Vision

“Leading the way as the best City in the Southwest.”

Mission Statement

“Building our Future by Optimizing Opportunities through Operational Excellence.”

Core Values

- **Cooperation**: We believe in open lines of communication and partnerships that link common goals for the greater good of our community.

- **Respect**: We believe in different points of view and accountability to each other.

- **Stewardship**: We value our resources and are adaptable for the betterment of those that live, work, and play within the City of Rio Rancho.

Key Result Areas Accompanied by Goals & Objectives

**ECONOMIC VIABILITY**

(*City Manager’s Office, Development Services, Financial Services, Library, Public Works, and Utilities*)

Goal: A diverse and robust local economy that is stable and facilitates community prosperity.

Objectives:

- Grow the tax base by recruiting and retaining and/or expanding large and small retail businesses.
  - Within the next year, complete a review and brief the Governing Body regarding all existing economic development incentives/policies and develop modifications/enhancements for Governing Body consideration.
  - Within the next year, develop a plan to utilize resources that create small business resource and information centers.
  - On an ongoing basis, utilize completed and updated Retail Study that provides data assistance with attracting retailers to the community, with efforts overseen by the City’s Economic Development and Business Relations Manager.

- Pursue economic base job creators and review associated communication/marketing of the community.
  - On an ongoing basis, assess current methods and approaches and implement modifications where determined to be beneficial.
  - On a quarterly basis, have the Sandoval Economic Alliance (SEA) attend a Governing Body meeting to provide updates under the City Manager’s Report.
• Make strategic and targeted public infrastructure improvements.
  o Within the next year, identify areas in the City that have high development potential with public infrastructure deficiencies. This information and potential project funding/capital program placement can be taken into consideration as part of the annual budget development and adoption process.
  o On an ongoing basis, continue to prioritize public infrastructure improvements, as available funding allows, on already identified key development areas such as Unser Gateway, City Center, Enchanted Hills, Southern Blvd., and along N.M. 528.

• Explore all options to diversify revenue sources in order to provide financial stability for public services.
  o Within the next year, analyze and assess all department grant seeking activities and develop recommendations to streamline and enhance success rate.
  o Within the next year and ongoing, brief the Governing Body on issues impacting City revenue sources, the ramifications and alternatives to address.

• Ensure land use regulations and policies are conducive to Rio Rancho being a desirable place to live and operate a business.
  o Within the next year, initiate update to the Comprehensive Plan that establishes the policy for the physical development of the City.
  o On an ongoing basis, audit, streamline and make recommended changes where applicable to land use plans (e.g., Specific Area Plans, Overlay Zones).

SAFETY
(City Manager’s Office, Police, and Fire & Rescue)

Goal: Ensure that public safety levels are maintained and that safety awareness is fostered.
Objectives:

• Public Outreach and Partnerships.
  o Annually conduct regular special events and proactively create opportunities for community members to interact with public safety personnel in conjunction with the City’s overall public outreach efforts.
  o Annually work with different community groups to conduct awareness, intervention and training related to public safety.
  o Annually meet with neighboring governmental entities and other organizations to evaluate existing partnerships, and the potential for new opportunities in order to improve upon public safety efforts and resources.
  o On an ongoing basis, review and update as determined necessary and/or beneficial public safety plans in order to achieve enhanced public safety.

• Establish a recurring bond cycle in order to invest in public safety equipment, vehicles and facility needs that are beyond the City’s existing resource capabilities.
  o Brief and seek Governing Body approval summer/fall 2017 to place a G.O. Bond question on the March 2018 ballot. As follow-up to ballot placement, provide public information about projects that would be funded by 2018 G.O. Bond. Repeat this process/ballot placement every two years.
• Enforcement of Codes.
  o Within the next year, develop and implement a new, coordinated and proactive approach for the City’s Code Enforcement Division to help remediate problem properties and deteriorating neighborhoods.

• Annual Reporting.
  o Annually prepare reports related to crime statistics and different response times (e.g., emergency medical response, criminal activity), and proactively discuss and explain the results within the community.

INFRASTRUCTURE
(\textit{Public Works and Utilities})

Goal: Efficient, maintained and planned public infrastructure to meet current and future needs.

Objectives:
• Complete annual assessment of all roads and water/wastewater infrastructure, create a prioritized list of required improvements and safety enhancements, and take action with available resources.
  o Annually crack patch and seal a minimum of 22 lane miles of paved roads.
  o Annually replace a minimum of 500 residential water service lines.
  o On an ongoing basis, explore and seek opportunities to increase available resources that allows for maintenance work to be at optimal levels.

• Water and Sewer.
  o On an ongoing basis, work to implement the City’s water management plan and its different aspects (e.g., conservation, water rights acquisition and reuse).

• Leverage Resources.
  o On an ongoing basis, initiate contact with other entities to compare approaches and explore sharing resources (e.g., equipment) to increase output and maximize efficiencies.

• Traffic Improvements.
  o Within the next year, develop a prioritized list of traffic improvement-related projects for inclusion in the City’s Infrastructure and Capital Improvement Plan, and then seek funding on an ongoing basis to implement.

• Continue a recurring bond cycle to address roadway needs that are beyond the City’s existing resource capabilities.
  o Brief and seek Governing Body approval summer/fall 2017 to place a G.O. Bond question on the March 2018 ballot. As follow-up to ballot placement, provide public information about projects funded by past G.O Bond and what would be funded by 2018 G.O. Bond. Repeat this process/ballot placement every two years.

• Customer Service.
  o On an ongoing and consistent basis, address citizen infrastructure-related concerns in a timely and empathetic manner.
QUALITY OF LIFE
(City Manager’s Office, Parks Recreation & Community Services, Library, Public Works, Convention and Visitors Bureau, and Development Services)

Goal: Creating opportunities to improve one’s wellbeing, environment, and make connections with their community.

Objectives:
- On an ongoing basis, evaluate existing community special events and explore changes and additions to what is offered.
- Encourage and provide opportunities for life-long learning and healthy lifestyle for all ages.
  - On an ongoing basis, review existing program demands and cultural trends and adjust where applicable and advised.
- Within the next year, develop plans and identify funding sources in order to create a signature outdoor community gathering space in the City Center area.
- Within the next year, identify the future location of a second senior center and options for this new facility to also provide library and recreation services/programs (i.e., multi-generational center), and begin to explore design and funding needs (one-time and recurring).
- On an ongoing basis, develop and implement strategies to expand the volunteer tree steward program.
- On an ongoing basis, develop a plan to increase public outreach in regards to illegal dumping and opportunities to take part in community cleanup activities.
- Within the next year, bring forth a proposal for Governing Body consideration that would promote water conservation via new development landscaping.
- Main Corridor Enhancements.
  - Within the next year, develop a plan for uniform and consistent public right-of-way landscaping.
  - Within the next year, develop recommendations for a right-of-way kiosk/way-finding system.
- Neighborhood Connectivity.
  - On an ongoing basis, explore opportunities and programs for neighborhoods to connect with local government and each other.
- Trails.
  - On an ongoing basis, explore funding options to begin phased implementation of trail system enhancements.
• Land Use.
  o On an ongoing basis, ensure land use efforts are coordinated and reflect open space and other amenity needs.

ORGANIZATIONAL VITALITY
(City Manager’s Office, Financial Services, Human Resources, and Information Technology)

Goal: Highly motivated and performing City employees delivering programs and services that are relevant and provide value to the public as well as promoting engaged citizens.

Objectives:
• Citizen Input.
  o Conduct regular statistically valid surveys to obtain citizen input in order to guide decision-making as well as to gauge performance.

• Technology Enhancements.
  o Utilize information from forthcoming Technology Assessment Study in relation to all City services/programs in order to bring about enhancements and efficiencies.

• On an ongoing basis, utilize priority-based budgeting philosophies, and strive for associated consistent priority-setting via the Governing Body.

• Community 101 Program for enhanced citizen engagement/awareness with its local government.
  o Develop curriculum within the next year. Seek funding as part of the Fiscal Year 2019 Budget process. Initiate program fall 2018.

• Professional Development.
  o On an ongoing basis, continue to review and implement, where applicable, a variety of approaches that provide for training and career advancement opportunities for staff.

• Data-Driven Decision Making.
  o Incorporate into all briefing documents presented to the Governing Body and applicable internal staff documents, a specific section outlining the data associated with any recommendation as well as its connection to the Strategic Plan, if appropriate.

• Rebranding.
  o Within the next year, explore methods and associated costs related to a City rebranding effort (i.e., slogan, logos, etc.).

-END-
APPENDIX

Background
A Strategic Plan is an agreed upon set of priorities that helps guide decision-making. It is a catalyst for allocating limited resources for stated goals, and is one of the most important documents for any organization.

Development
The last City Strategic Plan adopted by the Rio Rancho Governing Body covered the years of 2009-2014.

In spring 2016, as part of the annual budget adoption process, the Governing Body gave direction that a priority for 2017 would be updating Rio Rancho’s Strategic Plan.

Efforts to create a Strategic Plan spanning 2017-2022 formally began in early 2017. The process involved utilizing a consultant that specializes in government strategic plan facilitation and development. Ten City staff members from various departments were appointed by the City Manager to serve on a team designated to work with the consultant to develop an updated plan.

The plan was developed using input received from Governing Body members, citizens via social media/City website and two public meetings held in March 2017, and City staff.

Follow-up
Upon adoption of the Strategic Plan update, City staff efforts will shift towards implementing the plan’s goals and objectives. In conjunction with the Mayor of Rio Rancho’s Charter duty to “convene and lead an annual meeting of the Governing Body to discuss and identify the city’s goals and priorities in order to provide guidance for the City Manager and to inform the public,” City staff will provide progress updates to the Governing Body on plan implementation and review/discuss any identified modifications.

Team Members
Anthony Caravella, Director for the Development Services Department
Richard Doty, Deputy Chief for the Fire and Rescue Department
Steve Gallegos, Utilities System Engineer for the Utilities Department
Lt. Joel Holt, Police Department
Koryn Misbach, Community Services Coordinator for the Parks, Recreation and Community Services Department
Mathew O’Grady, Director for the Public Works Department
Santina Reichow, Senior Budget Analyst for the Financial Services Department
Steve Ruger, City Clerk
Lynette Schurdevin, Director for the Library and Information Services Division
Peter Wells, Assistant City Manager

Consultant
Patrick Ibarra, The Mejorando Group

Highlights of Progress Made to Date (August 2018)

- Economic Viability
  - Watercooler Wednesday program implemented and serving as small business resource/information venue
  - Briefing on existing economic development incentives/policies with areas to explore identified
  - Strategic investment in water/sewer public infrastructure identified for Unit 10/Unser Gateway area in order to collaborate with School District, SSCAFCA, and private developer to facilitate a new master-planned community, elementary school, and business park
  - Revenue challenges discussed with a new 1/8th of 1 percent Hold Harmless Gross Receipts Tax adopted with Jan. 1, 2019 effective date
  - Unit 10 Specific Area Plan updates adopted

- Safety
  - Citizen Police Academy launched
  - Public Safety G.O. Bond placed on March 2018 ballot and public information campaign developed and executed – 73% voter approval
  - Code Enforcement Division supervision shifted to Development Services Department

- Infrastructure
  - Year 1 of residential roadway crack patch and seal program completed; reassessment and adjustment in output from 22 miles to 10 miles annually for future years established
  - Phase 5 and Phase 6 of waterline replacement completed
  - Increased collaboration with Sandoval County Public Works Department
  - Public Works and Utilities Departments coordinating efforts related to G.O. Bond projects and Southern Blvd. reconstruction
  - Water/Sewer Rate Study development
  - Road Improvement G.O. Bond placed on March 2018 ballot and public information campaign developed and executed– 78% voter approval
  - Additional water/sewer customer service position funded which has helped reduce customer telephone wait times

- Quality of Life
  - Summer music and movie programs re-evaluated and consolidated
  - Pork & Brew Event operational and customer experience changes implemented
  - Free little library program established at A Park Above
  - Future location of second Senior Center analyzed, discussed and determined (City Center)
  - Modifications to Tree Steward Program made
  - Modifications made to Great American Cleanup program to combat illegal dumping
  - Existing water conservation policies evaluated
• Organizational Vitality
  o Development of RFP specifications for Technology Assessment Study
  o Priority-based budget information presented with FY 19 budget
  o Curriculum development and marketing for Rio Rancho 101 Citizens’ Academy
  o Online training portal for City employees launched
  o City rebranding cost research performed
EXPLANATION OF PERFORMANCE MEASURE INFORMATION

The following performance measures are organized by one of five key result areas and its accompanying goal, and then by an objective. The performance measure name, detailed in gray, immediately follows the objective. In the measure overview section, a brief description details the responsible department, an explanation of why the measure is important, where the data is retrieved, and how the measure is calculated. For measurers with historical data, a bar graph is included detailing fiscal year totals and the metric information. If a performance measure hasn’t been determined yet for an objective, a notation is included, and any new measures will not include any metric information.

PERFORMANCE MEASURES

ECONOMIC VIABILITY

GOAL - A diverse and robust local economy that is stable and facilitates community prosperity.

Objective A. Grow the Tax Base by Recruiting and Retaining and/or Expanding Large and Small Retail Businesses

<table>

Measure Overview

Department: Development Services

Why is this measure important: Identify the responsiveness to citizens and business inquiry.

Where does the data come from: City Source software and self reporting (emails).

How is the measure calculated: Compare date inquiry to when a request is received to when a response or answer is sent.

**Objective B. Pursue Economic Base Job Creators and Review Associated Communication/Marketing of the Community**

**Performance Measure**  
Measure(s) to be Determined.

---

**Objective C. Make Strategic and Targeted Public Infrastructure Improvements**

**Performance Measure**  
Average Gallons of Water Injected into the Aquifer per Day

**Measure Overview**
- **Department**: Utilities
- **Why is this measure important**: Track the gallons of recycled water injected, in order to recharge the aquifers that supply water to the City.
- **Where does the data come from**: The Utilities CMMS program, Maintenance Connection.
- **How is the measure calculated**: Quarterly Maintenance Connection listing the number of gallons injected.
- **FY2018 Gallons Injected**: On average, during FY18 46,783 Gallons of water were injected into the aquifer daily.

---

**Objective D. Explore All Options to Diversity Revenue Sources in Order to Provide Financial Stability of Public Serves**

**Performance Measure**  
Measure(s) to be Determined.
### Objective E. Ensure Land Use Regulations and Policies are Conducive to Rio Rancho being a Desirable Place to Live and Operate a Business

SAFETY
GOAL - Ensure that public safety service levels are maintained and that safety awareness is fostered.

### Objective A. Public Outreach and Partnerships

**Performance Measure**
- Percentage of Emergency Operations Center (EOC) Staff that have Completed the FEMA National Incident Management System (NIMS) Training

**Measure Overview**
- **Department**: Fire/Rescue
- **Why is this measure important**: National standard for NIMS compliance.
- **Where does the data come from**: Tracked through City training documents.
- **How is the measure calculated**: Percentage of FEMA courses completed by EOC staff and reported to Emergency Management division.

**Measure**
- By the end of FY18, only 30% of the EOC Staff had completed the FEMA NIMS Training. The goal is to increase this number to at least 70% by the end of FY19.

**Performance Measure**
The Number of Homeland Security Exercise & Evaluation Program (HSEEP) Compliant Emergency Response Exercises Completed

**Measure Overview**
- **Department**: Fire/Rescue
- **Why is this measure important**: Completing HSEEP compliant exercises are a requirement for a jurisdiction to be eligible for State Homeland Security Funds.
- **Where does the data come from**: Tracked through City exercise documents.
- **How is the measure calculated**: State approved HSEEP compliant exercises are calculated.

**Measure**
- An impressive 4 HSEEP Compliant Emergency Response Exercises were completed during FY18. The target for FY19 is to complete a minimum of 3 HSEEP trainings.

### Objective B. Establish a Recurring Bond Cycle in Order to Invest in Public Safety Equipment, Vehicles and Facility Needs that are Beyond the City’s Existing Resource Capabilities

**Performance Measure**
- Percent of Police Vehicles Exceeding 100k Miles

**Measure Overview**
- **Department**: Police
- **Why is this measure important**: To ensure that police officers are equipped with vehicles that are safe and adequate to their assigned roles by ensuring that police vehicles are appropriately cycled-out with new vehicles.
- **Where does the data come from**: Department fleet manifest.
- **How is the measure calculated**: Number of police vehicles in excess of 100k, divided by total number of vehicles in fleet.

![Percent of Police Vehicles Exceeding 100k Miles](chart.png)
### Performance Measure

**Percent of Time Fire Apparatus is Out of Service Due to Repairs and Breakdowns**

**Measure Overview**
- **Department:** Fire/Rescue
- **Why is this measure important:** Evaluate how repairs and breakdowns affect response times.
- **Where does the data come from:** Repair and fleet records.
- **How is the measure calculated:** The total number of duty days for each fire apparatus compared to the number of days the apparatus was out of service due to repairs or breakdowns.
- **Measure:** On average, during FY18, the Fire Apparatus were about 38% Out-of-Service. To enhance response times, a reduced target of about 30% is anticipated in FY19.

### Performance Measure

**Percent of Time EMS Apparatus is Out of Service Due to Repairs and Breakdowns**

**Measure Overview**
- **Department:** Fire/Rescue
- **Why is this measure important:** Evaluate how repairs and breakdowns affect response times.
- **Where does the data come from:** Repair and fleet records.
- **How is the measure calculated:** The total number of duty days for each EMS apparatus compared to the number of days the apparatus was out of service due to repairs or breakdowns.
- **Measure:** The EMS Apparatus were out-of-service for about 17% during FY18. It is estimated that, during FY19, these apparatus would be out-of-service for at least 30% of the duty days.

### Objective C. Enforcement of Codes

**Performance Measure**

**Percent of Cases Resolved Through Voluntary Compliance**

**Measure Overview**
- **Department:** Police
- **Why is this measure important:** To demonstrate that Code Enforcement addresses code concerns with a public interest approach; showing that the public also has a buy-in on quality of life matters.
- **Where does the data come from:** Code Enforcement database and Municipal Court database.
- **How is the measure calculated:** Total Code Enforcement complaints, less those sent to the Municipal Court system.

Objective D. Annual Reporting

Performance Measure: Sworn Police FTEs per 1,000 Capita

Measure Overview
Department: Police

Why is this measure important: Point of reference to show an increase or decrease in overall officers to serve per 1,000 capita.

Where does the data come from: Number of current sworn officers on first day of calendar year, compared between Human Resources and Police Administration data.

How is the measure calculated: Summation of the total number of sworn officers divided by current city population.

Performance Measure: Number of Alcohol Related Crashes per 1,000 Capita

Measure Overview
Department: Police

Why is this measure important: To ensure that police (Driving While Intoxicated) DWI initiatives are having the best possible desired effect on motorist safety.

Where does the data come from: AS 400.

How is the measure calculated: Total number of DWI related crashes for fiscal year, divided by current capita.
Performance Measure  | Number of Criminal Arrests per 1,000 Capita
--- | ---

**Measure Overview**

**Department**: Police

**Why is this measure important**: To ensure that crime rates are synonymous with arrest rates, demonstrating that proactive policing initiatives are effective.

**Where does the data come from**: AS 400.

**How is the measure calculated**: Total number of criminal arrests during fiscal year, divided by current capita.

![Number of Criminal Arrests per 1,000 Capita](chart)

**Performance Measure**  | Property Crime Clearance Rate
--- | ---

**Measure Overview**

**Department**: Police

**Why is this measure important**: To ensure that current property crime proactive policing, and criminal investigations programs are effectively impacting property crime rates.

**Where does the data come from**: AS 400.

**How is the measure calculated**: Total number of property crime reports cleared by arrest, divided by total number of property crime reports generated.

Performance Measure | Average Time from Dispatch to Arrival on Scene for Priority 1 Police Calls

**Measure Overview**

**Department**

Police

**Why is this measure important**

To ensure that dispatch personnel are managing emergency calls as effectively as possible, to allow emergency services to arrive on scene as timely as possible.

**Where does the data come from**

AS 400/ CAD.

**How is the measure calculated**

Total time from dispatch to arrival on scene for priority 1 police calls of all priority 1 police calls, divided by total number of priority 1 police calls.

---

Performance Measure | Percent of Time NFPA 1710 Standard is Met for Fire Incidents, within a Four-Minute Drive-Time from each Fire Station

**Measure Overview**

**Department**

Fire/Rescue

**Why is this measure important**

National benchmark for an engine company's arrive time to a structure fire.

**Where does the data come from**

Computer Aided Dispatch (CAD) and National Fire Incident Reporting System (NFIRS) data.

**How is the measure calculated**

Analysis of time from station alarm, to the arrival of an engine company on the scene of a structure fire.

**Measure**

During FY18, only 16% of NFPA 1710 Standard (4 minutes) was met for Fire Incidents. It is the expectation of the Fire Department to increase this rate to at least 40% in FY19

---

Performance Measure | Percent of Time NFPA 1710 Standard is Met for EMS calls, within a Four-Minute Drive-Time from Each Fire Station.

**Measure Overview**

**Department**

Fire/Rescue

**Why is this measure important**

National benchmark for an EMS company's arrive to a delta or echo incident.

**Where does the data come from**

Computer Aided Dispatch (CAD) and National Fire Incident Reporting System (NFIRS) data.

**How is the measure calculated**

Analysis of time from station alarm, to the arrival of an EMS company on the scene of an incident.
INFRASTRUCTURE
GOAL - Efficient, maintained and planned public infrastructure to meet current and future needs.

Objective A. Complete Annual Assessment of All Roads and Water/Wastewater Infrastructure, Create a Prioritized List of Required Improvements and Safety Enhancements, and Take Action with Available Resources

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>Percent of Total Roadway Rated Satisfactory or Better</th>

### Performance Measure

**Percent of Lane Miles Weed Abated**

**Measure Overview**

- **Department**: Public Works
- **Why is this measure important**: Increase quality of life through proper maintenance of the City roads and right-of-ways.
- **Where does the data come from**: Collected field data along with City Source.
- **How is the measure calculated**: Square-foot area of weeds abated.

![Percent of Lane Miles Weed Abated](chart)

### Objective B. Water and Sewer

**Performance Measure**

**Actual Water Loss per Connection per Day**

**Measure Overview**

- **Department**: Utilities
- **Why is this measure important**: Improves infrastructure effectiveness and operational efficiency.
- **Where does the data come from**: AWWA Water Audit Software.
- **How is the measure calculated**: Grand total of real losses, divided by the number of connections, divided by the number of days in the year.

![Actual Water Loss per Connection per Day](chart)
## Performance Measure

**Performance Measure**  
**Number of Sanitary Sewer Overflows (SSO) Caused by System Failures**

**Measure Overview**

**Department:** Utilities  
**Why is this measure important:** SSOs are required to be reported to the New Mexico Environment Department and Environmental Protection Agency.  
**Where does the data come from:** The Utilities CMMS program, Maintenance Connection.  
**How is the measure calculated:** A Maintenance Connection report is run quarterly to list the number of sanitary sewer overflows.

![Number of Sanitary Sewer Overflows (SSO) Caused By System Failures](image)

**Objective C. Leverage Resources**

**Performance Measure**  
Measure(s) to be Determined.

**Objective D. Traffic Improvements**

**Performance Measure**  
Measure(s) to be Determined.

**Objective E. Continue a Recurring Bond Cycle to Address Roadway Needs that are Beyond the City's Existing Resource Capabilities**

**Performance Measure**  
Measure(s) to be Determined.
**Objective F. Customer Service**

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>Average Percent of Citizen Requests for Weed Removal, Road Grading, Sweeping, etc., Completed within 5 Days</th>
</tr>
</thead>
</table>

**Measure Overview**

Department: Public Works

Why is this measure important: Increase quality of life through proper maintenance of the City roads and right-of-ways.

Where does the data come from: Collected field data along with City Source.

How is the measure calculated: Compare request from date received to when the work was completed.

---

**Performance Measure**

Average Utilities Customer Hold Time, in Minutes

**Measure Overview**

Department: Utilities

Why is this measure important: To ensure that Utility Services is properly staffed and customer expectations are met.

Where does the data come from: Avaya phone system

How is the measure calculated: The phone system tracks the number of calls and the length of hold time per call. Reports detailing customer hold time will be generated monthly and then averaged for the quarter.

Average Customer Hold Time: Quarterly data for FY2018 was average; the average hold time was **3.9 minutes per call.**
**Performance Measure**  
Average Percent of Water Utility Accounts Receivable Over 90 Days

**Measure Overview**

- **Department**: Utilities
- **Why is this measure important**: Determines the financial health of the City's water and wastewater utility.
- **Where does the data come from**: Aged trial balance.
- **How is the measure calculated**: Averaging the total accounts receivable balance greater than 90 days past due for each month in the quarter.

---

![Bar chart](chart.png)

**Average Percent of Water Utility Accounts Receivable Over 90 Days**

- **FY19 Target**: 0.42
- **FY18**: 0.43
- **FY17**: 0.44
- **FY16**: 0.48
- **FY15**: 0.51
QUALITY OF LIFE
GOAL - Creating opportunities to improve one's wellbeing, environment, and make connections with their community.

Objective A. On and Ongoing Basis, Evaluate Existing Community Special Events and Explore Changes and Additions to What is Offered

Performance Measure  Measure(s) to be Determined.

Objective B. Encourage and Provide Opportunities for Life-Long Learning and Healthy Lifestyle for all Ages

Performance Measure  Number of Library Visits per 1,000 Capita

Measure Overview
Department  Library and Information Services
Why is this measure important  To show library usage.
Where does the data come from  Monthly library statistics.
How is the measure calculated  Gate count.

Performance Measure  Total Circulation Rate per 1,000 Capita

Measure Overview
Department  Library and Information Services
Why is this measure important  Shows usage of library materials.
Where does the data come from  Monthly library statistics.
How is the measure calculated  Number of items checked out per month.
**Performance Measure**  
On and Off-Site Library Program Attendance per 1,000 Capita

**Measure Overview**

**Department**  
Library and Information Services

**Why is this measure important?**  
To expand library services outside of the library building.

**Where does the data come from?**  
Monthly library statistics.

**How is the measure calculated?**  
Number of attendees per program.

![Bar chart for On and Off-site Program Attendance per 1,000 Capita]

**Performance Measure**  
Average Number of Daily Participants per Employee at Meadowlark

**Measure Overview**

**Department**  
Parks, Recreation, and Community Services

**Why is this measure important?**  
Quantify the use and the growing needs of the center and the community. This number is reported to the ALTSD when requesting funds.

**Where does the data come from?**  
Participants are counted and recorded daily.

**How is the measure calculated?**  
A summation report of total participants is produced quarterly, divided by days in the quarter, divided by amount of staff.

![Bar chart for Average Number of Daily Participants per Employee at Meadowlark]

![Percent of Surrender/Stray Animals Received, Adopted and Transferred](image-url)
**Performance Measure**  
Percent of Surrender/Stray Animals Received, Reclaimed

**Measure Overview**

**Department**  
Police

**Why is this measure important**  
Reunite all animals with their perspective owners by posting the animals on websites, Facebook, tracking microchips and any other identifying signs of ownership such as rabies or license tags on the stray animal.

**Where does the data come from**  
The shelter data base management system.

**How is the measure calculated**  
Divide the number of reclaimed animals by the number of actual intakes.

---

**Performance Measure**  
Percent of Surrender/Stray Animals Received, Euthanized

**Measure Overview**

**Department**  
Police

**Why is this measure important**  
The goal of the department is to reduce euthanasia and increase live exits. Due to the fact that shelters have no control over the behavioral issues that some incoming animals possess, for public safety reasons, unclaimed or surrendered animals displaying aggression are in most instances, euthanized.

**Where does the data come from**  
The shelter data base management system.

**How is the measure calculated**  
The number of animals euthanized divided by the number of actual intakes.

---

**Objective C. Within the Next Year, Develop Plans and Identify Funding Sources in Order to Create a Signature Outdoor Community Gathering Space in the City Center Area**

**Performance Measure**  
Measure(s) to be Determined.
Objective D. Within the Next Year, Identify the Future Location of a second Senior Center and Options for this New Facility to Also Provide Library and Recreation Services/Programs

Performance Measure | Measure(s) to be Determined.

Objective E. On and Ongoing Basis, Develop and Implement Strategies to Expand the Volunteer Tree Steward Program

Performance Measure | Urban Forestry Initiatives

Measure Overview
Department | Parks, Recreation, and Community Services
Why is this measure important | Expand the city’s urban canopy, beautification/urban forest education (volunteers & staff) opportunities, and urban stewardship.
Where does the data come from | Grant, staff and program reports, operation packets, event evaluations.
How is the measure calculated | The sum of the number of volunteers, the number of trees planted, the number of public spaces beautified, the number of public spaces landscaped, the number of certified arborists on staff, and the number of divisions, divided by the number of departments trained.

Objective F. On and Ongoing Basis, Develop a Plan to Increase Public Outreach in Regards to Illegal Dumping and Opportunities to Take Part in Community Cleanup Activities

Performance Measure | Illegal Dumpsite Litter and Trash Removed in Tons

Measure Overview
Department | Parks, Recreation, and Community Services
Why is this measure important | Increase the quality of life, preserve the natural landscape, and surface & ground water quality through proper solid waste handling practices.
Where does the data come from | Staff reports, Waste Management & Sandoval County Landfill logs and number of residential complaints received.
How is the measure calculated | Tons of material properly landfilled by staff and volunteers.

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>Number of Developed Park Acres Per 1,000 Residents</th>
</tr>
</thead>
</table>

#### Measure Overview

- **Department:** Parks, Recreation, and Community Services
- **Why is this measure important:** This is a national standard for Parks and Recreation "Level of Service," which allows the City to benchmark itself against other communities and indicate the accessibility of park facilities to patrons.
- **Where does the data come from:** The Department tracks all developed park acres (existing, acquired and newly constructed), and on an annual basis compares it to the projected/estimate population (provided to the Department by the Finance Department).
- **How is the measure calculated:** Number of park acres (to a tenth of a decimal point) per 1,000 residents.

<table>
<thead>
<tr>
<th>Measure</th>
<th>The FY18 figure is 3 and it is projected to remain unchanged going into FY19</th>

</tr>
</thead>
</table>

#### Measure Overview

- **Department:** Parks, Recreation, and Community Services
- **Why is this measure important:** This is a local and national standard for Parks and Recreation maintenance and safety standards which allows the City to benchmark itself against other communities and indicate maintenance related responsiveness to patrons. This number is also important even if it may not change drastically from quarter to quarter or year to year.
- **Where does the data come from:** The Department compares the number of all developed park acres (existing, acquired and newly constructed) to full time park maintenance worker positions on an annual basis.
- **How is the measure calculated:** Number of developed park acres (to a tenth of a decimal point) per park maintenance worker positions.

<table>

GOOD GOVERNANCE/ORGANIZATIONAL VITALITY
GOAL - Highly motivated and performing City employees delivering programs and services that are relevant and provide value to the public as well as promoting engaged citizens.

Objective A. Citizen Input

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>Percent of Customers Satisfied with Motor Vehicle Services Provided at the Rio Rancho MVD Location</th>
</tr>
</thead>
</table>

**Measure Overview**

- **Department**: Financial Services
- **Why is this measure important**: Improve efficiencies for the public's benefit, as well as to gauge the success of the service.
- **Where does the data come from**: Surveys made available to customers.
- **How is the measure calculated**: Quarterly compilation of customer surveys, averaged.

![Bar chart showing percent of customers satisfied with motor vehicle services provided at the Rio Rancho MVD location, with data for FY16 to FY19.](image)
**Performance Measure** Percent of Customers Surveyed as Satisfied with Aquatic Lessons and Teams

**Measure Overview**

**Department** Parks, Recreation and Community Services

**Why is this measure important** To ensure programs and services provided by the division meet or surpass the citizen's expectation.

**Where does the data come from** Survey Monkey generated surveys sent out via email to program participants post program/services.

**How is the measure calculated** Total of customers surveyed compared to how many surveyed as satisfied.

---

**Performance Measure** Percent of customers surveyed as satisfied at Summer Camp

**Measure Overview**

**Department** Parks, Recreation and Community Services

**Why is this measure important** To ensure programs and services provided by the division meet or surpass the citizen's expectation.

**Where does the data come from** Survey Monkey generated surveys sent out via email to program participants post program/services.

**How is the measure calculated** Total of customers surveyed compared to how many surveyed as satisfied.
### Performance Measure

**Percent of Customers Surveyed as Satisfied at Kids Zone**

66
Performance Measure  Percent of Customers Surveyed as Satisfied with Adult Sports Leagues

Measure Overview
Department  Parks, Recreation and Community Services
Why is this measure important  To ensure programs and services provided by the division meet or surpass the citizen’s expectation.
Where does the data come from  Survey Monkey generated surveys sent out via email to program participants post program/services.
How is the measure calculated  Total of customers surveyed compared to how many surveyed as satisfied.

Performance Measure  Meadowlark Customers Surveyed as Satisfied

Measure Overview
Department  Parks, Recreation and Community Services
Why is this measure important  It helps track the effectiveness of the programs and demonstrates whether a program is meeting the participants demands and expectations.
Where does the data come from  Evaluation forms are distributed to all participants for every planned activity.
How is the measure calculated  Completed evaluation forms are collected from responding participants, averaged, and a satisfaction score is assigned to each activity.
Objective B. Technology Enhancements

Performance Measure | Achieve optimum uptime for City's network functions

Measure Overview
Department | Information Technologies

Why is this measure important
Allow staff access to critical infrastructure required to perform their duties and provide services.

Where does the data come from
Network performance monitoring tools.

How is the measure calculated
Any downtime factored over the measured period.

Achieve optimum uptime for city's network functions

![Turnover Rate: All employees, Excluding Seasonal Employees Graph]
Performance Measure: Hours of Safety Training as of 5/31: All Employees

Measure Overview

Department: Human Resources

Why is this measure important: Monitor safety training allows for compliance of state and federal laws (OSHA, WC) and City policies. Allows for complying and reporting to NM Self-Insured.

Where does the data come from: HR maintains hours through HRIS and internal spreadsheets and also maintains Self Insured Funds database.

How is the measure calculated: Summation of employee trainings attended utilizing data entry databases.

Objective F. Data-Driven Decision Making

Performance Measure: General Fund Non-Personnel Budget Expended versus Original Budgeted

Measure Overview

Department: Financial Services

Why is this measure important: Measures spending efficiency.

Where does the data come from: Qrep report from the HTE system.

How is the measure calculated: Sum of all non-personnel expenditures, divided by the sum of all non-personnel revised budget.
<table>
