The Department of Library and Information Services operates the Rio Rancho Public Library, the community’s information center, with the goal of providing each citizen with the cultural, educational, recreational, and employment resources needed for the development of their individual lives and the betterment of the community.

**Service points.** The Rio Rancho Public Library currently offers services at two branches: the Loma Colorado Main Library, and the Esther Bone Memorial Library.

- The Loma Colorado Main Library, at 755 Loma Colorado Drive NE, has the larger collection of materials, the larger staff, and more open hours at 54 hours a week. Loma Colorado houses the library administration and offers the library system’s most extensive resources, services, and programming.
- The Esther Bone Memorial Library, at 950 Pinetree Road SE, is a full-service branch library. A smaller library within walking distance for many in its neighborhood, it is open 40 hours a week and focuses on popular materials and programming for all ages.

**Staffing.** The library has a complement of 34.62 FTE staff members. Management consists of Department Director William Cicola, the Assistant Manager, and four department/branch managers. There are thirteen librarians with master’s degrees in library science. Five positions are currently frozen.

**Usage.** In an average month this year
- 29,534 people came to the library.
- 50,478 items were checked out.
- Our forty-six computers available for public use received 8,000 logins.
- There were 12,058 logins to the library’s databases and internet-based resources.
- Reference and information questions of all kinds numbered 3,823.
- There were 62 programs with a total attendance of 2,124.

During economic downturns the demand for library services typically rises, and this has been the case in Rio Rancho, as the table below illustrates.
