June 30, 2012, would not be material to the financial position of the City.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 9 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Individual Deficit Fund Balances - At June 30, 2012, the following individual major and non-major funds reported deficits in fund balance.

	<u>Deficit</u>
Non-Major Funds:	
Public Safety Grants	(\$1,227)
Infrastructure Fund	(370,824)
State Appropriation Capital Projects	(37,844)

The deficits arose because of operations during the year and prior years. Additional revenues received in fiscal year 2012-13 are expected to eliminate the deficits.

NOTE 10 - RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1985, the City was unable to obtain general property, worker's compensation and liability insurance at a cost it considered to be economically justifiable. Therefore, the City joined the New Mexico Self-Insurers' Fund Risk Pool (Pool), together with other cities and towns in the State. The Pool is a public entity risk pool currently operating as a common risk management and insurance program for member cities and towns. The City paid an annual premium of \$1,376,400 into the Pool for its general insurance coverage during the fiscal year. The agreement provides that the Pool will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of the annual aggregate per policy for general liability, property, and workers' compensation claims.

The City carries commercial insurance for all other risks of loss including employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Health and Dental coverage are being provided through a self-insurance program administered by outside carriers (Lovelace & Presbyterian, for medical, Express Scripts for prescriptions, and Delta Dental for dental). The City reports its self-insurance programs in the Internal Service Funds. Amounts are transferred from the General and Utility Funds to the Internal Service Funds to provide sufficient resources to cover claims incurred and to pay the insurance service agent's administrative fee.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 10 - RISK MANAGEMENT (Concl'd)

The following schedules represent the changes in claims liability for the past two fiscal years for the City's Self-Insurance Programs:

Health and Dental Self-Insurance Fund:

	Beginning of Fiscal-Year Liability	Current-Year Claims and Changes in Estimates	Claims Payments	Balance at Fiscal Year- End
2010-11	\$ -	\$5,536,677	\$(4,626,392)	\$910,285
2011-12	910,285	\$5,648,112	(5,726,808)	831,589

NOTE 11 - RETIREMENT PLAN

Plan Description. Substantially all of the City's full-time employees participate in a public employee retirement system authorized under the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). The Public Employees Retirement Association (PERA) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members and beneficiaries. PERA issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to PERA, P.O. Box 2123, Santa Fe, NM 87504-2123. The report is also available on PERA's website at www.pera.state.nm.us.

Funding Policy. Plan members are required to contribute 2.29% and 4.07% (ranges from 3.83% to 16.65% depending upon the plan - i.e., state general, state hazardous duty, state police and adult correctional officers, municipal general, municipal police, municipal fire, municipal detention officer) of their gross salary. The City is required to contribute between 6.86% and 21.25% (ranges from 7.0% to 25.72% depending upon the plan) of the gross covered salary. The contribution requirements of plan members and the City are established in State statute under Chapter 10, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The City's contributions to PERA for the fiscal years ending June 30, 2012, 2011 and 2010 were \$6,564,680, \$5,688,026, and \$5,834,625, respectively, which equal the amount of the required contributions for each fiscal year.

NOTE 12 - POST-EMPLOYMENT BENEFITS

Plan Description. The City contributes to the New Mexico Retiree Health Care Fund, a cost-sharing multiple-employer defined benefit postemployment healthcare plan administered by the New Mexico Retiree Health Care Authority (RHCA). The RHCA provides health care insurance and prescription drug benefits to retired employees of participating New Mexico government

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 12 – POST-EMPLOYMENT BENEFITS (Cont'd)

agencies, their spouses, dependents, and surviving spouses and dependents. The RHCA Board was established by the Retiree Health Care Act (Chapter 10, Article 7C, NMSA 1978). The Board is responsible for establishing and amending benefit provisions of the healthcare plan and is also authorized to designate optional and/or voluntary benefits like dental, vision, supplemental life insurance, and long-term care policies.

Eligible retirees are: 1) retirees who make contributions to the fund for at least five years prior to retirement and whose eligible employer during that period of time made contributions as a participant in the RHCA plan on the person's behalf unless that person retires before the employer's RHCA effective date, in which event the time period required for employee and employer contributions shall become the period of time between the employer's effective date and the date of retirement; 2) retirees defined by the Act who retired prior to July 1, 1990; 3) former legislators who served at least two years; and 4) former governing authority members who served at least four years.

The RHCA issues a publicly available stand-alone financial report that includes financial statements and required supplementary information for the postemployment healthcare plan. That report and further information can be obtained by writing to the Retiree Health Care Authority at 4308 Carlisle NE, Suite 104, Albuquerque, NM 87107.

Funding Policy. The Retiree Health Care Act (Section 10-7C-13 NMSA 1978) authorizes the RHCA Board to establish the monthly premium contributions that retirees are required to pay for healthcare benefits. Each participating retiree pays a monthly premium according to a service based subsidy rate schedule for the medical plus basic life plan plus an additional participation fee of five dollars if the eligible participant retired prior to the employer's RHCA effective date or is a former legislator or former governing authority member. Former legislators and governing authority members are required to pay 100% of the insurance premium to cover their claims and the administrative expenses of the plan. The monthly premium rate schedule can be obtained from the RHCA or viewed on their website at www.nmrhca.state.nm.us.

The Retiree Health Care Act (Section 10-7C-15 NMSA 1978) is the statutory authority that establishes the required contributions of participating employers and their employees. During the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 1.834% of each participating employee's annual salary; each participating employee was required to contribute .917% of their salary. In the fiscal year ending June 30, 2013 the contribution rates for employees and employers will rise as follows:

**CITY OF RIO RANCHO, NEW MEXICO
 NOTES TO FINANCIAL STATEMENTS
 JUNE 30, 2012**

NOTE 12 – POST-EMPLOYMENT BENEFITS (Concl'd)

(1)

For employees who are not members of an enhanced retirement plan the contribution rates will be:

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY13	2.000%	1.000%

(2)

For employees who are members of an enhanced retirement plan (state police and adult correctional officer coverage plan 1; municipal police member coverage plans 3, 4 and 5; municipal fire member coverage plan 3, 4 and 5; municipal detention officer member coverage plan 1; and members pursuant to the Judicial Retirement Act [10-12B-1 NMSA 1978]), during the fiscal year ended June 30, 2012, the statute required each participating employer to contribute 2.292% of each participating employee's annual salary, and each participating employee was required to contribute 1.146% of their salary. In the fiscal year ending June 30, 2013 the contribution rates for both employees and employers will rise as follows:

<u>Fiscal Year</u>	<u>Employer Contribution Rate</u>	<u>Employee Contribution Rate</u>
FY13	2.500%	1.250%

Also, employers joining the program after January 1, 1998, are required to make a surplus amount contribution to the RHCA based on one of two formulas at agreed-upon intervals. The RHCA plan is financed on a pay-as-you-go basis. The employer, employee and retiree contributions are required to be remitted to the RHCA on a monthly basis. The statutory requirements for the contributions can be changed by the New Mexico State Legislature.

The City's contributions to the RHCA for the years ended June 30, 2012, 2011 and 2010 were \$804,072, \$327,286 and \$345,389, respectively, which equal the required contributions for each year.

CITY OF RIO RANCHO, NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2012

NOTE 13 – FUND BALANCE

Fund balances are reported in classifications comprising a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. During 2011, the City implemented the provisions of GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. Accordingly, the accompanying financial statements report the following categories of Fund Balance: Nonspendable, Restricted, Committed, Assigned, and Unassigned.

Nonspendable fund balance includes amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. Nonspendable fund balance includes advances between funds, long term receivables, and land held for resale because these items are not yet spendable.

Restricted fund balance is constrained to specific purposes externally imposed by creditors (such as through debt covenants), grantor and contributors, or laws, or regulations of other governments, or through constitutional provisions, or by enabling legislation. Restricted fund balances are associated with various purposes, including public safety, culture and recreation, capital projects, and debt service.

Committed fund balance includes amounts that can only be used for specific purposes, pursuant to constraints imposed by formal action of the government's highest level of decision making authority. Funds cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action employed to previously commit those amounts. The government's highest authority, the Governing Body, has the authority to establish, modify or rescind a fund balance commitment specifically items that have been contractually obligated by resolution.

Assigned fund balance includes amounts in the assigned fund balance classification that are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts represent intended uses established by policies of the Governing Body by resolution, which includes giving the City Manager that authority to constrain monies for intended purposes. These include miscellaneous capital projects, debt service, and general government.

Unassigned fund balance includes amounts that represent fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General fund. In other governmental funds, it may be necessary to report a negative residual balance as unassigned.

A summary of the nature and purpose of balances with reserves by fund type at June 30, 2012 are as follows:

CITY OF RIO RANCHO, NEW MEXICO

NOTE 14 – ACCOUNTING RESTATEMENT

The July 1, 2011, beginning net assets of the governmental activities on the government-wide financial statements and the Infrastructure Fund in the fund financials do not agree with the prior year financial statements due to an understatement of intergovernmental federal sources; balances were corrected in fiscal year 2012. As a result of the restatement, the June 30, 2012 fund balance in the Infrastructure Fund was increased by \$1,474,116.

The July 1, 2011, beginning net assets of the business-type activities on the government-wide financial statements and the Utilities Fund and in the fund financials do not agree with the prior year financial statements due to a correction of an error for the additions of contributed water and wastewater infrastructure. The result of the restatement on net assets was \$2,971,941 less accumulated depreciation of \$26,121 for a net increase of \$2,945,820 in beginning net assets.

NON-MAJOR GOVERNMENTAL FUNDS

(This page intentionally left blank)

NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS:

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Donations Fund - To account for funds donated to the City of Rio Rancho. Expenditures from this fund will be used for the purposes specified by the donor. (Provided for by City Budget Resolution.)

Recreation Activities Fund – To account for revenues received for recreation fees and vending machines placed in City facilities. Expenditures may be used for programs and activities, such as, classes and softball programs and various community projects. (Provided for by City Budget Resolution.)

Recreation Fund – To account for revenues collected from taxes on cigarettes sold within City boundaries pursuant to the Cigarette Tax Act, NMSA 7-12-1 and 7-12-15. Expenditures from this fund may be used for recreational facilities and salaries of employees necessary for the operation of such facilities.

Keep Rio Rancho Beautiful Grant Fund – To account for New Mexico Clean & Beautiful Litter Control & Beautification grant funds. Expenditures may be used for equipment, landscaping, program promotion, recycling, education, and anti-graffiti programs. (Pursuant to NMSA, Section 67-16-1 to 67-16-14.)

Community Response Program Fund – To account for Community Emergency Response Team federal grant funds. Expenditures from this fund may be used to find, train, equip and maintain citizen volunteer teams to respond to and support emergency operations. (Pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended 42 U.S.C. 5121 et seq.)

Workers Compensation Fund – To account for revenues from other funds for the purpose of self funding workers compensation insurance administered by the New Mexico Self Insurance Fund. (Provided for by City Budget Resolution)

Senior Services Fund – To account for funds donated to the City of Rio Rancho. Expenditures from this fund will be used for the purpose specified by the donor. (Provided for by City Budget Resolution.)

Library Fund – To account for grants, gifts, donations, devises or bequests made to the City, pursuant to NMSA 3-18-4, for the purpose of establishing, increasing or improving the library.

Promotion and Marketing Fund – To account for promotional activities. Expenditures from this fund may be used for special events; promoting convention, exposition or entertainment facilities; or advertising and marketing facilities. (Provided for by City Budget Resolution.)

Rio Rancho Convention & Visitors Bureau Fund – To account for revenues collected from occupancy taxes (3%) levied within City boundaries pursuant to NMSA 3-38-15. Expenditures from this fund may be used for acquiring, constructing, improving, establishing, and operating convention, exposition or entertainment facilities; acquiring or obtaining an interest in such facilities; or advertising, publicizing, and promoting such facilities.

NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS (Cont'd)

Rio Vision Cable Fund - To account for cable franchise fees (2%) received to operate and promote a public access television channel. (Provided for by City Budget Resolution.)

Local Government Corrections Fund – To account for revenues collected from the assessment for correction fees and court costs, pursuant to NMSA 35-14-11. Expenditures from this fund may be used for municipal jailer or juvenile detention officer training; for planning, construction, operating and maintaining a municipal jail for juveniles in a detention facility; or for complying with match or contribution requirements for the receipt of Federal funds relating to jailing or juvenile detention facilities.

Law Enforcement Fund – To account for State revenues received pursuant to the Law Enforcement Corrections Act, NMSA 29-13-3. Expenditures from this fund may be used for the repair and purchase of law enforcement apparatus and equipment, expenditures associated with advanced law enforcement planning and training, and complying with match or contribution requirements for receipt of Federal funds, and salaries for law enforcement personnel under certain conditions.

DPS Enforcement Aid Fund – To account for revenue generated from asset forfeitures obtained through narcotics investigations. These revenues can be utilized for officer overtime, police equipment, undercover vehicles, purchase of evidence, training and other narcotic investigation related expenses. (Pursuant to the Attorney General's Guidelines on Seized and Forfeited Property, July 1990.)

Traffic Education and Enforcement Aid Fund – To account for revenues received from the New Mexico Traffic Bureau for DWI checkpoint enforcement and safety belt enforcement. (Pursuant to NMSA 66-7-501 to 511)

NM Gang Task Force Fund – To account for revenue received from the U.S. Department of Justice, Justice Assistance Grant (JAG), the American Recovery and Reinvestment Act (ARRA), contributions and conference revenue to provide training for police agencies throughout the state. (Pursuant to the Omnibus Crime Control and Safe Streets Act of 1968 and the American Recovery and Reinvestment Act of 2009, Public Law 111-5, (the "Recovery Act"))

Fire Protection Fund – To account for State revenues received pursuant to the Fire Protection Fund Law, NMSA 59A-53-1-19. Expenditures from this fund may be used for the purchase, construction, operating, and maintenance of fire stations, except for the station's water supply system; fire apparatus and equipment; the payment of insurance premiums on the above; and for insurance premiums for injuries or death of firefighters.

Emergency Medical Services (EMS) Fund – To account for State revenues received to the Emergency Medical Services Fund Act, 24-10A-1-10. Expenditures from this fund may be used for the establishment of emergency medical services; to acquire emergency medical services vehicles, equipment and supplies; and for training and licensing of local emergency management services personnel.

NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS (Cont'd)

DWI Program Fund – To account for State revenues received pursuant to NMSA 7-1-6.1. Expenditures from this fund may be used for only alcohol treatment and rehabilitation services for street inebriates.

Summer Lunch Program Fund – To account for the US Department of Agriculture's Summer Food Service Program (SFSP) administered through the Children Youth and Families Department of the State of New Mexico. The New Mexico SFSP is the single largest federal resource available for local organizations that want to combine a lunch program with a summer activity program for children. The SFSP provides free, nutritious meals and snacks to help children in low-income areas get the nutrition throughout the summer months when they are out of school. (Richard B. Russell National School Lunch Act, Section 9, 13, and 14, as amended, 42 U.S.C. 1758, 1761 and 1762a)

Recovery ARRA EECBG Fund – To account for the U.S. Department of Energy's Energy Efficiency and Conservation Block Grant (EECBG) under the 2009 American Recovery and Reinvestment Act (ARRA) to be used to develop and implement a City Energy & Sustainability Plan, develop a Comprehensive Bicycle/Pedestrian Transportation Master Plan, to purchase and install equipment for Server Virtualization, and Consolidation, to provide building inspection training, to do building lighting retrofits and to put a cool roof on the Santa Ana Star Center.

Public Safety Grants Fund – To account for the following state intergovernmental and federal grants: Operation DWI, Operation Buckle Down, Community DWI, Selective Traffic Enforcement Project (STEP), NM Gang Task Force (NMGTF) (Pursuant to Traffic Safety Act, NMSA 1978 Sections 66-7-501 to 511, as amended and the Anti-Drug Abuse Act 1998, PL 100-690, Title VI, Subtitle C.), and Enhanced 911 Grant (Pursuant to NMSA 1978 Section 63-9D-1).

Environmental Gross Receipts Tax Fund – To account for municipal gross receipts tax revenues received to be used for the acquisition, construction, operation, and maintenance of solid waste facilities, water facilities, sewer systems, and related facilities. (Pursuant to NMSA, 1978 section 7-19D-17.)

Higher Education Gross Receipts Tax Fund – To account for municipal gross receipts tax revenues received to be used for the acquisition, construction, renovation or improvement of facilities of a four-year post-secondary public education institution located in the municipality and acquisition of or improvements to land for those facilities or payment of municipal higher education facilities gross receipts tax revenue bonds issued. (Pursuant to Chapter 3, Article 31 NMSA 1978)

Municipal Road Fund – To account for revenues received from the levy of a tax per gallon of gasoline purchased within City boundaries, pursuant to the County and Municipal Gasoline Tax Act, NMSA 7-1-6.9. Expenditures from this fund may be used for the construction of a street, ally, curb, gutter or sidewalk projects.

NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS

SPECIAL REVENUE FUNDS (Concl'd)

Recreation Development Fund – To account for revenues received for the construction of park facilities. This fund is also used to account for transfers from the General Fund, grants and donations for the development and construction of park facilities. (Provided for by City Budget Resolution.)

HUD – CDBG Fund – To account for CDBG grant funds received to prepare an action plan to address issues of low to moderate-income residents. (Title I, Housing & Comm. Dev. Act, PL 92-383.)

Crime Victims Assistance Fund – To account for Federal funds used towards the advocacy for victims of all crimes. (Pursuant to the Victims of Crime Act of 1984.)

DEBT SERVICE FUNDS:

General Obligation Bonds Fund – To account for the debt service of Library Series 2004, Aquatics Series 2006, and Roads Series 2009.

Gross Receipts Tax Revenue Bonds Series 2005 Fund – To account for the debt service of the New Mexico Gross Receipts Tax Revenue Bonds, Series 2005.

Gross Receipts Tax Refund Loan Fund – To account for the debt service resulting from Gross Receipts Tax Refund Loan, Series 2010.

HP Loan Fund – To account for the debt service resulting from Gross Receipts Tax Revenue Loan, Series 2009.

HS Loan Fund – To account for the debt service resulting from Gross Receipts Tax Revenue Loan, Series 2009.

CAPITAL PROJECT FUNDS:

Capital Projects Fund – To account for City facility construction and building improvements from General Fund transfers and intergovernmental grants.

HP Infrastructure Fund – To account for Central Business District infrastructure improvement projects including water, wastewater and roads within the governmental unit.

HS Infrastructure Fund – To account for infrastructure for the completion of the extension of Paseo del Volcan and the completion of the infrastructure pertaining to the new Rio Rancho High School within the governmental unit.

Infrastructure Fund – To account for capital (primarily infrastructure) acquisition, construction and repair from General Fund transfers and intergovernmental grants.

NON-MAJOR GOVERNMENTAL FUND DESCRIPTIONS

CAPITAL PROJECT FUNDS (Concl'd)

ARRA Stimulus Roads Fund – To account for revenues received from American Recovery and Reinvestment Act (ARRA) of 2009 agreement with the New Mexico Department of Transportation (NMDOT) to construct Paseo del Volcan Phase II from Iris to US Highway 550.

State Appropriation Capital Projects Fund – To account for state appropriation capital expenditures approved by the State of New Mexico.

Bond Construction 2004 Library Fund – To account for proceeds received for construction of Loma Colorado site Library.

Bond Construction 2006 Aquatics Fund – To account for proceeds received for construction of an Aquatic Center.

Bond Construction 2009 Roads Fund – To account for proceeds received for construction various road projects.

Road Impact Fees Fund – To account for impact fees under Sections 5-8-1 through 5-8-42 NMSA 1978 (The Development Fees Act) for the purpose of providing new or enlarged roads, equipment and capital improvements which substantially benefit those developments which pay the impact fees.

Trails Impact Fees Fund – To account for impact fees under Sections 5-8-1 through 5-8-42 NMSA 1978 (The Development Fees Act) for the purpose of providing new or enlarged bikeways, capital improvements, trails, and equipment which substantially benefit those developments which pay the impact fees.

Parks Impact Fees Fund – To account for impact fees under Sections 5-8-1 through 5-8-42 NMSA 1978 (The Development Fees Act) for the purpose of providing new or enlarged parks, equipment and capital improvements, which substantially benefit those developments which pay the impact fees.

Public Safety Impact Fees Fund – To account for impact fees under Sections 5-8-1 through 5-8-42 NMSA 1978 (The Development Fees Act) for the purpose of providing public safety, capital improvements and equipment.

Drainage Impact Fees Fund – To account for impact fees under Sections 5-8-1 through 5-8-42 NMSA 1978 (The Development Fees Act) for the purpose of providing a conveyance system adequate to accommodate the design storm from the farthest upstream property or City boundary to the receiving waters of the Rio Grande river.

STATISTICAL SECTION

(This page intentionally left blank)

STATISTICAL SECTION

This part of the City of Rio Rancho's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

<u>TABLE OF CONTENTS</u>	<u>Page</u>
FINANCIAL TRENDS	215
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
REVENUE CAPACITY	222
These schedules contain information to help the reader assess the factors affecting the City's ability to generate its property and sales taxes.	
DEBT CAPACITY	227
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
DEMOGRAPHIC AND ECONOMIC INFORMATION	232
These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.	
OPERATING INFORMATION	236
These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented Statement 34 in fiscal year 2003; schedules presenting government-wide information include information beginning in that year.

City of Rio Rancho, New Mexico
Computation of Direct and Overlapping Debt
As of June 30, 2011

Schedule 12

<u>Governmental Unit</u>	<u>Debt Outstanding</u>	<u>Estimated Applicable Percentage (A)</u>	<u>Estimated Share Applicable to City</u>
Debt repaid with property taxes			
State of New Mexico	\$ 296,890,000	3.91%	\$ 11,608,399
Sandoval County	19,160,000	64.06%	12,273,895
Central NM Community College	66,935,000	12.52%	8,380,262
SSCAFCA	29,630,000	82.18%	24,349,934
Rio Rancho School District	129,580,000	95.95%	124,332,010
Subtotal, overlapping debt			180,944,500
City direct debt			<u>58,197,130</u>
Total direct & overlapping debt			<u>\$ 239,141,630</u>

Source: Sandoval County Assessor's Office

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Rio Rancho. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(A) - The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.

Schedule 19
(Concl'd)

Note: The City chose to use the prospective method of reporting for this schedule as the data was not tracked prior to GASB 44 implementation.

- I. The City established a baseline for restatement of capital asset statistics for fiscal year ending June 30, 2010. Baseline figures were primarily obtained from the City's Geographic Information System (GIS). Amended the number of developed parkland, water line, sewer line, and street for fiscal year years 2010 to present in fiscal year 2012 CAFR for previous incorrect figures.
- (A) Amended the linear feet of constructed trailways for fiscal year 2006 to correctly state the starting point.
- (B) The City chose to no longer track the water storage capacity beginning in fiscal year 2008, however began tracking again in fiscal year 2010.
- (C) The City chose to begin tracking the average daily water consumption beginning in fiscal year 2007.
- (D) Amended the wastewater treatment capacity beginning with fiscal year 2006 to be an average daily treatment capacity in thousands of gallons.
- (E) Police and Fire no longer under the same department. Substation numbers for police reported to Finance in error. Restatement of substations for police for fiscal year 2008.
- (F) Utility department began tracking new connections. Addition of data for fiscal year 2007 and 2008.
- (G) Utility department began tracking water main breaks. Addition of data for fiscal year 2007 and 2008.
- (H) Amended the number of patrol units to correctly state the baseline point beginning FY2010. Law Enforcement Units include Marked, Unmarked, Administrative, Pool, and Special Use vehicles.
- (I) Amended the centerline miles of paved roadway for fiscal year 2010 to correctly state the baseline point. Previous year's reporting was presumably based on a lane mile unit of measure.
- (J) Public Works department discontinued tracking sidewalks beginning in fiscal year 2010. Sidewalks are considered part of the roadway/street infrastructure.
- (K) On Dec. 16, 2009, the Rio Rancho City Council adopted a Resolution No. 134, ENACT 09-134 to transfer the city's Rio Transit Program to the Mid-Region Council of Governments and their Rio Metro Regional Transit District, effective Jan. 1, 2010.
- (L) Public Works department began tracking number of booster stations beginning in fiscal year 2010.
- (M) Public Works department began tracking number of wells beginning in fiscal year 2010.
- (N) Public Works department began tracking number of water storage tanks beginning in fiscal year 2010.
- (O) Public Works department began tracking number of arsenic treatment facilities beginning in fiscal year 2010.
- (P) Public Works department began tracking number of wastewater treatment plants beginning in fiscal year 2010.
- (Q) Public Works department began tracking number of lift stations beginning in fiscal year 2010.
- (R) Amended the number of developed parkland for fiscal year 2010 to correctly state the baseline point. Amended the number of developed parkland for fiscal year years 2010 to present in fiscal year 2012 CAFR for previous incorrect figures.

SINGLE AUDIT SECTION

(This page intentionally left blank)

**Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

Honorable Mayor and Members of the City Council
and Citizens of the City of Rio Rancho
City of Rio Rancho, New Mexico

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information, the budgetary comparisons of the general fund, the combining and individual funds, fiduciary funds and related budgetary comparisons presented as supplementary information of the City of Rio Rancho (the City) as of and for the year ended June 30, 2012, and have issued our report thereon dated November 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

Management of the City is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the City's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses and, therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs and responses as findings 2012-01 and 2012-02 to be material weaknesses in internal control over financial reporting.

A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs and responses as findings 2012-03 and 2012-04 to be significant deficiencies.

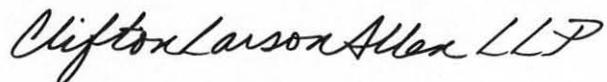

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted no other matters that are required to be reported pursuant to *Government Auditing Standards* paragraphs 5.14 and 5.16, and pursuant to Section 12-6-5.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, others within the City, the City Council, the Office of the State Auditor, the New Mexico Legislature and other federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditor's Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133

Honorable Mayor and Members of the City Council
and Citizens of the City of Rio Rancho
City of Rio Rancho, New Mexico

Compliance

We have audited the compliance of the City of Rio Rancho (the City) with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the City's management. Our responsibility is to express an opinion on the City's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the City's compliance with those requirements.

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2012. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items 2012-02, 2012-03, and 2012-04.

Internal Control over Compliance

The management of the City is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the City's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine our auditing procedures for the purpose of

expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in the City's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified a certain deficiency in internal control over compliance that we consider to be a material weakness and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2012-02 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as items 2012-03 and 2012-04 to be significant deficiencies.

The City's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the City's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, others within the City, the City Council, the Office of the State Auditor, the New Mexico Legislature, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF RIO RANCHO, NEW MEXICO
NOTE TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
JUNE 30, 2012

NOTE 5 – PRIOR YEAR EXPENDITURES

During the current year, the City identified \$1,474,116 of expenditures incurred in prior years that were available in the current year to be funded by federal resources. These expenditures were previously unreimbursed and allowed to be submitted for federal reimbursement in the current year under the Highway Planning and Construction grant (CFDA number 20.205). The U.S. Department of Transportation Federal Highway Administration is the grantor of these funds and the resources passed through the State of New Mexico Department of Transportation to the City. Since these expenditures occurred in prior years they have not been included in the current Schedule of Expenditures of Federal Awards.

SECTION II - FINANCIAL STATEMENT FINDINGS

2012-01 DEVELOPER CONTRIBUTIONS (MATERIAL WEAK-GOVERNMENTAL AUDITING STANDARDS)

STATEMENT OF CONDITION

During testwork over capital assets, there were a number of instances where insufficient information was provided by the responsible internal department to the City's Finance department in order for an accurate value to be reported for developer contributions in the year under audit. Also, in two instances, project close-out information was not provided by the responsible internal department to the City's Finance department in a timely manner, leading to a necessary restatement of the City's fiscal year 2011 Comprehensive Annual Financial Report.

CRITERIA

Internal controls for capital assets should require developer contributions recorded in the City's system to be properly valued and supported in the correct reporting period.

CAUSE

The City does not have a clear and comprehensive set of written policies and procedures in place that would aid in the identification and accurate recognition and valuation of developer contributions, nor does it have specific written policies in place that require the timely gathering and reporting of this financial information.

EFFECT

In fiscal year 2011, the City's revenue and capital assets were understated by approximately \$5 million and in fiscal year 2012, revenue and capital assets were understated by approximately \$620,000, requiring an audit adjustment to properly reflect this amount.

RECOMMENDATION

We recommend the City develop and implement internal written policies & procedures relating to developer contributions to ensure timely and accurate financial reporting.

AGENCY RESPONSE

The City does have a Fixed Asset Policy setting out the requirements for developers contributing assets to the City. However, in order to more clearly set out the inter-departmental requirements, the City has developed a standard form for reporting the quantities and values of developer contributions and is in the process of writing accompanying instructions for internal departments responsible for gathering and reporting of this financial information. The instructions will include the requirement of

AGENCY RESPONSE (Concl'd)

timely reporting within a reasonable time after acceptance of contributions. Also, the Capital Asset Policy will be amended to include the above referenced requirements. The employees responsible for implementing the said changes are Donald Martinez, Senior Financial Analyst, Marta Ortiz, Accounting Division Manager, Olivia Padilla-Jackson, Director of Financial Services, Debbie Cook, Engineering Supervisor, and John Castillo, Director of Development Services.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

2012-02 FEDERAL REVENUE RESTATEMENT – (MATERIAL WEAKNESS – GOVERNMENT AUDITING STANDARDS AND OMB FINDING)

NO QUESTIONED COSTS RELATED TO ANY FEDERAL PROGRAMS

CFDA 20.205

STATEMENT OF CONDITION

During our review of federal revenues and expenditures, we noted the City had identified errors in the amount of federal expenditures reported in prior years. In prior years, the City had been lacking an adequate process to reconcile federal revenue received and federal expenditures, impacting 4 out of the last 5 years of the federal program.

Due to the fact that the City put a review process into place, the City identified errors in the amounts that had previously been reported on the Schedule of Expenditures of Federal Awards, resulting in the need to restate beginning fund balance in the fund-level financial statements and beginning net assets in the government-wide financial statements. The amount of the restatement was approximately \$1.5 million.

CRITERIA

In accordance with Generally Accepted Accounting Principles, the matching principle should be applied to properly match revenues with expenses each fiscal year. Also, Section 2.2.2.8 J of the New Mexico State Audit Rules requires sound accounting practices be followed, which includes maintaining adequate financial records to support the financial statements.

CAUSE

The lack of a review process over the federal revenue schedule in prior years was the root cause of this condition. Also, a previous lack of adequate internal communication between those departments responsible for compiling the supporting documentation for Federal revenues and expenditures and those in the finance department contributed to this condition.

EFFECT

Federal revenues and expenditures were misstated in the fiscal years ended June 30, 2008; June 30, 2009; June 30, 2010; and June 30, 2011. These misstatements resulted in the need to restate the beginning fund balance in the fund-level financial statements and beginning net assets in the government-wide financial statements at June 30, 2012.

YEAR ENDED JUNE 30, 2012**

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Cont'd)

RECOMMENDATIONS

We recommend the City continue to carry out the process it implemented whereby the Federal revenue schedule is reconciled to the general ledger on a monthly basis to ensure revenues and expenditures are being matched in the proper period. Further, we recommend that sufficient, appropriate communication continues to take place among all parties responsible for the gathering and reporting of information as it relates to federal revenues and expenditures.

AGENCY RESPONSE

As noted above, the City put into place a process last year to address previous year findings related to the Federal revenue schedule being reconciled to the general ledger on a monthly basis to ensure revenues and expenditures are being matched in the proper period. As such, the new process helped the City self-identify prior year discrepancies in the beginning fund balance.

The City will continue following these written processes developed to ensure federal revenues and expenditures are being reported in the proper period on a monthly basis. Additionally, the City requests that the auditor review and comment on the adequacy of these procedures.

The employees responsible for implementing the said processes are Kathy Fox, Grants Administrator, Marta Ortiz, Accounting Division Manager, Shonna Ybarra, Purchasing Specialist, Jon Daniels, Purchasing Manager and all Public Works Department project managers that are assigned to monitor Public Works grant related projects.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Cont'd)

2012-03 NON-COMPLIANCE WITH FEDERAL GRANT REQUIREMENTS –
SUBRECIPIENT MONITORING (SIGNIFICANT DEFICIENCY – OMB
FINDING)

CFDA 14.218

STATEMENT OF CONDITION

During Single Audit testing over subrecipient monitoring of the City's Community Development Block Grants, it was discovered that the City's internal controls over compliance with the grant provisions were not operating effectively during the year. The City has a checklist of required documents that all subrecipients are required to provide before the City processes the subrecipient's first pay request. Specifically, seven of these required documents were not provided before the City made its first payment to the subrecipient.

CRITERIA

It is essential for a pass-through entity to maintain strong internal controls over compliance with all Federal grant provisions to mitigate the risk of non-compliance. Specifically, OMB Circular A-133 § __.300(b) requires auditees to maintain internal control over Federal programs that provides reasonable assurance that the auditee is managing Federal awards in compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a material effect on each of its Federal programs.

CAUSE

A lack of secondary review of required documentation prior to awarding grants to subrecipients is the underlying cause of the said condition.

EFFECT

This condition could potentially lead to non-compliance with Federal grant requirements.

RECOMMENDATIONS

We recommend the City develop and implement a review process whereby, prior to awarding subrecipient grants, a separate individual reviews the required documentation that is submitted by the potential subrecipient and determine whether all the required documentation has been received and whether the potential subrecipient is eligible for Federal funds.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Cont'd)

AGENCY RESPONSE

The City has a checklist of required documents that all subrecipients are required to provide before the City processes the subrecipient's first pay request. Diale Fomukong, CDBG Grant Specialist and Marta Ortiz, Accounting Division Manager will ensure that the checklist of required documents is met prior to processing subrecipient's first pay request.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Cont'd)

2012-04 NON-COMPLIANCE WITH FEDERAL GRANT REQUIREMENTS – LEVEL OF EFFORT (SIGNIFICANT DEFICIENCY– OMB FINDING)

CFDA: 20.608

STATEMENT OF CONDITION

During single audit compliance testwork, we noted that the City was out of compliance with the level of effort requirements of this grant. This pass-through grant, grant number 12-AL-64-081, which related to Operation DWI initiatives, required the recipient to meet specific level of effort requirements. The grant stipulated that the recipient must carry out a certain number of DWI checkpoints and saturation patrols during the grant year. We noted that only 41 saturation patrols were carried out during FY12, whereas the grant agreement required that 43 be carried out.

CRITERIA

In order for the recipient to be in compliance with the requirements of these grant agreements, it must comply with level of effort specifications delineated by the grantor. Specifically, OMB Circular A-133 §__.300(c) requires auditees to comply with laws, regulations, and the provisions of contracts or grant agreements related to each of its Federal programs.

CAUSE

A lack of adequate monitoring of the required compliance measures pertaining to level of effort was the underlying cause of the said condition.

EFFECT

This condition led to non-compliance with level of effort Federal grant requirements.

RECOMMENDATIONS

We recommend the City carefully review all the compliance requirements of the grants which it receives and ensure that those who are responsible for administering the programs funded by the grant are aware of any and all of the grants' compliance requirements.

**CITY OF RIO RANCHO, NEW MEXICO
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2012**

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Concl'd)

AGENCY RESPONSE

The City was unable to schedule one hundred percent of the required events within the “Super-Blitz, Mini-Blitz” time periods because the City did not receive the grant agreement from the State until January 2012 even though the period of the grant was to be October 1, 2011 through September 30, 2012. All funding was utilized on 9 check points and 41 saturation patrol activities. The City will continue to make every effort to fulfill grant agreement requirements and amend the requirements when they cannot be achieved for reasons within and out of the City’s control.

Employees responsible for ensuring that all requirements of the grant are met will include Rich Misbach, Captain of the Police Department, Kathy Fox, Grants Administrator, Marta Ortiz, Accounting Division Manager and other Department staff, depending on the grant.
