II.3 TRANSPORTATION

II.4 WATER AND WASTEWATER INFRASTRUCTURE DESIGN

II.5 PARKS & TRAILS DESIGN

II.6 SURVEYS AND PERMANENT MONUMENTATION

II.7 SUBMITTAL REQUIREMENTS
II. INTRODUCTION

The City of Rio Rancho’s Development Manual is comprised of two separate, but related, volumes. Volume I – Process contains development-related policies and procedures routinely used by the City of Rio Rancho. Development Manual Volume II – Design Criteria provides design standards and criteria for the physical development of the City of Rio Rancho. Together, these procedures and design criteria provide for the orderly development of the community, assuring the public health, safety, and general welfare.

For the purpose of monitoring, evaluating and revising both Volumes of the Development Manual, an interdisciplinary team of city and community individuals shall convene on, at a minimum, a quarterly basis to consider revisions to improve and refine either Volume. Thereby assuring a continued effort to seek improvement in their usefulness, accuracy and effectiveness. The Executive Review Committee shall consist of nine (9) members; five (5) City department representatives and four (4) community group representatives.
