

# Executive Summary

## ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

### 1. Introduction

The purpose of the City of Rio Rancho Consolidated Plan for 2018-2022 (ConPlan) is to assess the City's housing and community development needs; analyze the City's housing market; establish housing and community development priorities, goals, and strategies for addressing the identified needs; and define the resources available for addressing the needs and implementing the strategies. Additionally, the ConPlan allocates funds to implement specific goals established in the Assessment of Fair Housing, which the City of Rio Rancho carried out in 2017 in partnership with the City of Albuquerque and the Albuquerque Housing Authority.

The Consolidated Plan meets the federal regulations that guide the Community Development Block Grant. Those regulations require the City to revise its Consolidated Plan every five years and provide regular updates by preparing an Annual Action Plan.

### 2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

#### OBJECTIVE 1 - Suitable Living Environment (SL)

Outcome: Availability/Accessibility for the Purpose of Creating Suitable Living Environments (SL-1);  
Performance Indicator: Number of Projects that Ensure Access to a Suitable Living Environment/  
Number of Persons Provided with New Access to Improvements.

SL1.1 Construction of public facilities for uses such as child care, health care, homeless, and the elderly and persons with disabilities.

SL1.2 Removal of architectural barriers to provide accessibility.

Outcome: Affordability for the Purpose of Creating Suitable Living Environments (SL-2); Performance  
Indicator: Number of Projects to Support Housing Opportunities.

SL2.1 Provision of public service activities to support housing.

Outcome: Sustainability for the Purpose of Creating Suitable Living Environments (SL-3); Performance  
Indicator: Number of Projects that Sustain a Suitable Living Environment/ Number of Persons Benefitting  
from New/Improved Environment.

SL3.1 Installation/Improvement to infrastructure.

SL3.2 Demolition of dilapidated structures;

SL3.3 Construction/Improvements to parks and recreational facilities;

SL3.4 Provision of public services.OBJECTIVE 2 - Decent, Affordable Housing (DH)

Outcome: Availability/Accessibility for the Purpose of Providing Decent Housing (DH-1); Performance Indicator: Households Assisted.

DH1.1 Rehabilitation of rental units and owner-occupied units;

DH1.2 Rental assistance;

DH1.3 Acquisition of residential properties for resale to eligible households.

DH1.4 Homeless services including homeless transitional housing

Outcome: Affordability for the Purpose of Providing Decent Housing (DH-2); Performance Indicator: Households Assisted.

DH2.1 New production of rental and owner units;

DH2.2 Acquisition of housing for rent;

DH2.3 Homebuyer assistance and homelessness prevention

Outcome: Sustainability for the Purpose of Providing Decent Housing (DH-3); Performance Indicator: Households Assisted.

DH3.1 Housing Activities to support Neighborhood Improvement or Neighborhood Revitalization.

OBJECTIVE 3 - Expanded Economic Opportunities (EO)

Outcome: Availability/Accessibility for the Purpose of Creating Economic Opportunities (EO-1); Performance Indicator: Number of Jobs Created.

EO1.1 Funding capital improvement projects that will assist business creating jobs for LMI persons.

Outcome: Affordability for the Purpose of Creating Economic Opportunities (EO-2); Performance Indicator: Number of Businesses Assisted.

EO2.1 Assistance to microenterprises or small businesses.

Outcome: Sustainability for the Purpose of Creating Economic Opportunities (EO-3); Performance Indicator: Number of Economic Development Projects Directed to Businesses within Selected Areas.

EO3.1 To fund or support the funding of neighborhood revitalization projects.

### 3. Evaluation of past performance

In the 2013-2017 Consolidated Plan, the City of Rio Rancho aimed its commitments to strengthening the lives of its low-income population in Rio Rancho through greater access to public services, improvements to public facilities, and an increase in the affordability of housing. The City leveraged its own resources as well as the Community Development Block Grant (CDBG) funds, to increase services and facilities for the at-risk population and stimulate affordability of housing for low-income residents. During the third year of the 2013-2017 ConPlan cycle, the City met or exceeded many of the goals that had been set and will carry over those unmet goals into the next five-year cycle.

The 2016-17 Consolidated Annual Performance Evaluation Report (CAPER) reported that one of the goals for increased affordability of housing was to provide qualified first-time homebuyers with a zero-interest loan/grant to assist with purchasing a home. The program assists with half of the required down payment and reasonable closing costs. The Housing Opportunity Program (RRHOP) set a goal to assist six families to achieve homeownership within the program year. Four families were awarded this year and the City will exhaust the balance of funds remaining for this project early in Program Year 2017. Additionally, the City is in the process of completing a Substantial Amendment to the 2015 and 2016 Annual Action Plans that will reallocate \$38,141.00 originally allocated for planning and administration into this project so that the City can continue to assist low income families with the purchase of their first home.

Since the initiation of the ConPlan, the City has aimed to use CDBG funds to improve public facilities and increase the accessibility of public services for the elderly, disabled, youth, victims of domestic violence, and low-income residents. During the last program year, through the use of CDBG funding, capital improvements were made to the local domestic violence shelter to increase its storage capacity and provide locking cabinets in each overnight unit to provide added security for possessions belonging to service recipients.

Evaluation of past performance, continue

Some examples of accomplishments that the City attained during the 2016-17 fiscal year are as follows:

The Consolidated Plan goal for Homelessness Prevention was 130 persons assisted. During program year 2016 alone, 71 persons were placed in housing by Sandoval County Permanent Supportive Housing. An

additional 11 beneficiaries were assisted by Saint Felix Pantry to pay past due rent or mortgages and therefore those persons abated the threat of becoming homeless.

The City used CDBG funding to make capital improvements that effect low income persons citywide as well as in target low income neighborhoods. The parking lot at Star Heights Park was completely redone to make this park handicapped accessible per ADA regulations. Facility improvements were made to Haven House Domestic Violence Shelter to extend the parking lot, install security lighting and cameras to increase the safety at the facility. The Storehouse West Project replaced the roof of the facility and this project benefitted 7888 persons.

The City faced several setbacks with both minor home repair programs that it oversees. In the 2014 program year, the United States Department of Housing and Urban Development (HUD) placed a hold on both programs due to compliance issues. The issues pertaining to these programs were resolved in program year 2016 and HUD has since cleared the audit findings. The Home Repair Assistance Program underwent a complete redesign intended to improve service to the target population and meet all federally mandated requirements. The City of Rio Rancho no longer funds Rebuilding Together Sandoval County through its CDBG program; it has reallocated funds previously used for that purpose to the City of Rio Rancho Home Repair Assistance Program through a Substantial Amendment to the appropriate Annual Action Plans. To date, a total of 17 homes have been repaired during Fiscal Year 2018.

#### 4. Summary of citizen participation process and consultation process

The citizen participation process occurred in two phases. Phase 1 took place in 2017 when the City of Rio Rancho and the consultant team were working on the Assessment of Fair Housing (AFH) in partnership with the City of Albuquerque and the Albuquerque Housing Authority. Phase 2 took place in 2018 during the Consolidated Plan process. In both phases, the primary means of citizen participation were public hearings, interviews with service providers, focus groups and consultation with housing authorities, service providers, and government agencies. Supplemental means of participation included outreach, access to information, publication of the draft plan, and the opportunity to submit comments.

There was broad consultation at the start of the AFH process, which informed both that Assessment as well as the Consolidated Plan processes. Consultation in the AFH phase included in-person meetings and telephone consultation with national and local housing organizations in addition to consultation with housing authorities, service providers, and residents of subsidized housing about the region's and the City of Rio Rancho's housing, supportive housing and public service needs. Consultation during the Consolidated Plan built on the information and knowledge gathered in the first phase. The primary forms of consultation during the second phase were telephone and in-person interviews with housing and service providers as well as a survey for service providers.

## 5. Summary of public comments

Comments from the agency questionnaires are summarized helped lead the grantee to choose its goals or projects.

Substance abuse counseling, more education programs for High School Equivalency, improved ADA access to the City's parks and recreation, increased walkability efforts including ADA sidewalks, unemployment and underemployment, increased public service programs, and increased programs for seniors and disabled, better public transportation schedules and routes, lack of mental health resources, lack of activities and services for youth and better collaboration with services in Albuquerque and Bernalillo County.

Public comments received from the telephone are summarized helped lead the grantee to choose its goals or projects.

Abandoned buildings, food deserts, programs to help homeowners rehabilitate and repair their homes, public safety, youth activities, maintenance of vacant lots, sidewalk improvements, better network and access to public transportation, lack of shelters for homeless, and many services available in Albuquerque or Bernalillo County, however with transportation, services are unobtainable.

All comments received from affected citizens, other public, private and non-profit agencies and other interested parties are considered before the final draft, any amendments or performance reports are submitted to HUD. The City made public its proposed 2018-2022 Consolidated Plan and 2018-2019 Action Plan submission, so affected citizens had sufficient opportunity to review the Plan and provide comments. Notice of the proposed Consolidated Plan and Action Plan was published in the Rio Rancho Observer, and was made available for review at the Loma Colorado Library, the Esther Bone Library, the Meadowlark Senior Center, The City's Financial Services Department (3200 Civic Center Circle, NE, Suite 300), the City Clerk's Office and on the City of Rio Rancho's website ([www.ci.riorancho.nm.us/CDBG](http://www.ci.riorancho.nm.us/CDBG)). City of Rio Rancho advertised for a 30-day public comment period, Monday, May 14 through June 12th.

## 6. Summary of comments or views not accepted and the reasons for not accepting them

The City of Rio Rancho did not have any comments that were not accepted.

## 7. Summary

The purpose of the City of Rio Rancho Consolidated Plan for FY 2018-2022 is to assess the City's housing and community development needs; analyze the City's housing market; establish housing and community development priorities, goals and strategies to address the identified needs; and identify the resources available to address the needs and implement the strategies. The City of Rio Rancho reflected of past performance and continues to aim its commitments to strengthening the lives of its low-income

population in Rio Rancho through greater access to public services, improvements to public facilities, and an increase in the affordability of housing. The primary means of citizen participation were public hearings, interviews with service providers, focus groups and consultation with housing authorities, service providers, and government agencies to determine objectives and outcomes identified in the Plan Needs Assessment. Comments from the agency questionnaires and interviews are summarized and include:

Substance abuse counseling, more education programs for High School Equivalency, improved ADA access to the City's parks and recreation, increased walkability efforts including ADA sidewalks, unemployment and underemployment, increased public service programs, and increased programs for seniors and disabled, better public transportation schedules and routes, lack of mental health resources, lack of activities and services for youth, better collaboration with services in Albuquerque and Bernalillo County, abandoned buildings, food deserts, programs to help homeowners rehabilitate and repair their homes, public safety, youth activities, maintenance of vacant lots, and lack of shelters for homeless. The City made public its proposed 2018-2022 Consolidated Plan and 2018-2019 Action Plan submission, so affected citizens had sufficient opportunity to review the Plan and provide comments. The Rancho advertised for a 30-day public comment period, Monday, May 14 through June 12th and did not have any comments that were not accepted.

A request for public comment was published on May 10, 2020 with regards to a Substantial Amendment to this plan that will allow for funding provided by the HUD CDBG CARES Act in response to COVID-19. \$346,887.00 will be available for eligible activities meeting the national objective to prevent and respond to the spread of infectious diseases such as the coronavirus disease 2019 (COVID-19). A request for waiver to the 30 day public comment period was submitted to HUD on May 6, 2020 for 5 day public comment period that ran from May 11, 2020 through May 15, 2020. A second request for public comment was published on February 7, 2021 (Comment Period February 8, 2021 through February 12, 2021) with regards to a second Substantial Amendment to this plan that will allow for funding provided by the HUD CDBG CARES Act in response to COVID-19. \$409,282 will be available for eligible activities meeting the national objective to prevent and respond to the spread of infectious diseases such as the coronavirus disease 2019 (COVID-19).

## The Process

### PR-05 Lead & Responsible Agencies 24 CFR 91.200(b)

1. Describe agency/entity responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source

The following are the agencies/entities responsible for preparing the Consolidated Plan and those responsible for administration of each grant program and funding source.

Agency Role	Name	Department/Agency
Lead Agency	RIO RANCHO	
CDBG Administrator	RIO RANCHO	Financial Services Department
HOPWA Administrator		
HOME Administrator		
HOPWA-C Administrator		

Table 1 – Responsible Agencies

### Narrative

The following are the agencies/entities responsible for preparing the Consolidated Plan and the Annual Plan and those responsible for administration of each grant program and funding source:

The Accounting Division of the City of Rio Rancho's Department of Financial Services located at 3200 Civic Center Circle NE, Rio Rancho NM 87144-4501, is the lead agency and the responsible agency for the development of the Consolidated Plan.

### Consolidated Plan Public Contact Information

Amanda Barricklow, Grants Administrators, City of Rio Rancho, Department of Financial Services, 3200 Civic Center Circle NE, Rio Rancho NM 87144-4501, Telephone: 505-896-8766

## PR-10 Consultation - 91.100, 91.200(b), 91.215(l)

### 1. Introduction

The primary means of citizen participation were public hearings, interviews with service providers, focus groups and consultation with housing authorities, service providers, and government agencies to determine objectives and outcomes identified in the Plan Needs Assessment. The City made public its proposed 2018-2022 Consolidated Plan and 2018-2019 Action Plan submission, so affected citizens had sufficient opportunity to review the Plan and provide comments. The Rancho advertised for a 30-day public comment period, Monday, May 14 through June 12th and did not have any comments that were not accepted.

Consultation with regional government agencies in addition to adjacent units of general local government and local government agencies, including local government agencies with metropolitan-wide planning and transportation responsibilities, particularly for problems and solutions that go beyond single grantee.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

There is a formal alliance to foster coordination among service providers, including the Sandoval County Health Collaborative and the Rio Rancho Chamber of Commerce Non-Profit Alliance. Individual service organizations such as Sandoval County Permanent Supportive Housing and Saint Felix Pantry provide outreach and referrals to governmental health, mental health, or service agencies that can assist individual clients to meet their needs. Rio Rancho currently does not have a public housing authority, rather three entities have ability to distribute Choice Housing Voucher. These entities are independent of each other and clients could benefit from better communication within them.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness

In New Mexico, there is an Albuquerque Continuum of Care and a Balance of State Continuum of Care, which covers all parts of New Mexico except for Albuquerque. The consultants interviewed the New Mexico Coalition to End Homelessness, who coordinates the annual application to the U.S. Department of Housing and Urban Development (HUD) for Continuum of Care (CoC) funding and also manages the New Mexico Homeless Management Information System (HMIS), an online centralized database designed to collect client-level information on the characteristics and services needs of people experiencing homelessness.

The City of Rio Rancho is not a recipient of Emergency Shelter Grant (ESG) funds. Sandoval County Permanent Supportive Housing, part of the HUD Continuum of Care, provides its participants with ongoing rental assistance as well as tenancy-centered case management and advocacy services. It is not a Section 8 program but rather makes monthly rental assistance payments directly to landlords; the lease is a transaction between the participant and the landlord to assist people who are homeless or at risk of homelessness. In addition, the city's continued efforts to support Saint Felix Pantry, whose clientele includes chronic homeless individuals and families, families with children, veterans, unaccompanied youth, and persons at risk of homelessness, mission of providing nutritious food, clothing and supportive service referrals.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards and evaluate outcomes, and develop funding, policies and procedures for the administration of HMIS

N/A. The City of Rio Rancho does not receive ESG funds.

2. Describe Agencies, groups, organizations and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities

Table 2 – Agencies, groups, organizations who participated

1	Agency/Group/Organization	Albuquerque Housing Authority
	Agency/Group/Organization Type	PHA Services - Housing Services-homeless Organizations that enforce fair housing laws, such as fair housing enforcement agencies
	What section of the Plan was addressed by Consultation?	Public Housing Needs
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Obtained information in person and through email. Information included data from AFH and AHA records. More complete information on the characteristics of housing choice voucher holders in Rio Rancho.
2	Agency/Group/Organization	BARRETT HOUSE SHELTER PROGRAM
	Agency/Group/Organization Type	Services - Housing Services-homeless
	What section of the Plan was addressed by Consultation?	Homeless Needs - Families with children
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Better understanding of available services and unmet needs of victims of domestic violence in the region and in Rio Rancho.
3	Agency/Group/Organization	Catholic Charities Center for Refugee Resettlement and Support
	Agency/Group/Organization Type	immigration services, legal services, refugee settlement, housing
	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Families with children Anti-poverty Strategy
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Phone interview. Understanding of support services for job training and employment, barriers to client success, including housing or lack of certain services
4	Agency/Group/Organization	NEW MEXICO COALITION TO END HOMELESSNESS
	Agency/Group/Organization Type	Services-homeless

	What section of the Plan was addressed by Consultation?	Homelessness Strategy Homeless Needs - Chronically homeless Homeless Needs - Families with children Homelessness Needs - Veterans Homelessness Needs - Unaccompanied youth
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Presentation and discussion with organization board and staff. Better understanding of the need for homeless services, what is available and unmet needs
5	Agency/Group/Organization	SANTA FE CIVIC HOUSING AUTHORITY
	Agency/Group/Organization Type	PHA Organizations that enforce fair housing laws, such as fair housing enforcement agencies
	What section of the Plan was addressed by Consultation?	Public Housing Needs
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	Phone interview. Data on characteristics of housing choice voucher holders
6	Agency/Group/Organization	Rio Metro Regional Transit District/Mid Region Council of Govts.
	Agency/Group/Organization Type	Services-Elderly Persons Services-Persons with Disabilities Regional organization
	What section of the Plan was addressed by Consultation?	Economic Development
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	In person interview. Information on transportation services in Rio Rancho, discussion of needs identified by social service agencies and consumers
7	Agency/Group/Organization	SUPPORTIVE HOUSING COALITION OF NEW MEXICO
	Agency/Group/Organization Type	Services - Housing community-based and regionally based organizations that represent protected class members

	What section of the Plan was addressed by Consultation?	Housing Need Assessment Homeless Needs - Chronically homeless Homelessness Needs - Veterans Market Analysis
	How was the Agency/Group/Organization consulted and what are the anticipated outcomes of the consultation or areas for improved coordination?	In person interview with staff. Understanding of services provided, met and unmet needs of homeless, understanding of characteristics of voucher holders

Identify any Agency Types not consulted and provide rationale for not consulting

The City of Rio Rancho and the consultant team met the federal consultation requirements (24 CFR.91.100, which identifies the types of agencies that must be consulted).

Other local/regional/state/federal planning efforts considered when preparing the Plan

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	New Mexico Coalition to End Homelessness	The Consolidated Plan depends on resources and data produced from the Continuum of Care in addressing Homeless Prevention needs
City of Albuquerque, City of Rio Rancho and Albuqu	City of Rio Rancho; City of Albuquerque; Albuquerque Housing Authority	The plan addresses need, contributing factors, opportunities, and strategic goals.
2010 City of Rio Rancho Comprehensive Plan	City of Rio Rancho	The plans complement each other. The Comprehensive Plan Housing Element contains the shared goals to increase affordable housing and diversify housing types.
2010-2015 Economic Development Plan	City of Rio Rancho	The plans complement each other. Among the shared goals are to increase job opportunities in the city.
2018-2023 Infrastructure and Capital Improvement P	City of Rio Rancho	The plans complement each other. The Consolidated Plan utilizes the ICIP to prioritize community development activities, and to leverage CDBG funds.

Table 3 – Other local / regional / federal planning efforts

Describe cooperation and coordination with other public entities, including the State and any adjacent units of general local government, in the implementation of the Consolidated Plan (91.215(l))

The City of Rio Rancho priorities the funding it receives through the Community Development Block Grant. The grant amount is small, but it can be used in a variety of ways to meet community needs. The goals Rio Rancho identified in the Assessment of Fair Housing do not require coordination with the State or the City of Albuquerque, and therefore the City chooses not to use its CDBG funds for coordination with the State and adjacent units of local government at this time. That could change in a future grant cycle if the CORR takes on projects that would benefit from direct cooperation and coordination.

Narrative (optional):

## PR-15 Citizen Participation

### 1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

Citizen participation was a key element of the planning process. It was designed to encourage the involvement of residents, especially low-income, minority, non-English speaking residents, and people living in blighted areas and areas where CDBG funds may be used. The City of Rio Rancho's Citizen Participation Plan guided the efforts to involve citizens. The primary methods for encouraging participation were public hearings, interviews, focus groups, and agency consultations. These methods were supplemented by the outreach, access to information, publication of the draft ConPlan and Annual Plan, and the opportunity to submit written comments. The process occurred in two phases. The first phase took place in 2017 as part of the Assessment of Fair Housing (AFH) process, and the second phase took place in spring 2018 during the Consolidated Plan process.

Outreach, access to information, publication of the draft plan, and the opportunity to submit verbal testimony and written public comments were essential to providing a genuine opportunity for residents to submit comments, and the City of Rio Rancho considered every comment received. The interviews, focus groups, and consultations were instrumental to understanding the housing and community development needs of the community. The recommendations of the CIPCAC, the insights of service providers, and the discussions with City staff and the Governing Body were instrumental in shaping the priorities and setting goals.

The City of Rio Rancho Participation Plan was amended and submitted to the Governing Body for approval at their May 27, 2020 meeting. Amendments were as a result of certain waivers made available by HUD in response to COVID-19. Waivers utilized by the City included a 5-day public comment as opposed to a 30-day public comment period, the use of virtual public hearings and meetings due to social distancing, and posting upcoming public meetings and hearings on the City of Rio Rancho website 72 hours prior to the meeting or hearing.

Citizen Participation Outreach

Sort Order	Mode of Outreach	Target of Outreach	Summary of response/attendance	Summary of comments received	Summary of comments not accepted and reasons	URL (If applicable)
1	Telephone and in-person interviews	Food Pantry	13 people plus 2 staff	The comments received from the focus groups were similar to the comments from telephone and in-person interviews; however, a consistent theme which presented itself throughout the focus groups was the need to address unemployment and under-employment. Aside from employment programs, the following gaps in services as most significant: There is insufficient affordable housing in locations that are	All comments were taken into consideration.	

				near employment and accessible to services. There are meals programs for children and seniors, but there is a void between the two. Medical care is inadequate, and many people need equipment to support their mobility, e.g. canes, walkers, etc.		
2	Telephone and in-person interviews	<p>Minorities</p> <p>Non-English Speaking - Specify other language: Spanish</p> <p>Persons with disabilities</p> <p>Residents of Public and Assisted Housing</p>	9 agencies responded	<p>Comments from the agency questionnaires included the following suggestions:</p> <p>Substance abuse counseling, more education programs for High School Equivalency, improved ADA access to the City's parks and recreation, increased</p>	All comments were taken into consideration.

# Needs Assessment

## NA-05 Overview

### Needs Assessment Overview

Every year, the City of Rio Rancho receives U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant Program funds. The needs projected for the next five years were based on the analysis of the data provided by service providers and Comprehensive Housing Affordability Strategy (CHAS) data provided by HUD.

In 2013, of the 32,001 occupied households units in Rio Rancho, twenty-five thousand forty-five of households (78.3%) are owner-occupied and 6,956 comprised of renters (21.7%). Rio Rancho has a significantly lower percentage of renters than the state as a whole (31.3%). Furthermore, 63.7% of Rio Rancho's households have incomes that are greater than the area median income. Only 6.8% are extremely low-income and 7% are low-income.

Black / African American and American Indian, residents represent small percentages, between 2-3 percent of the total households in Rio Rancho. White Non-Hispanic households make up 62 percent and Hispanic households are 31 percent of the total. Black and Native American households have disproportionate cost burdens relative to other groups. Hispanic households are disproportionately likely to have a severe cost burden.

Among families in need of assistance, renters with incomes of 0-30% and >30-50% area median income (AMI) are affected with severe cost burden and overcrowding . The total percentage of households experiencing a cost burden has risen one percent and the severe cost burden has declined two percent from the 2013-2017 Consolidated Plan. White non-Hispanic households represent just over half of cost burdened households, while Hispanic households represent 37% of cost burdened households. Black, Asian and American Indian households together represent 11 % of the total in Rio Rancho.

Severe housing problems occur when the unit lacks complete kitchen facilities, lacks complete plumbing facilities, has more than 1.5 persons per room, or causes the household to have a cost burden over 50%. Asian households with very low incomes, (0-30% AMI) have the greatest disproportionate need compared to other racial or ethnic groups. Among low-income households (>30-50% AMI), Black/ African American, Asian and American Indian/Alaskan Native households are disproportionately affected by housing problems, as are moderate income Black/ African American households.

Although there are numerous supportive services programs in Sandoval County, there is neither a public housing authority nor a homeless shelter with the exception of Haven House, which provides shelter to victims of domestic violence and their children. The limited number of low income housing apartments and housing Vouchers further exacerbates the availability of affordable housing in Rio Rancho and Sandoval County as a whole.

# NA-10 Housing Needs Assessment - 24 CFR 91.205 (a,b,c)

## Summary of Housing Needs

Cost burden and severe housing cost burden are the leading indicators of risk for homelessness among extremely low-income individuals and families with children who are currently housed. Two thousand seven hundred twenty of renter's households with 0-80% AMI experience a cost burden (39%). One thousand five hundred fifty renters with 0-80% AMI experience a severe cost burden (22%). Forty-five percent of the extremely low-income households (45%) and 35% of the low-income households, experience a severe cost burden, putting them at imminent risk of becoming homeless.

7,203 are 1-person nonfamily households. Any of those experiencing a cost burden or a severe cost burden are in need of housing assistance. Furthermore, the inventory of one bedroom apartments is limited.

As far as special needs cohort, approximately, twelve percent of Rio Rancho's population or 10,878 people ages 5 and up, have some type of disability. Ambulatory difficulties followed by cognitive difficulties as most prevalent.

Those who are disabled, may not be able to perform in traditional workforce and could benefit from more affordable housing. There are roughly 6,000 individuals with ambulatory difficulties who could benefit from ADA improvements.

The 2016 Incidence and Nature of Domestic Violence in New Mexico XVI, The New Mexico Interpersonal Violence Data Central Repository reported 839 cases of domestic violence in Sandoval County, and there were 19,746 reported cases statewide. This particular cohort creates a need for rapid re-housing and emergency shelters to provide safety and escape from perpetrators. One thousand individuals and their families of domestic violence are in need of housing assistance.

Broadband needs in housing occupied by low -and moderate-income households include the needs for broadband wiring and for connection to the broadband service in the household units and the needs for increased competition by having more than one broadband internet service provider serve the jurisdiction.

Data Source  
Comments:

Describe the number and type of single person households in need of housing assistance.

According to American Community Survey 2009-2013 five-year estimate, B25009, there are 32,001 housing units in Rio Rancho. 7,203 are 1-person nonfamily households. Any of those experiencing a cost burden or a severe cost burden are in need of housing assistance. Furthermore, the inventory of one bedroom apartments is limited.

Estimate the number and type of families in need of housing assistance who are disabled or victims of domestic violence, dating violence, sexual assault and stalking.

One thousand individuals and their families of domestic violence are in need of housing assistance. The 2016 Incidence and Nature of Domestic Violence in New Mexico XVI, The New Mexico Interpersonal Violence Data Central Repository reported 839 cases of domestic violence in Sandoval County. Haven House and Enlace Comunitario provide emergency shelter beds for victims of domestic violence and their children.

What are the most common housing problems?

According to the CHAS data, the most common housing problems are lack of complete plumbing or kitchen facilities, cost burden, severe cost burden, and overcrowding.

Are any populations/household types more affected than others by these problems?

Renters of small related households and elderly households with incomes of 0-80% AMI are more affected by housing problems, specifically cost burden, than renters as a whole. Extremely low-income renters, 0-30% AMI and low-income renters, 30-50% AMI, experience severe cost burdens. Single family households, and multiple, unrelated family households, are most affected by overcrowding housing problems according to CHAS provided data.

Describe the characteristics and needs of Low-income individuals and families with children (especially extremely low-income) who are currently housed but are at imminent risk of either residing in shelters or becoming unsheltered 91.205(c)/91.305(c). Also discuss the needs of formerly homeless families and individuals who are receiving rapid re-housing assistance and are nearing the termination of that assistance

Cost burden and severe housing cost burden are the leading indicators of risk for homelessness among extremely low income individuals and families with children who are currently housed. Two thousand seven hundred twenty of renter's households with 0-80% AMI experience a cost burden (39%). One thousand five hundred fifty renters with incomes of 0-80% AMI experience a severe cost burden (22%). Forty-five percent of the extremely low-income households, 0-30% AMI, and 35% of the low-income households, 30-50% AMI, experience a severe cost burden, putting them at imminent risk of becoming homeless.

Enlace Comunitario, a social justice organization that primarily assists survivors of domestic violence, detects little difference between the needs of those currently housed but are at imminent risk of residing in shelters and those needs of individuals receiving rapid re-housing whose assistance is nearing termination. The people with the most imminent risk of long term homelessness are residents with citizenship difficulties, criminal convictions, and substance abuse issues who generally face longer application processing times or not eligible at all. Based on this information, the City of Rio Rancho has determined that, the twelve-month rapid re-housing fund should be used to assist clients without immigration or citizenship difficulties and without substance abuse, trauma-related issues, or non-prolonged periods of homelessness. Housing assistance programs are intended to be quick injections of support to overcome short-term challenges. Clients with complex issues are unable to overcome their deficiencies in a short time period, thus making an appreciative and necessary intervention, fall short of curing or solving the problem.

If a jurisdiction provides estimates of the at-risk population(s), it should also include a description of the operational definition of the at-risk group and the methodology used to generate the estimates:

N/A

Specify particular housing characteristics that have been linked with instability and an increased risk of homelessness

According to the CHAS data and the State of Homelessness in America 2016 prepared by the National Alliance to End Homelessness, cost burden, severe cost burden and overcrowding are linked to instability and an increased risk of homelessness.

#### Discussion

According to the CHAS data, the most common housing problems are lacking complete plumbing or kitchen facilities, cost burden, severe cost burden, and overcrowding.

Renters of small related and elderly households with incomes of 0-80% AMI are more affected by housing problems, specifically cost burden. Extremely low-income renters, 0-30% AMI and 30-50% AMI experience severe cost burden. Single family households and multiple, unrelated family households, are most affected by overcrowding housing problems according to CHAS provided data.

## NA-15 Disproportionately Greater Need: Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction

Disproportionate greater need exists when the members of racial or ethnic group at various income levels experience housing problems at a greater rate (10 percentage points or more) than the income level as a whole. This Section will analyze disproportionate greater need for income levels 0-30%, >30-50%, >50-80%, >80-100% AMI, by race or ethnicity. The housing problems included are as follows: lacks complete kitchen facilities, lacks complete plumbing facilities, overcrowding with more than one person per room, and cost burden greater than 30%.

### 0%-30% of Area Median Income

Housing Problems	Has one or more of four housing problems	Has none of the four housing problems	Household has no/negative income, but none of the other housing problems

Data 2009-2013 CHAS  
Source:

\*The four housing problems are:

1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than one person per room, 4. Cost Burden greater than 30%

### Discussion

According to the 2017 AFH, Asian/Pacific Islanders (63.7%), were twice as likely as non-Hispanic Whites (30.7%) to suffer from one of the four housing problems. Native American (36.4%) and non-Hispanic other households (37.9%) were the least likely to have these problems in Rio Rancho, excluding non-Hispanic Whites (30.7%). Family households with five or more persons and non-family households were more than 1.5 times more likely to experience these problems. According to the CHAS data, housing problems have a greater frequency among Black/African American and Asian households at 0-30% AMI. Households at 30-50% AMI of Black/African American, Asian, and Hispanic households experience a greater disproportionate need. Households at 50-80% AMI of American Indian, Alaskan Native and Hispanic experience a greater disproportionate need. Black/African American and Asian households at 80-100% AMI experience a greater disproportionate need.

## NA-20 Disproportionately Greater Need: Severe Housing Problems – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction

A disproportionately greater need exists when members of racial or ethnic group at various income levels experience housing problems at a greater rate (10 percentage points or more) than the income level as a whole. This Section will analyze disproportionate greater need for income levels 0-30%, >30-50%, >50-80%, >80-100% AMI, by race or ethnicity experiencing severe housing problems. The severe housing problems included are as follows, lacks complete kitchen and plumbing facilities; overcrowded households with more than 1.5 persons per room, not including bathrooms, porches, foyers, halls or half-rooms; and households with cost burdens of more than 50 percent of income.

### 0%-30% of Area Median Income

Source:

\*The four severe housing problems are:

1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than 1.5 persons per room, 4. Cost Burden over 50%

## Discussion

According to 2016-17 AFH, five thousand one hundred thirty-five households in Rio Rancho experience a severe housing problems (16%). The lowest percentage of households in Rio Rancho experiencing a severe housing cost burden were non-Hispanic Others (7.8%), which was below the 14% average. Blacks (8.9%), Native Americans (11.9%) and non-Hispanic Whites (13%) were next lowest, followed by Asian/Pacific Islanders (16.7%) and Hispanics (17.4%). Non-family households were twice as likely to pay more than 50% of their income on housing compared with family households of any size.

According to HUD, a disproportionately greater need exists when the percentage of persons in a category of need who are members of a particular racial or ethnic group is at least 10 percentage points higher than the percentage of persons in category as a whole. Using CHAS data, for the very-low income (0-30% AMI) households, housing problems have a disproportionately greater frequency among Asian Households. For the low-income (>30-50% AMI) households, housing problems are experienced with a disproportionately greater frequency by Black/ African American, Asian and American Indian/Alaskan Native households. There is a greater disproportionate need among Black/ African American household in the moderate-income (>50-80% AMI) category.

Finally, the analysis did not identify any racial groups experiencing disproportionate needs in the (80-100% AMI) category.

## NA-25 Disproportionately Greater Need: Housing Cost Burdens – 91.205 (b)(2)

Assess the need of any racial or ethnic group that has disproportionately greater need in comparison to the needs of that category of need as a whole.

### Introduction:

A disproportionately greater need exists when members of racial or ethnic group as a whole, experience housing problems at a greater rate (10 percentage points or more) than the group as a whole. This Section analyses the number and percentage of cost-burdened households by race or ethnicity. Households that pay greater than 30 percent of their income for housing are considered to be cost burdened, and those that pay more than 50 percent of their household income for housing are considered to be severely cost burdened. When housing costs become such a large percentage of total income, households can be forced to make choices among other critical needs such as food, medicine, clothing, or child care.

### Housing Cost Burden

Housing Cost Burden	<=30%	30-50%	>50%	No / negative income (not computed)
Jurisdiction as a whole	20,880	6,350	4,399	370
White	13,525	3,215	2,530	195
Black / African American	545	280	70	0
Asian	279	240	65	0
American Indian, Alaska Native	335	150	35	30
Pacific Islander	25	0	0	0
Hispanic	5,885	2,345	1,654	145

Table 21 – Greater Need: Housing Cost Burdens AMI

Data Source: 2009-2013 CHAS

### Discussion:

Rio Rancho has a total of 32,000 households, of which 20% experience a housing cost burden and 14% experience a severe cost burden. The total percentage of households experiencing a cost burden has risen one percent and the severe cost burden has declined two percent from the 2013-2017 Consolidated Plan. White non-Hispanic, households represent just over half of cost burdened households, and Hispanic households represent 37% of cost burdened households. Black, Asian and American Indian households together represent 11 % of the total.

## NA-30 Disproportionately Greater Need: Discussion – 91.205(b)(2)

Are there any Income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole?

As discussed earlier, Black/African American, Asian, American Indian/Alaskan Native households represent a very small proportion of households in Rio Rancho. Only four households are classified as Pacific Islander, and none of these household's experience housing needs.

The income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole are, related to households with housing problems (lacking complete kitchen/plumbing facilities, overcrowding with more than one person per room, and cost burden greater than 30% are:

According the 2016-17 AFH, Asian/Pacific Islanders (63.7%), who were twice as likely as non-Hispanic Whites (30.7%) to suffer from one of the four housing problems. Native American (36.4%) and non-Hispanic Other households (37.9%) were the least likely to have these problems in Rio Rancho, excluding non-Hispanic Whites (30.7%). Family households with five or more persons and non-family households were more than 1.5 times more likely to experience these problems.

According the CHAS data, housing problems have a disproportionately greater frequency among Black/African American and Asian households at 0-30% AMI. Households at 30-50% AMI of Black/African American, Asian, and Hispanic households experience a greater disproportionate need. Households at 50-80% AMI of American Indian, Alaskan Native and Hispanic experience a greater disproportionate need. Black/African American and Asian households at 80-100% AMI experience a greater disproportionate need.

The income categories in which a racial or ethnic group has disproportionately greater need than the needs of that income category as a whole are, related households with severe housing Problems (Lacks complete kitchen facilities, lacks complete plumbing facilities, more than 1.5 persons per room and Cost burden over 50% are:

For the very-low income (0-30% AMI) households, Asian households experience a disproportionately greater need. For the low-income (>30-50% AMI) households, housing problems are experienced with a disproportionately greater frequency by Black/ African American, Asian and American Indian/Alaskan Native households. For the moderate-income (>50-80% AMI), there is disproportionately greater need among Black/ African American households. The 80-100% AMI households, do not experience any disproportionate needs.

If they have needs not identified above, what are those needs?

N/A

Are any of those racial or ethnic groups located in specific areas or neighborhoods in your community?

The 2013-2017 Consolidated Plan reported census tract 107.10, 107.11 and 107.13 with high concentration of Hispanic households. In addition, 107.11 and 107.13 were identified to have 83% low-income households and 86% extremely low-income households. Further evaluation reports, no racial or ethnic group are located in a specific area or neighborhood. The racial or ethnic groups and low-income households are dispersed citywide.

## NA-35 Public Housing – 91.205(b)

### Introduction

N/A, Rio Rancho has no Public Housing.

Tables information from Albuquerque Housing Authority only. Residents of Rio Rancho have the option of using Santa Fe Civic Housing Authority, Bernalillo County Housing Department, and/or Albuquerque Housing Authority for consumption of Choice Voucher.

### Totals in Use

Table 25 – Ethnicity of Public Housing Residents by Program Type

Data Source: PIC (PIH Information Center)

Section 504 Needs Assessment: Describe the needs of public housing tenants and applicants on the waiting list for accessible units:

N/A, Rio Rancho has no Public Housing.

Most immediate needs of residents of Public Housing and Housing Choice voucher holders

The most basic need of Housing Choice Vouchers holders is affordable housing. Beyond affordable housing, proximity to jobs and high performing schools, transportation, child services, and access to social welfare programs were identified by focus groups and interviews with providers of supportive services.

How do these needs compare to the housing needs of the population at large

According to the Assessment for Fair Housing, the most basic needs are affordable housing, access to education, reliable transportation, and employment, which are aligned with the needs of very low-income and low-income households throughout Rio Rancho.

Discussion

The section 504 requirements do not apply to this section since there are no public housing units in the City.

N/A, Rio Rancho has no Public Housing.

Tables information from Albuquerque Housing Authority only. Residents of Rio Rancho have the option of using Santa Fe Civic Housing Authority, Bernalillo County Housing Department, and/or Albuquerque Housing Authority for consumption of Choice Voucher.

## NA-40 Homeless Needs Assessment – 91.205(c)

### Introduction:

The Consolidated Plan regulations require that the City describe the nature and extent of unsheltered and sheltered homeless within its jurisdiction, using, at a minimum, data from the Homeless Management Information System (HMIS) and data from the Point-In-Time (PIT) count. HUD requires that the grantees consult with their local Continuum of Care (CoCs) to generate data for the tables presented below. In addition, HUD advises that those jurisdictions with multiple Continuums of Care should present combined data across for all Continuums within the geographic area of the jurisdiction.

A Chronically Homeless Individual, is an unaccompanied homeless individual, living in an emergency shelter or in an unsheltered location, with a disabling condition who has been continuously homeless for a year or more, or has had at least four episodes of homelessness in the past three years. Families with children include at least one household member age 18 or over and at least one household member under the age of 18. Veterans are persons who have served on active duty in the Armed Forces of the United States; this does not include inactive military reserves or the National Guard unless the person was called to active duty. Unaccompanied youth are individuals under the age of 18 years old, who are presumed to be emancipated if they are unsheltered without an adult.

U.S. Department of Housing & Urban Development (HUD) created the Continuum of Care (CoC) program, which funds certain types of programs that provide permanent supportive housing, transitional housing, rapid rehousing and services to people experiencing homelessness. In New Mexico, there is an Albuquerque CoC and a Balance of State CoC, which covers all parts of New Mexico except for Albuquerque. Both are coordinated by the New Mexico Coalition to End Homelessness who operates and administers the Homeless Management Information System (HMIS) and also spearheads the Point In Time Count project in partnership with other local agencies.

There is no Continuum of Care within city limits. Rio Rancho is located within the State of New Mexico, which has two Continuums of Care programs. The New Mexico Coalition to End Homelessness (NMCEH) identifies the Albuquerque CoC and the New Mexico Balance of State CoC as the two CoCs operating within the State of New Mexico. Both CoCs have received funding from HUD, and both have conducted the point-in-time count. The City of Rio Rancho has elected to use the New Mexico Balance of State, specifically Sandoval County, for Point-In-Time (PIT) counts.

Homeless Needs Assessment

Population	Estimate the # of persons experiencing homelessness on a given night		Estimate the # experiencing homelessness each year	Estimate the # becoming homeless each year	Estimate the # exiting homelessness each year	Estimate the # of days persons experience homelessness
	Sheltered	Unsheltered				
Persons in Households with Adult(s) and Child(ren)	0	108	108	0	0	0
Persons in Households with Only Children	0	0	0	0	0	0
Persons in Households with Only Adults	0	34	36	0	0	0
Chronically Homeless Individuals	0	0	14	0	0	0
Chronically Homeless Families	0	0	46	0	0	0
Veterans	0	0	4	0	0	0
Unaccompanied Child	0	0	0	0	0	0
Persons with HIV	0	0	0	0	0	0

Table 26 - Homeless Needs Assessment

Data Source Comments:

Indicate if the homeless population is:  Has No Rural Homeless

If data is not available for the categories "number of persons becoming and exiting homelessness each year," and "number of days that persons experience homelessness," describe these categories for each homeless population type (including chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth):

65 Homeless individuals BECOMING homeless in CY 2017, data didn't identify as chronically homeless individuals and families, families with children, veterans and their families, unaccompanied youth, or persons with HIV.

70 Homeless individual EXITING homelessness in CY 2017, data didn't identify as chronically homeless individuals and families, families with children, veterans and their families, unaccompanied youth, or persons with HIV.

Number of Days that Persons Experience Homelessness, Average Number of Days from Approximate Start of Homelessness = 529.6 days (range 23 – 1655 days)

Data didn't identify as chronically homeless individuals and families, families with children, veterans and their families, unaccompanied youth, or persons with HIV.

Nature and Extent of Homelessness: (Optional)

Race:	Sheltered:	Unsheltered (optional)
White	145	0
Black or African American	14	0
Asian	2	0
American Indian or Alaska Native	23	0
Pacific Islander	0	0
Ethnicity:	Sheltered:	Unsheltered (optional)
Hispanic	106	0
Not Hispanic	102	0

Data Source  
Comments:

Estimate the number and type of families in need of housing assistance for families with children and the families of veterans.

Veterans: 4 persons (all male) in households without children were identified as veterans are in need of housing assistance.

Describe the Nature and Extent of Homelessness by Racial and Ethnic Group.

145 White, 14 Black, African American, 2 Asian, 23 American Indian/ Alaskan Native, 18 Multiple Races, and 6 unknown or refused.

Describe the Nature and Extent of Unsheltered and Sheltered Homelessness.

Sheltered Count (CY 2017) = 203 persons in 79 households (additionally, 5 persons in 1 household were served by homeless prevention services). In Households without Children = 40 persons in 36 households; in Households with Adults and Children = 56 adults, 112 children in 44 households. No unaccompanied youth were identified in reporting period.

Discussion:

The numbers reported by the Homeless Management Information System (HMIS), potentially maybe misleading. First, the numbers reported are only from service providers participating in HMIS. Many of the non-profit or service provider agencies may elect not to participate due to the burden of data entry. Second, there are significant number of homeless who choose not to receive services, HMIS only collects information from service providers, thus further misrepresenting the need, with incomplete total of homeless included in the HMIS. Point in Time counts, volunteers going into encampments, and

other areas to perform actual counts of homeless, every year or every other year. Unfortunately, no such counts are occurring in Rio Rancho nor Sandoval County, Point in Time counts currently are being taken from providers participating to the HMIS

## NA-45 Non-Homeless Special Needs Assessment - 91.205 (b,d)

### Introduction:

The Consolidated Plan requires that, to the extent practicable, the housing needs of persons who are not homeless but require supportive housing be described. This includes the elderly, 62 and older; frail elderly; elderly persons who require assistance with three or more activities of daily living; persons with disabilities; persons with alcohol or other drug addiction; persons with HIV/AIDS and their families; and victims of domestic violence.

This Section addresses this aspect of the Consolidated Plan regulations. However, since the City of Rio Rancho is not a recipient of HOPWA funds, the HOPWA and HIV Housing Need Tables are not included

### Describe the characteristics of special needs populations in your community:

Persons with special needs include the elderly, frail elderly, severely mentally ill, developmentally disabled, physically disabled, persons with alcohol or other drug addictions, persons with HIV/AIDS and victims of domestic violence who are not homeless, but due to various reasons are in need of services and supportive housing.

The U.S. Department of Housing and Urban Development (HUD) defines elderly as a person who is 62 years of age or older. A frail elderly person is an elderly person who is unable to perform at least three "activities of daily living" including eating, bathing, grooming, or home management activities. Generally, elderly people have lower incomes than the population at large. Based on 2009-2013 CHAS data, of the 32,000 households in Rio Rancho, 6,000 households (18%) includes one person 62-74 years old and 3,000 households with one person 75 years or older (9%).

HUD defines a disabled person as an individual with a physical or mental impairment that substantially limits one or more major life activities. Persons with disabilities potentially have high health care costs, are dependent on supportive services, and may require accessibility modifications to accommodate their disability. Twelve percent of Rio Rancho's population (10,878 people) ages 5 and up, have some type of disability. Ambulatory difficulties followed by cognitive difficulties are most prevalent. A potential obstacle to independent living for these adults is not only the disability, but also the lack of financial resources, often related to limited employment.

The Department of Justice defines domestic violence as a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

The New Mexico Coalition Against Domestic Violence provides statistics and annual reports. The Incidence and Nature of Domestic Violence In New Mexico XVI: An Analysis of 2016 Data from The New

Mexico Interpersonal Violence Data Central Repository reported 72 domestic violence incidents from Sandoval County Sheriff's Office.

What are the housing and supportive service needs of these populations and how are these needs determined?

Special needs groups share in common the need for affordable, safe, accessible housing. Supportive service needs include case management, medical or psychological counseling and supervision, childcare, transportation and job training for the purpose of achieving self-sufficiency.

Rio Rancho determined the level and types of services needed by completing the 2016/17 Assessment for Fair Housing, conducting and compiling results from representatives of social service programs whose clients include all special needs populations mentioned above, holding meetings with constituents and concerned citizens, and reviewing ACS data.

Haven House is a domestic violence emergency shelter located in Rio Rancho that serves all of Sandoval County. The organization has a 32-bed facility that can house approximately 32 victims and their children. Haven House provides a range of client services that include 24/7 crisis intervention, domestic violence education, counseling, legal advocacy, case management, and life skill programs for victims and their children.

The Sandoval County Permanent Supportive Housing Program, a community service provided by Sandoval County, provides rental assistance. The program operates through a HUD Continuum of Care grant. Program participants have to be disabled and chronically homeless. The program currently serves 45 households (82 people). The program works with landlords to find single-family homes with rents affordable to client families. Transportation is a barrier for participants, given the limited public transportation available in Sandoval County. To combat this, the program works with the county's senior program, which provides on-demand transit service.

The core services of St. Felix Pantry are food, clothing, and referral services. Within its services, two CBCD funded programs are food assistance and homeless prevention assistance, which aid those who at imminent risk of either residing in shelters or becoming unsheltered.

Catholic Charities, provides HUD funded rental assistance with comprehensive case management for single parent households for up to 24 months. In addition, limited homeless prevention program, that provide 3-6 months of rental assistance.

NM Help, offers emergency assistance, on the job training, work experience, training related support services, classroom training, specialized training, supportive housing, child and adult care food program, OLAO program (daycare), Foster Grandparent and Senior Companion programs, and a variety of other trainings such as financial literacy, job readiness, pesticide training, and tractor safety.

Goodwill Industries of New Mexico provides job development and placement services for the general public at the Rio Rancho location. In addition, all of our employment and social service programs (9 in

total) are available at our corporate location on San Mateo Blvd, NE in Albuquerque. They provide, brain injury case management, employment services, job readiness classes, customer service training, senior community service employment program, two Veterans employment and social service programs, a paid training retail and warehouse program, and a forklift certification course.

Discuss the size and characteristics of the population with HIV/AIDS and their families within the Eligible Metropolitan Statistical Area:

Rio Rancho does not collect data on persons with HIV/AIDS. The State, as a Ryan White program, does collect statewide data. The 2017-2021 New Mexico Integrated Plan for HIV Prevention and Care reported that as of 2014, there were 2,750 New Mexico residents with HIV. During 2014, 132 new cases of HIV were diagnosed and reported, representing an overall incidence rate of 6.30 per 100,000. The data reveal that more males (87%) than females (13%) were diagnosed with HIV. Hispanics comprised nearly half of all new cases in 2014 and had an incidence rate comparable to the state as a whole. However, rates were most disparate in American Indians (16.2 per 100,00) and African Americans (18.1 per 100,000). Historically, American Indians accounted for 8% of cases, but the percentage increased significantly in 2014 when it rose to 22% of all reported cases. Hispanics and Whites were the highest proportion of cases among men, but among women American Indians and Hispanics were more likely to be diagnosed with HIV. In terms of age, incidence was highest among people with diagnoses who are between the ages of 25 and 34 (36%), followed by those between the ages of 35 and 44 years (20%). The epidemic in New Mexico is most common among gay/bisexual men and other men who have sex with men (MSM) who do not identify as gay; the second most common mode of transmission is through heterosexual sex.

Discussion:

Special needs groups share in common the need for affordable, safe, accessible housing. Supportive service needs include case management, medical or psychological counseling and supervision, childcare, transportation and job training for the purpose of achieving self-sufficiency.

Rio Rancho determined the level and types of services needed by completing the 2016/17 Assessment for Fair Housing, conducting and compiling results from representatives of social service programs whose clients include all special needs populations mentioned above, holding meetings with constituents and concerned citizens, and reviewing ACS data.

Again, there are many service providers in Sandoval County, specifically in Rio Rancho and even more in the Albuquerque metropolitan area. However, the public bus system provides limited route service in Rio Rancho, which potential makes these services unobtainable.

## NA-50 Non-Housing Community Development Needs – 91.215 (f)

Describe the jurisdiction's need for Public Facilities:

### Parks and Recreation Facilities ADA Transition Plan and Implementation

New construction undertaken after March 15, 2012, it is required to meet the 2010 ADA Design Standards; the facilities, existing and new, must also meet any state requirements that are more stringent than federal requirements. The Department of Parks and Recreation will implement the 2014 ADA Transition Plan to ensure compliance. The Department will also evaluate existing sites that have swimming pools, court sport facilities, team or player seating, exercise machines, playgrounds/play areas and "accessible routes to each area of sport activity".

### Park Playground Replacements, Surfacing, and Shade Improvements

There is a need for planned replacement of whole playgrounds as they deteriorate, no longer meet safety standards, become obsolete or no longer be repaired. In 2010, the Department of Justice adopted new ADA guidelines and rules for accessibility. Many of the existing playground systems are not in complete compliance. The planned replacement of playgrounds will ensure the safe and engaging use of city playgrounds by local youth. The department can "upgrade" entire playgrounds to reduce maintenance costs and provide the same or better level of service to the public.

### Meadowlark Senior Center Parking Lot Renovations

This Senior Center serves a population that is vulnerable based on age and disability. Phase II will include three lighted crosswalks designated to alert approaching motorists to the presence of pedestrians in the parking lot. The system ensures pedestrian safety with embedded in-pavement flashing signal lights and yellow flashing warning signs that illuminate automatically in the presence of a pedestrian. Storage units that are over 25 years old will be replaced, and additional landscaping, signage and site seating will be installed. These improvements will lower the risk of injury and legal liability to the City.

### Meadowlark Senior Center (MSC) Improvements and Renovations

Funding was approved in the 2014 Senior Bond to replace the sheet linoleum in the MSC Dining Room, two classrooms and the Billiards Room. The Stove, Dishwasher, and Boilerless Steamer has been put on a replacement schedule based on the age and condition of the equipment which have reached or surpassed their usable life. The Center does not have a generator that would enable it to function in the event of an interruption in electrical power. Funding was approved in the 2014 Senior Bond to replace storefront/doors. Storefront windows are also compromised due to age and weather conditions, which results in leakage. Exterior walls are experiencing increasing weather-related degradation. Stucco has gaps between the flashing and the parapet walls, which is causing roof leakage into the building. The interior walls need painting. The existing electric partition, which has an emergency door, has exceeded its useful life and violates the Life Safety Code 101 (97 addition) adopted by the state.

How were these needs determined?

The "City of Rio Rancho 2018-2023 Infrastructure and Capital Improvement Plan (ICIP)" prepared by the City of Rio Rancho established the need for the aforementioned projects and presents multi-year projection of capital needs and financing requirements. In addition, a Capital Improvements Plan Citizen's Advisory Committee (CIPCAC) assist the city in preparation, implementation and update of the impact fees capital improvement plan (IFCIP). The IFCIP is a plan developed to support the creation of impact fees.

## Public Facilities

### Rainbow Park and Pool Renovations and Improvements

Rainbow Pool is the city's largest outdoor pool, at 20 years old, was recently re-plastered and re-tiled. Two existing overhead garage doors will be replaced because they were vandalized and have become bent from years of use. A permanent shade structure is needed to replace a deteriorated temporary shade structure.

### Park Parking Lot Renovation Projects

Very few of the parking lots at the Department's facilities have received any of the patching and repair that are essential to long-term roadway function. Many of them do not comply with ADA access requirements for handicap parking stalls, aisles and routes.

### Sports Complex North

The city acquired all necessary land to complete the facility to meet the Memorandum of Understanding between the city, Rio Rancho Soccer Club, Cibola Little League, and AMREP. The city agreed to construct new fields as soon as it was able to do so.

### Star Heights Recreation Center and Park Improvements and Renovations

The Star Heights Community Center building is in need of repairs to ensure continued quality for public use, utility efficiency, and to extend the life of the building. Window repairs will reduce condensation, water leaks and heat loss, while a re-stucco of the exterior will protect the building envelope and improve the building's visual appearance. The recreation area of the original building is in need of new flooring due to wear and tear from foot traffic.

### Park Maintenance Equipment

The equipment requested in FY2018 is needed to maintain ball field and park facilities. The Simplicity Tractor would allow more than one crew to undertake medium and large digging tasks and could eliminate many manual projects. The Batwing has a larger deck allowing for more grass to be cut at one time. A new Front Deck Mower is needed to replace a front deck mower purchased in 1993 that often needs repair. A 72" Deck Mower is needed to replace an existing zero-turn mower purchased in 1993 that needs regular repair. The Bunker Rake would replace an existing bunker rake purchased in 1995 that is aged and often needs repair.

## Describe the jurisdiction's need for Public Improvements:

### Southern Boulevard Reconstruction Phase I from NM528 to Golf Course Rd

The roadway is severely deteriorated and updated design features are necessary to accommodate traffic flows, improve business access, and comply with ADA requirements on this heavily used principal arterial.

### Nicklaus Drive Sidewalk Improvements

Nicklaus Drive between Chianti Road and Southern Boulevard is a residential street with Martin Luther King Jr. (MLK) Elementary School facing Nicklaus Drive on the southern end of the project corridor. There are no sidewalks on either side of Nicklaus Drive connecting MLK Elementary to either Chianti Road or Southern Boulevard. The addition of a sidewalk will add a defined access route for children who are being dropped off at MLK.

### High Resort Blvd. Reconstruction (NM 528 to Broadmoor Blvd.)

Rio Rancho's street system requires increased investment/funding in all aspects – preventative maintenance, rehabilitation, reconstruction, and system expansion. High Resort Blvd. is an important east/west corridor that connects NM 528 to Broadmoor Blvd. and is currently rated poor to very poor based on the pavement rating data compiled by the city's Engineering Division staff.

### Pavement Preservation, Rehabilitation, and Reconstruction Programs

As roads age, many distresses form that reduce the life of the asset. Without timely and proper treatments and improvements, the roads become brittle and subject to cracking, which ultimately causes failure of the road. Once the road fails, it is a candidate for costly reconstruction.

### Unser Blvd.-Phase IIB- Cherry Road to Paseo del Volcan (PdV)

Unser Boulevard is a major transportation corridor that serves the west side of the Albuquerque and Rio Rancho metropolitan area. According to the 2040 Metropolitan Transportation Plan (MTP) for the Albuquerque Metropolitan Planning Area (AMPA), Unser Boulevard is one of only three (3) major north-south thoroughfare roadways existing and planned for the urban area west of the Rio Grande.

### Unser Blvd/Cherry Road Ramp Realignment

The current configuration of Unser Blvd. and Cherry Road includes a right turn lane from Cherry Road onto southbound Unser Blvd. Traffic volumes on Unser Blvd have increased requiring that the second southbound lane be opened to improve the efficiency and safety of the intersection.

### Broadmoor Blvd. Extension Phase I: Norwich Avenue to Paseo del Volcan (PdV)

The transportation facilities within the City of Rio Rancho are becoming more important to the economic well-being of our metropolitan area. Traffic modeling for this area identifies the 30th Street/Broadmoor Blvd. corridor as being needed to better accommodate traffic flows into this area from Southern Rio Rancho. This corridor is identified on the Rio Rancho Roadway Classification plan and the adopted Lomas Negras and Sierra Vista Specific Area Plans.

Northern Blvd. Widening Phase II Design and R/W (Broadmoor Blvd. to Unser Blvd.)

The Northern Boulevard expansion is necessary to accommodate increased traffic flows as the city grows from east to west. This is a major corridor with large commercial sites throughout the corridor.

Lincoln Ave. Improvements (Adams Lane to Paseo del Volcan): Interim Roadway and Full Build Out

The project will connect Paseo del Volcan to Lincoln Avenue allowing improved access to the city's Sports Complex North, Sandia Elementary School, the Lomas Encantadas subdivision, and the newly constructed Plaza at Enchanted Hills shopping center.

How were these needs determined?

The "City of Rio Rancho 2018-2023 Infrastructure and Capital Improvement Plan (ICIP)" prepared by the City of Rio Rancho established the need for the aforementioned projects and presents multi-year projection of capital needs and financing requirements. In addition, gaps identified by agencies identified these needs by AFH process and additional interviews.

Describe the jurisdiction's need for Public Services:

Pursuant to CDBG regulations, only 15 percent of the City's annual grant allocation can be used for public service type activities. The City proposes to focus funds on lower income households in order to establish, improve, and expand existing public services to youth and senior services, mental health services, substance abuse services, services for domestic violence victims, services for the homeless and services for persons with special needs.

Rio Rancho has determined the need for four public services. First, enactment of a local fair housing ordinance would give Rio Rancho the legal basis to take enforcement action. It would also make the City eligible for federal fair housing funding for education, outreach and enforcement. Second, Rio Rancho has a great shortage of affordable, accessible private housing, and this is the greatest shortage of units as a percent of need. The impact on individuals is acute, and there are few options for those in need of such units. Third, Rio Rancho has no accessible units in publicly supported housing other than Buena Vista Active Adult Community, which has very few units for seniors who use wheelchairs. The impact on individuals is acute, and there are few options for those in need of such units. Fourth, participants in the community participation process were adamant about the failures of public transportation in Rio Rancho. Participants reported that they are unable to rely on transit to get to work or appointments, and schedules make it impossible to accomplish multiple tasks in one trip.

Through the Substantial Amendment to this plan, approved by the Governing Body on May 27, 2020, public services made available through Saint Felix Pantry were increased due to the additional funds provide by the HUD CARES Act. The Homelessness Prevention Project that normally funds past due rent

and utility payments will include past due mortgage payments as a result of job loss related to COVID-19.

How were these needs determined?

The “City of Rio Rancho 2018-2023 Infrastructure and Capital Improvement Plan (ICIP)” prepared by the City of Rio Rancho established the need for the aforementioned projects and presents multi-year projection of capital needs and financing requirements. In addition, gaps identified by agencies identified these needs by AFH process and additional interviews.

# Housing Market Analysis

## MA-05 Overview

### Housing Market Analysis Overview:

According to CHAS data provided from 2009-2013 ACS there are 34,529 total residential properties in Rio Rancho with a significant proportion of 1-unit detached structures (89%). Of these 1-unit detached structures, most have 3 or more bedrooms and are owner occupied. Most renters (60%) live in homes or apartments with 3 or more-bedroom house or apartment. Mobile Home, boat, RV are the least popular (2%) housing types. The Housing Market Analysis Report prepared by HUD's Economic and Market Analysis Division, April 1, 2016 covers the Albuquerque Housing Market Area inclusive of Bernalillo, Sandoval, Torrance and Valencia Counties. The report estimated the population of the Albuquerque HMA as 909,300, which reflected an average annual increase of 3,700, or 0.4 percent, from 887,077 on April 1, 2010. The estimated vacancy rate was 1.8 percent for sales housing market. The rental home and apartment market was balanced, with overall vacancy rate of 7.0 percent and 5.5 percent, respectively. During a 3-year forecasting period, population gains were expected to demand 2,250 new homes as well as 1,075 new market-rate rental units. There were 430 homes and 1,000 apartment units currently under construction, with an estimated 19,700 vacant units, with a portion of those expected to reenter the sales housing market in the four-county region.

The median value of owner-occupied housing is estimated to be \$172,400, which is slightly lower than the regional median, but higher than the median housing value in the state as a whole. About 79.3% of all owner-occupied units have a mortgage and about one-third (36.7%) of owner-occupied households in the city pay more than 30% or more of their incomes toward housing, slightly higher than the regional average. Compared with homeowners, a higher percentage of renters in Rio Rancho (51.3%) pay 30% or more of their income for housing. In addition, the median monthly rent for rental units is 75% higher than the region at \$1,043 per month.

There are currently no homeless shelters and no housing authority in the City of Rio Rancho to mitigate homelessness or those in eminent danger of being homeless. Rio Rancho previously worked with various supportive service organization and will continue to support St. Felix Pantry, which provides food assistance, homelessness prevention, clothing, and referral assistance. The City partners with Sandoval County Permanent Supportive Housing, to assist people with chronic disabilities who experience homelessness. In addition, the City partners with Haven House, which delivers emergency shelter and supportive services to experiencing domestic violence traumas. Catholic Charities provides HUD funded rental assistance with comprehensive case management for single parent households for up to 24 months and limited homeless prevention program, that provide 3-6 months of rental assistance.

## MA-10 Number of Housing Units – 91.210(a)&(b)(2)

### Introduction

According to CHAS data provided from 2009-2013 ACS there are 34,529 total residential properties in Rio Rancho with a significant proportion of 1-unit detached structures (89%). Of these 1-unit detached structures, most have 3 or more bedrooms and are owner occupied. Most renters (60%) live in homes or apartments with 3 or more-bedroom house or apartment. While two percent of the housing types are Mobile Home, boat, RV.

### All residential properties by number of units

Property Type	Number	%
1-unit detached structure	30,594	89%
1-unit, attached structure	658	2%
2-4 units	1,358	4%
5-19 units	618	2%
20 or more units	703	2%
Mobile Home, boat, RV, van, etc	598	2%
Total	34,529	100%

Table 27 – Residential Properties by Unit Number

### Unit Size by Tenure

	Owners		Renters	
	Number	%	Number	%
No bedroom	36	0%	65	1%
1 bedroom	119	0%	587	8%
2 bedrooms	2,742	11%	2,155	31%
3 or more bedrooms	22,148	88%	4,149	60%
Total	25,045	99%	6,956	100%

Table 28 – Unit Size by Tenure

Data Source: 2009-2013 ACS

Describe the number and targeting (income level/type of family served) of units assisted with federal, state, and local programs.

The 2017 CAPER revealed that the City of Rio Rancho administers the Rio Rancho Housing Opportunity Program (RRHOP) which assists first time homebuyers with a zero-interest loan/ grant to assist with purchasing a home. The program provides half of the down payment and required closing costs and does not have to be repaid unless the homebuyer sells or refinances the home to withdraw equity within 5 years of closing. In 2016, four households utilized the program out of the six-family goal. CDBG

funds were used to increase public services for elderly, disabled, youth, victims of domestic violence and low-income residents. Capital improvements were made to local domestic violence shelters to improve and extend the parking lot as well as install security lights and cameras to enhance safety at the shelter. Storehouse West, a local non-profit that supplies food and clothing to extremely low and low-income population, received CDBD funds to replace the roof. The replacement of the parking lot at Star Heights Park brought it into compliance with ADA standards.

Provide an assessment of units expected to be lost from the affordable housing inventory for any reason, such as expiration of Section 8 contracts.

N/A no public housing authority.

Does the availability of housing units meet the needs of the population?

The Housing Market Analysis Report prepared by HUD's Economic and Market Analysis Division, April 1, 2016 covers the Albuquerque Housing Market Area inclusive of Bernalillo, Sandoval, Torrance and Valencia Counties. The report estimated the population of the Albuquerque HMA as 909,300, which reflected an average annual increase of 3,700, or 0.4 percent, from 887,077 on April 1, 2010. The estimated vacancy rate was 1.8 percent for sales housing market. The rental home and apartment market was balanced, with overall vacancy rate of 7.0 percent and 5.5 percent, respectively. During a 3-year forecasting period, population gains were expected to demand 2,250 new homes as well as 1,075 new market-rate rental units. There were 430 homes and 1,000 apartment units currently under construction, with an estimated 19,700 vacant units, with a portion of those expected to reenter the sales housing market in the region. Rio Rancho has 37,435 total housing units, which only 2,640 are vacant. Three percent homeowner vacancy rate and almost eight percent vacancy rate for rentals according to 2016 American Community Survey one-year estimate.

Describe the need for specific types of housing:

There are roughly 34,529 housing units in Rio Rancho. Affordable housing is needed to address cost burden, severe cost burden, and overcrowding housing conditions for owners and renters in the 0-80% income category. Specifically, small related households, (0-80% AMI) whether renting or owning, are more susceptible to cost burden and severe cost burden compared to large related, elderly and other household types.

## Discussion

According to CHAS data provided from 2009-2013 ACS there are 34,529 total residential properties in Rio Rancho with a significant proportion of 1-unit detached structures (89%). Of these 1-unit detached structures, most have 3 or more bedrooms and are owner occupied. Most renters (60%) live in homes or apartments with 3 or more-bedroom house or apartment. Mobile Home, boat, RV are the least popular (2%) housing types. The Housing Market Analysis Report prepared by HUD's Economic and Market

Analysis Division, April 1, 2016 covers the Albuquerque Housing Market Area inclusive of Bernalillo, Sandoval, Torrance and Valencia Counties. The report estimated the population of the Albuquerque HMA as 909,300, which reflected an average annual increase of 3,700, or 0.4 percent, from 887,077 on April 1, 2010. The estimated vacancy rate was 1.8 percent for sales housing market. The rental home and apartment market was balanced, with overall vacancy rate of 7.0 percent and 5.5 percent, respectively. During a 3-year forecasting period, population gains were expected to demand 2,250 new homes as well as 1,075 new market-rate rental units. There were 430 homes and 1,000 apartment units currently under construction, with an estimated 19,700 vacant units, with a portion of those expected to reenter the sales housing market in the region. Rio Rancho has 37,435 total housing units, which only 2,640 are vacant. Three percent homeowner vacancy rate and almost eight percent vacancy rate for rentals according to 2016 American Community Survey one-year estimate.

## MA-15 Housing Market Analysis: Cost of Housing - 91.210(a)

### Introduction

If housing costs are relatively high in comparison to household income, a correspondingly high prevalence of housing cost burden and overcrowding will typically occur.

### Cost of Housing

	Base Year: 2000	Most Recent Year: 2013	% Change
Median Home Value	111,900	174,900	56%
Median Contract Rent	678	878	29%

Table 29 – Cost of Housing

Data Source: 2000 Census (Base Year), 2009-2013 ACS (Most Recent Year)

Rent Paid	Number	%
Less than \$500	671	9.7%
\$500-999	3,896	56.0%
\$1,000-1,499	2,084	30.0%
\$1,500-1,999	138	2.0%
\$2,000 or more	167	2.4%
Total	6,956	100.0%

Fair Market Rent	557	707	873	1,270	1,513

Monthly Rent (\$)	Efficiency (no bedroom)	1 Bedroom	2 Bedroom	3 Bedroom	4 Bedroom
High HOME Rent	557	707	873	1,091	1,198
Low HOME Rent	557	609	731	845	942

Table 32 – Monthly Rent

Data Source Comments: 2018 HOME Rent Limits

### Is there sufficient housing for households at all income levels?

There are more owner-occupied homes and limited apartments or multifamily residence in Rio Rancho. Many of the residents' income is below area median income thus contributing to cost burden and severe cost burden problems. Rio Rancho has 3 low income housing tax credit complexes that contain a total of 476 rented units: Westview Townhomes (44), Enchanted Vista Apartments (174) and Buena Vista Active Adult Community (258). The Low-Income Housing Tax Credit (LIHTC) program helps create affordable apartment communities with lower than market rents by offering tax incentives to the property owners, not the tenant renting the unit. Properties may contain market rate units that are not financially assisted, in addition to reduced rent LIHTC units under a tiered rent structure. A tiered rent structure means that it's possible for the same unit to have different rent amounts for occupants with different incomes. Private management companies and individual owners manage these low-income housing apartment communities. LIHTC units may also have a rental subsidy program attached to them, such as the Project-Based Section 8 program. According to HUD's comprehensive housing market analysis of Albuquerque, NM consisting of Sandoval, Bernalillo, Valencia, and Torrance County, employment and population gains are expected to generate demand for 2,250 new homes and 1,075 new market rate units for the rental market. In addition, there are 19,700 vacant units, a portion of which may reenter the market in the region. Rio Rancho has 37,435 total housing units, which only 2,640 are vacant. Three percent homeowner vacancy rate and almost eight percent vacancy rate for rentals according to 2016 American Community Survey one-year estimate.

### How is affordability of housing likely to change considering changes to home values and/or rents?

Affordability of housing is not likely to change considering the home values or rent. The City's commitment towards affordable housing and using CDBG to fund service providers will greatly impact the how affordable housing is. Looking at HUD's FY 2017 Income Limits for Sandoval County, a four-person household with an income at 30% AMI has an annual income of \$24,250; a four-person 50% AMI, \$29,700; and a four-person 80% AMI, \$47,500. Therefore, a household earning an annual \$24,250 or a monthly income of \$2,020 can afford a monthly housing payment including rent and utilities of up to \$606. That calculation is based on the 30% income to housing cost that is standard for most federal housing programs. The Fair Market Rent for a two-bedroom apartment is \$873, which will not be affordable to the family of four earning \$24,250 a year, 30% AMI, nor at 50% AMI, \$29,700. In the for-purchase market, the maximum affordable gross housing sales price for a four-person household with a

50% AMI is about \$113,700; that figure assumes a 30-year loan with 4% interest rate and a 3.5% down payment and may vary depending on other factors. According to Albuquerque comprehensive housing market analysis by the Greater Albuquerque Association of Realtors, the average sales price for new and existing single-family homes, townhomes, and condominiums, increased 2 percent to \$211,000 during the 12 months ending in March 2016.

How do HOME rents / Fair Market Rent compare to Area Median Rent? How might this impact your strategy to produce or preserve affordable housing?

The HOME rents and the Fair Market Rents appear to be in line with the median contract rent for Rio Rancho. The City of Rio Rancho is not a recipient of HOME Program funds. Currently 7% of households experience a cost burden and 14% experience a severe cost burden which impacts the City's strategy to produce or preserve affordable housing comparatively to HOME and Fair Market Rents.

## Discussion

There are 34,529 housing units within the City of Rio Rancho. Of these housing units, 93.9% are occupied, and 6.1% are vacant – both of which are similar to occupancy rates in Albuquerque. Of occupied units, 78.9% are owner-occupied and 21.1% are renter-occupied. This is a significantly higher homeownership rate than the region, Bernalillo, Sandoval, Tarrant and Valencia Counties and reflects both a scarcity of traditional multifamily rental units, and the demand for single family housing.

Rio Rancho was one of the fastest growing cities in the United States in the 1990s and early 2000, and its housing stock is much newer than the housing stock in the region as a whole. Thirty-five percent was built between 1970 and 1980, and few units were built before this since Rio Rancho was incorporated in 1981. About 58% of all housing units were built between 1990 and 2000, with 38.8% being built between 2000 and 2010. The city's more recent development history and resident preferences for single-family homes, about 88.4% of the city's units are single-family detached units, followed by a small percentage of 3-4 plexes, and apartment buildings with 20 or more units. The city has the lowest percentage of mobile homes, at about 1.7% of all units.

# MA-20 Housing Market Analysis: Condition of Housing – 91.210(a)

## Introduction

Rio Rancho has a much higher homeownership rate but a scarcity of traditional multifamily rental units. Rio Rancho was one of the fastest growing cities in the United States in the 1990s and early 2000. As such, the number of housing units grew much faster with new units constructed between 1990 and 2010, and a further growth during the years between 2000 and 2010. Currently, there are three low income housing apartment complexes which contain 476 affordable apartments.

## Definitions

Substandard - a unit lacks complete kitchen or plumbing facilities.

Substandard condition but suitable for rehabilitation - dwelling unit that does not meet some of the applicable housing and building codes, but its rehabilitation is financially feasible

## Condition of Units

Condition of Units	Owner-Occupied		Renter-Occupied	
	Number	%	Number	%

## Vacant Units

	Suitable for Rehabilitation	Not Suitable for Rehabilitation	Total
Vacant Units	100	900	1,000
Abandoned Vacant Units	0	0	0
REO Properties	0	0	0
Abandoned REO Properties	0	0	0

Table 36 - Vacant Units

Alternate Data Source Name:

Albuquerque 2013-17 Consolidated Plan and 2013 Act

Data Source Comments:

## Need for Owner and Rental Rehabilitation

In 2011, Rio Rancho enacted a new ordinance Abandoned Residential Property Registration. It required all abandoned real property to be declared a public nuisance, necessitating registration by the mortgagee with the Police Department's Code Enforcement Division on forms provided by the city. Properties remain under the annual registration requirement, security and maintenance standards of the Ordinance as long as they remain vacant. Currently, Rio Rancho has about 1,000 properties listed on the registry annually.

## Estimated Number of Housing Units Occupied by Low or Moderate Income Families with LBP Hazards

2009-2013 CHAS data reveals 5,415 owner-occupied and 3,965 renter-occupied housing units built before 1980 that are occupied by households with children. Homes built prior to 1980 have the potential to contain lead-based paint, which can cause serious health problems if ingested. 9,000 estimated number of housing units within Rio Rancho that are occupied by low or moderate income families that contain lead-based paint hazards.

## Discussion

There are 34,529 housing units within the City of Rio Rancho. Of these housing units, 93.9% are occupied, and 6.1% are vacant – both of which are similar to occupancy rates in Albuquerque. Of

occupied units, 78.9% are owner-occupied and 21.1% are renter-occupied. This is a significantly higher homeownership rate than the region and reflects both a scarcity of traditional multifamily rental units. Rio Rancho was one of the fastest growing cities in the United States in the 1990s and early 2000. As such, the number of housing units there grew much faster than those in the region as a whole, with new units constructed between 1990 and 2010, and 68.1% more units between 2000 and 2010. Currently, there are three low income housing apartment complexes which contain 476 affordable apartments.

The median value of owner-occupied housing is estimated to be \$172,400, which is slightly lower than the regional median, but higher than the median housing value in the state as a whole. About 79.3% of all owner-occupied units have a mortgage and about one-third (36.7%) of owner-occupied households in the city pay more than 30% or more of their incomes toward housing, slightly higher than the regional average. Compared with homeowners, a higher percentage of renters in Rio Rancho (51.3%) pay 30% or more of their income for housing. In addition, greater than 50% of current renters with children are living in apartments or homes built before 1980, thus potentially exposing them to LBP hazards.

As part of the housing market analysis, an assessment of natural hazards to low and moderate-income residents, including risks expected to increase due to climate change was conducted and the most susceptible were drought and wildfires. Water utility prices could potentially be overwhelming for low and moderate-income residents, which often causes the resident to chose between housing cost and critical daily necessities like food or medication. Rural area of Rio Rancho and surrounding areas are extremely susceptible to wildfires because of the dry brush, that act like fuel to the fire in Summer months.

## MA-25 Public and Assisted Housing – 91.210(b)

### Introduction

The City of Rio Rancho does not have a Public Housing Authority to meet the needs of the low-to-moderate income persons. The Town of Bernalillo has historically provided rental assistance to eligible Rio Rancho residents. In 2012, Santa Fe Civic acquired the Town of Bernalillo Section 8 Vouchers Program which Rental Vouchers designated for qualified applicants who want to live in Rio Rancho. Currently there are three Housing Authorities that distribute and oversee Housing Choice Vouchers: Santa Fe Civic Housing Authority, Bernalillo County Housing Department and Albuquerque Housing Authority. The tables below are populated from only Albuquerque Housing Authority and do not reflect Sandoval County or Rio Rancho accurately.

### Totals Number of Units

	Program Type								
	Certificate	Mod-Rehab	Public Housing	Vouchers					
				Total	Project -based	Tenant -based	Special Purpose Voucher

Discussion:

The City of Rio Rancho does not have a Public Housing Authority to meet the needs of the low-to-moderate income persons. The Town of Bernalillo has historically provided rental assistance to eligible Rio Rancho residents. In 2012, Santa Fe Civic acquired the Town of Bernalillo Section 8 Vouchers Program. Currently there are three Housing Authorities that distribute and oversee Housing Choice Vouchers: Santa Fe Civic Housing Authority, Bernalillo County Housing Department and Albuquerque Housing Authority. Each agency is autonomous and allows the participate to choose which housing authority is the best fit for their needs.

## MA-30 Homeless Facilities and Services – 91.210(c)

### Introduction

There are currently no homeless shelters in the City of Rio Rancho.

Information provided from 2017 Continuum of Care Homeless Assistance Program, Housing Inventory Count Report for Balance of State, Sandoval County only.

However, Haven House is a domestic violence emergency shelter located in Rio Rancho and serving all of Sandoval County. The facility is a 32-bed shelter that can house approximately 32 victims and their children. Haven House provides services to victims of domestic violence including 24/7 crisis intervention, domestic violence education, counseling, legal advocacy, case management, and life skill programs for victims and their children, among other programs.

The City of Rio Rancho provides CDBG funding to St. Felix Pantry, an agency that provides free food, clothing, household items, and service referrals services to people struggling to support their families in times of crisis.

The Sandoval County Permanent Supportive Housing Program provides HUD-funded supportive housing rental assistance coupled with comprehensive case management, service coordination and advocacy services to chronically disabled persons and immediate family members, who experiencing homelessness.

The City of Rio Rancho is in close proximity to the City of Albuquerque and is part of the Albuquerque Metropolitan Statistical Area (MSA). Albuquerque has it's own Continuum of Care Program.

Although the City is not within the Albuquerque CoC boundaries, the agencies serving the homeless within the metropolitan area are most likely providing services to the Rio Rancho homeless population.

Facilities and Housing Targeted to Homeless Households

	Emergency Shelter Beds		Transitional Housing Beds	Permanent Supportive Housing Beds	
	Year Round Beds (Current & New)	Voucher / Seasonal / Overflow Beds	Current & New	Current & New	Under Development
Households with Adult(s) and Child(ren)	0	0	0	142	0
Households with Only Adults	0	0	0	19	0
Chronically Homeless Households	0	0	0	0	0
Veterans	0	0	0	0	0
Unaccompanied Youth	0	0	0	0	0

Table 39 - Facilities and Housing Targeted to Homeless Households

Data Source Comments:

Describe mainstream services, such as health, mental health, and employment services to the extent those services are used to complement services targeted to homeless persons

The Rio Rancho Chamber of Commerce supports non-profits that serve Rio Rancho and the surrounding region through its Non-profit Alliance. This initiative within the Chamber includes organizations that serve a broad variety of needs. These needs include employment services and other services targeted to the homeless, persons at risk of homelessness, persons with disabilities, persons needing mental health services and other Rio Rancho residents with special needs. The purpose of the Alliance is to develop and strengthen partnerships among the nonprofit, private and public sectors in order to improve quality of life in the area. The 2017 Guide to Senior Services in Sandoval County: Governmental and Non-Profit Resources lists all the agencies available to complement services targeted towards homelessness and other circumstances. The Sandoval County Behavioral Health Coalition consists of community groups, government agencies, and healthcare providers, and works to improve behavioral healthcare services in Sandoval County. Susan's Legacy provides counseling, support groups, and intensive case management to women with co-occurring mental health and addiction disorders. Catholic Charities provides HUD funded rental assistance with comprehensive case management for single parent households for up to 24 months. In addition, limited homeless prevention program, that provide 3-6 months of rental assistance. Goodwill Industries of New Mexico provides job development and placement services for the general public at the Rio Rancho location. In addition, all of the employment and social service programs (9 in total) are available at corporate location in Albuquerque. Services include Brain Injury Case Management, Employment Services, Job readiness classes, Customer Service Training, Senior Community Service Employment Program, two Veterans employment and social service programs, a paid training retail and warehouse program, and a forklift certification course.

List and describe services and facilities that meet the needs of homeless persons, particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. If the services and facilities are listed on screen SP-40 Institutional Delivery Structure or screen MA-35 Special Needs Facilities and Services, describe how these facilities and services specifically address the needs of these populations.

Same answer as above.

## MA-35 Special Needs Facilities and Services – 91.210(d)

### Introduction

The City of Rio Rancho is not a HOPWA Program grantee; therefore, it does not receive an annual allocation of federal funds earmarked to provide services to persons with special needs, in particular persons with HIV/AIDS. Nevertheless, the City has addressed, with its limited CDBG resources, various needs of the special needs population. The City has provided CDBG funding to the following agencies: Haven House, which shelters victims of domestic abuse; Sandoval County Permanent Supportive Housing, which provides supportive housing and services to the disabled persons who are homeless; and to St. Felix Pantry, which distributes food to people with food insecurity and provides emergency rent and utility payments to prevent homelessness.

Including the elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, public housing residents and any other categories the jurisdiction may specify, and describe their supportive housing needs

The purpose of The Sandoval County Behavioral Health Coalition Summit that convened on May 1, 2015 in Rio Rancho, New Mexico was to highlight the behavioral health resources currently available and establish ways for community stakeholders to work together to improve behavioral health services to Sandoval County residents.

The Coalition determined the supportive housing needs of elderly, frail elderly, persons with disabilities (mental, physical, developmental), persons with alcohol or other drug addictions, persons with HIV/AIDS and their families, and public housing residents are to:

- Create an adult inpatient facility to expand the number of psychiatric patient beds.
- Design a mental health crisis center to function as referral hub for police, families and community member.
- Develop a Social Work Emergency Room, staffed 24-hours a day by a social worker, to provide referrals, guidance, beds and safe harbor.
- Plan a Transportation Study to learn how transportation funds are spent and leverage them to improve patient access to behavioral health services.
- Enhance information access including of high-speed, high-bandwidth internet access for telehealth capacity.

The New Mexico Solutions ACT Team, a focus group that was part of the 2017 AFH process in Albuquerque, identified necessary supportive services. The identified services were case management; medication management; psychiatry (sometimes over the internet); counseling; addiction counseling; nursing; job development and training; transit by buses equipped with bicycle racks; and recreational activities (such as outings to parks, restaurants, and other destinations as well as social activities.

Describe programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing

Currently the City is not providing CDBG funding to this type of program. The City will coordinate with County and State institutions and organizations in the provision of these services.

Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. 91.315(e)

The answer to the next question provides this information.

For entitlement/consortia grantees: Specify the activities that the jurisdiction plans to undertake during the next year to address the housing and supportive services needs identified in accordance with 91.215(e) with respect to persons who are not homeless but have other special needs. Link to one-year goals. (91.220(2))

Rio Rancho previously worked with various supportive service organization and will continue to support St. Felix Pantry, which provides food assistance, homelessness prevention, clothing, and referral assistance. The City partners with Sandoval County Permanent Supportive Housing, to assist people with chronic disabilities who experience homelessness. In addition, the City partners with Haven House, which delivers emergency shelter and supportive services to persons experiencing domestic violence traumas. Each of these non-profits applied for CDBG funds for FY 18/19 and have specific number of person assisted as year one goals for Rio Rancho.

## MA-40 Barriers to Affordable Housing – 91.210(e)

### Negative Effects of Public Policies on Affordable Housing and Residential Investment

As stated in the 2016 Annual Action Plan, the Rio Rancho Governing Body amended the City's Comprehensive Five-Year Plan in February 2015, to allow increased residential densities. The higher densities are intended to facilitate development of affordable housing as well as service efficiencies. According to Rio Rancho 2013-2017 Consolidated Plan, the City does not have any barriers created by the zoning ordinance or building code that constrain development of low-income housing. However, the City's code does not proactively favor affordable housing development through regulatory and incentive methods. The current zoning ordinance does not permit density bonuses for affordable and mixed-income housing. Since the City of Rio Rancho has a higher ratio of dirt roads to paved roads than most cities in New Mexico, the development cost of affordable housing may be higher than elsewhere due to the cost of offsite infrastructure and access road development. This increased cost, coupled with lack of incentives and subsidized funding, may limit the amount of affordable housing that can be produced. The scarcity of funding and the cost of home retrofits are barriers to the development of housing for persons with disabilities

## MA-45 Non-Housing Community Development Assets – 91.215 (f)

### Introduction

According to the City's 2010 Comprehensive Plan, Rio Rancho is a relatively new City incorporated on February 23, 1981. By the 1990s, Rio Rancho had grown from a bedroom community of Albuquerque to a self-sustaining city with a "Home Rule" charter. The City actively encouraged economic development by establishing public/private partnerships and instituting incentives such as industrial revenue bonds. During the last decade, the City attracted several large economic development projects and annexed two state land parcels. This resulted in rapid community growth, and Rio Rancho has become the third largest City in New Mexico.

The City has several plans that will guide its growth, including economic development growth, over the next 20 to 25 years. Of the large cities in New Mexico, Rio Rancho has the lowest gross receipts tax generation, according to the City's Comprehensive Plan. Because its retail sector is small in relation to its population, many residents do some of their shopping in nearby cities. As a result, gross receipts revenue that otherwise would be generated for Rio Rancho is channeled to Albuquerque and other jurisdictions. To address this situation, the City developed the 2010-2015 Economic Development Plan and the 2010 -2015 Retail Development Plan.

### Economic Development Market Analysis

#### Business Activity

Less than high school graduate	20,563
High school graduate (includes equivalency)	34,378
Some college or Associate's degree	37,177
Bachelor's degree	46,803
Graduate or professional degree	55,599

Table 46 – Median Earnings in the Past 12 Months

Data Source: 2009-2013 ACS

Based on the Business Activity table above, what are the major employment sectors within your jurisdiction?

The major employment sectors are: Education and Health Care Services; Manufacturing; Retail Trade; and Professional, Scientific and Management Services.

Describe the workforce and infrastructure needs of the business community:

There are 14,915 jobs for 28,471 workers. The overall unemployment rate is 7.82, but the rate for workers in the 25-65 age range is significantly lower than that (4.84%). The largest occupational sectors are management, business and financial (19.5%); retail trade (17.5%) and combine industry of arts, entertainment and accommodations (14.7%). According to the focus groups and interviews, the most significant infrastructure needs are reliable transportation, ADA compliant sidewalks, and telecommunications.

Describe any major changes that may have an economic impact, such as planned local or regional public or private sector investments or initiatives that have affected or may affect job and business growth opportunities during the planning period. Describe any needs for workforce development, business support or infrastructure these changes may create.

Industrial Revenue Bond (IRB)s enable local governments to provide a mechanism for low-cost financing and other incentives, property tax exemption and gross receipts tax exemption for equipment purchased for facility, for private parties to create facilities that enhance employment in the locality with capital investment in excess of \$3 million. The form of the transaction puts the legal title to the project in the name of the issuing entity (City). The issuing entity then typically leases the project to the grantee of the IRB, and its lease payments or purchase price payments are then used to pay off the interest and principal on the bonds for a period of time up to a maximum of 30 years. IRBs are usually self-financed by the grantee, and unlike other types of bonds, the issuing entity (City) does not carry the debt for an IRB. An application fee applies, one-tenth of one percent of the amount financed, claw back provisions are required to guard the City against nonperformance by the grantee, and Governing Body approval is required for enactment.

Local Economic Development Act (LEDA) Per the New Mexico constitution, local or regional governments - to create new job opportunities - can provide land, buildings or infrastructure for facilities to support new or expanding businesses. The city of Rio Rancho adopted by ordinance, an economic development plan outlining its economic development goals and strategies. A qualifying business may submit a project application for consideration that is in compliance with the city's plan. Once the city has done its due diligence in reviewing the application, the project agreement can be sent to the Governing Body for consideration. The participation agreement sets out the contributions to be made by each party, the security provided to the local government by the qualifying entity, a schedule for project development and completion, and provisions for performance review and actions for unsatisfactory performance. Requires Governing Body approval to be enacted.

The HUD Comprehensive Housing Market Analysis, April 1, 2016, reported that for the twelve months ending March, 2016, most nonfarm payroll sectors added jobs. Specifically, education and health services gained 2,200 jobs. In December of 2015, Rio Rancho opened the first phase of Presbyterian Rust Medical Center, a new \$86 million patient tower, which will create an additional 100 jobs.

According to the Office of Policy Development and Research (PD&R), Economic & Market Analysis Division (EMAD) for Sandoval County, the Labor Force has risen two percent and Residential Employment has risen three percent from February 2017 to February 2018. While the unemployment rates decrease from 6.6 to 5.5 percent.

The Central Area Mid-Region Council of Governments (MRCOG) provides planning services for the counties of Sandoval, Bernalillo, Valencia and Tarrant. The agency provides planning services in the transportation, agriculture, workforce development, employment growth, land use, water, and economic development economic sectors. The Workforce Connection of Central New Mexico Business and Career Center provide assistance to area employers while providing quality resources for people exploring career opportunities.

In response to the COVID-19 pandemic, the City will be utilizing funds provided by the HUD CARES Act to assist microenterprises and small businesses located within Rio Rancho with fixed monthly expenses and payroll in an effort to retain jobs and lessen the negative impact of COVID-19 to Rio Rancho's economy. A Substantial Amendment authorizing the use of funds for this purpose will be approved by the Governing Body on May 27, 2020.

How do the skills and education of the current workforce correspond to employment opportunities in the jurisdiction?

The Rio Rancho workforce has 39,903 employed civilians 16 years over; 32,362 (81%) have a minimum educational attainment of High School Graduate. Notably, 36% have some college education or a degree. Of those who are employed, the largest occupation sector is management, business and financial, which potentially requires greater skill and educational attainment than other sectors.

Describe any current workforce training initiatives, including those supported by Workforce Investment Boards, community colleges and other organizations. Describe how these efforts will support the jurisdiction's Consolidated Plan.

The federal Workforce Innovation and Opportunity Act (WIOA), which was signed into law July 22, 2014, is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and match employers with the skilled workers they need to be competitive in the global economy. Unemployment and underemployment affects the ability of the workforce to afford Fair Market Rents and prevailing home prices. Unemployment and underemployment make it difficult for the workers to afford fair market rents and prevailing home prices. Conversely, education and skill-development programs generally increase the wages of workers, making rents and home prices more affordable to them. That trend has historically increased demand for housing in the community.

Does your jurisdiction participate in a Comprehensive Economic Development Strategy (CEDS)?

If so, what economic development initiatives are you undertaking that may be coordinated with the Consolidated Plan? If not, describe other local/regional plans or initiatives that impact economic growth.

The City of Rio Rancho is a member of the Mid-Region Council of Governments, which produces the region's five-year economic development strategy. In addition to its participation on MRCOG's Board of Directors and Executive Board, representatives of the City participate on committees that address economic development. Further, the City is a member of the Sandoval Economic Alliance, a local economic development organization that serves as a resource in the development of the CEDS.

The Economic Development Element from the 2010 Comprehensive Plan establishes goals and policies that are coordinated with the Consolidated Plan. Specifically, this Comp Plan element sets goals that aim to create and retain jobs, improve the quality of life, and expand the economic base of Rio Rancho

## Discussion

The workforce includes 14,915 jobs for 28,471 workers. The overall unemployment rate is 7.82, but the rate for workers (25-65) is significantly lower at 4.84%. The largest occupation sectors are management, business and financial (19.5%), Retail Trade (17.5%) and Arts, Entertainment, Accommodations (14.7%). According to the focus groups and interviews, the most significant infrastructure needs are reliable transportation, ADA compliant sidewalks, and telecommunications.

The Central Area Mid-Region Council of Governments provides planning services for counties of Sandoval, Bernalillo, Valencia and Tarrant in areas of transportation, agriculture, workforce development, employment growth, land use, water and economic development. The Workforce Connection of Central New Mexico Business and Career Center provides quality resources for people exploring career opportunities and providing assistance to employers.

The Economic Development Element from the 2010 Comprehensive Plan has goals and policies that are coordinated with the Consolidated Plan, specifically to create and retain jobs, improve the quality of life and expand the economic base of Rio Rancho. While the Workforce Innovation and Opportunity Act (WIOA) signed into law July 22, 2014, is designed to help job seekers access employment, education, training, and support services to succeed in the labor market and match employers with the skilled workers they need to be competitive in the global economy.

## MA-50 Needs and Market Analysis Discussion

Are there areas where households with multiple housing problems are concentrated? (include a definition of "concentration")

The households experiencing problems are dispersed across the city.

Concentration - is defined as similar or like category clustered together.

Minority Concentration - is a Census tract or other defined geographic area in which the percentage of residents who are racial or ethnic minorities is at least 20 percentage points higher than the percentage of minority residents in the Metropolitan Statistical Area (MSA) (or jurisdiction not in a MSA) as a whole.

Low Income - is defined as 80 percent of the median family income for the area, subject to adjustments for areas with unusually high or low incomes or housing costs;

Are there any areas in the jurisdiction where racial or ethnic minorities or low-income families are concentrated? (include a definition of "concentration")

According to the 2017 Assessment of Fair Housing Plan (AFH) there are no priority areas within the City of Rio Rancho that have high concentration of low-income families. There are lower levels of diversity in Rio Rancho. However, a few pockets have been determined with a higher concentration of racial and ethnic groups located at:

- Cabezon: A new planned community that has a higher level of Asian residents (8.0%) and Black Residents (4.7%) than the City averages for those racial groups.
- Neighborhoods along US 550: This area is majority minority, with approximately 45% Hispanic residents. This is also a recently developed area with new apartments and single-family homes.
- Unser Gateway West/Unit 11: Parts of this area are majority minority with percentages of Hispanic households.

What are the characteristics of the market in these areas/neighborhoods?

N/A. The households experiencing problems are dispersed across the city.

Are there any community assets in these areas/neighborhoods?

N/A. The households experiencing problems are dispersed across the city.

Are there other strategic opportunities in any of these areas?

N/A. The households experiencing problems are dispersed across the city.

# Strategic Plan

## SP-05 Overview

### Strategic Plan Overview

The primary goal of the Consolidated Plan is to develop viable urban communities by providing decent housing, a suitable living environment, and expanded economic opportunities, especially for low- and moderate-income residents. This section of the Strategic Plan summarizes the key points of the Strategic Plan.

#### Decent Affordable Housing:

Families who pay more than 30 percent of their income for housing are considered cost burdened and may have difficulty affording necessities such as food, clothing, transportation and medical care. A significant number of renter and homeowner households now pay more than 50 percent of their annual incomes for housing. A family with one full-time worker earning the minimum wage cannot afford the local fair-market rent for a two-bedroom apartment anywhere in the United States.

#### Suitable Living Environment:

The CDBG program can be used in a variety of ways to improve people's quality of life by creating suitable living environments. Some common projects include improving facilities such as senior centers or neighborhood centers. CDBG eligible public services include providing employment opportunities to persons with disabilities, child care services, or food programs

#### Expanded Economic Opportunities:

Many communities desire to increase the local economy's capacity to create wealth for local residents, particularly in local areas which have fallen behind in economic productivity. Economic development strengthens communities through more and higher paying jobs, increasing the local tax base, and diversifying the local economy.

## SP-10 Geographic Priorities – 91.215 (a)(1)

### Geographic Area

Table 47 - Geographic Priority Areas

1	Area Name:	Citywide
	Area Type:	Quartile Method
	Other Target Area Description:	Quartile Method
	HUD Approval Date:	
	% of Low/ Mod:	
	Revital Type:	
	Other Revital Description:	
	Identify the neighborhood boundaries for this target area.	
	Include specific housing and commercial characteristics of this target area.	
	How did your consultation and citizen participation process help you to identify this neighborhood as a target area?	
	Identify the needs in this target area.	
	What are the opportunities for improvement in this target area?	
	Are there barriers to improvement in this target area?	

### General Allocation Priorities

Describe the basis for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA)

Using the alternative quartile method, the Census Tracts that qualified as low/mod area benefit were identified. In Section MA-50 Needs and Market Analysis Discussion, the Census Tracts that qualified as low/mod area benefit were identified. Those Census Tracts are 107.13 and 107.12. However, the City's low- to moderate- income population tends to be dispersed throughout the City, and the need for assistance is not limited to the aforementioned Census Tracts. Many of the services and benefits to be provided via funded projects will be provided citywide and will cover beneficiaries known under the CDBG program as limited clientele, such as the elderly, persons with disabilities, the homeless, etc. It is also expected that funding will be provided to assist low- and moderate- income homeowners. Public facilities and infrastructure activities will be based in the qualified census tracts according to the Quartile method.

## SP-25 Priority Needs - 91.215(a)(2)

### Priority Needs

Table 48 – Priority Needs Summary

1	Priority Need Name	Rehabilitation of existing units
	Priority Level	Low
	Population	Extremely Low Low Moderate Elderly
	Geographic Areas Affected	Quartile Method
	Associated Goals	Retain Affordable Housing Planning and Administration
	Description	Provide emergency financial assistance to existing low-to moderate-income homeowners for owner occupied rehabilitation to improve the quality of housing units to ensure safe and decent housing conditions.
	Basis for Relative Priority	Priority based on feedback through community meetings and agency interviews as well review of demographic information for the City resulted in this activity having the highest priority need. The city has a long waiting list of homeowners in need of assistance, an increase in the number of elderly persons moving into the area, and this activity is also seen as a way of preventing homelessness. Thirty percent (30%) of the City's allocation will be spent on this activity.
2	Priority Need Name	Production of New Units
	Priority Level	Low
	Population	Extremely Low Low Moderate Large Families Families with Children
	Geographic Areas Affected	Quartile Method

	Associated Goals	Increase Affordability of Housing Planning and Administration
	Description	Increasing the availability of affordable housing by providing funding for the new production of rental and owner units.
	Basis for Relative Priority	Based on public and agency input, the need was seen as a low priority but still important because affordability is seen as a strategy for homelessness prevention.
3	Priority Need Name	Rental Assistance
	Priority Level	Low
	Population	Extremely Low Low Large Families Families with Children Elderly Public Housing Residents Elderly Frail Elderly Persons with Physical Disabilities
	Geographic Areas Affected	Quartile Method
	Associated Goals	Increase Affordability of Housing Planning and Administration
	Description	Providing rental assistance to families including tenant based rental assistance to prevent homelessness.
	Basis for Relative Priority	Based on public and agency feedback, this need was seen as low priority because it is combined with other homeless prevention services and affordable housing assistance.
4	Priority Need Name	Financial Assistance to Homebuyers
	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children

	Geographic Areas Affected	Quartile Method
	Associated Goals	Increase Affordability of Housing Planning and Administration
	Description	Financial assistance to be provided to eligible homebuyers to increase the availability of affordable housing.
	Basis for Relative Priority	While public input viewed this as a high priority need, there are other sources of funds such as private sector, State, County and federal that may be able to serve this need in the strategic plan.
5	Priority Need Name	General Public Facilities & Improvements
	Priority Level	High
	Population	Low Moderate Large Families Families with Children Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Planning and Administration
	Description	Increasing access to quality public and private facilities.
	Basis for Relative Priority	The relative priority of this activity was based on public input and the City's current need for public facilities and improvements.
6	Priority Need Name	Senior Centers
	Priority Level	High
	Population	Low Moderate Elderly Frail Elderly Non-housing Community Development

	Geographic Areas Affected	Quartile Method
	Associated Goals	Accessibility-Facilities for Elderly Planning and Administration
	Description	Need for improved access to facilities for the elderly including removal of architectural barriers and ADA improvements.
	Basis for Relative Priority	Due to a projected increase in the City's elderly population, this need was given a high priority and 20% of the City's grant was allocated to this activity.
7	Priority Need Name	Centers for Persons with Disabilities
	Priority Level	Low
	Population	Low Moderate Elderly Frail Elderly Persons with Physical Disabilities Persons with Developmental Disabilities Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Accessibility-Facilities for Elderly Planning and Administration
	Description	A need was identified for access to quality public and private facilities for persons with disabilities including the elderly.
	Basis for Relative Priority	Although this need is given a low priority, it relates to the need for elderly access to public facilities and senior centers.
8	Priority Need Name	Neighborhood facilities including ADA Improvements
	Priority Level	Low

	Population	Low Moderate Elderly Frail Elderly Persons with Physical Disabilities Persons with Developmental Disabilities
	Geographic Areas Affected	Quartile Method
	Associated Goals	Accessibility-Facilities for Elderly Planning and Administration
	Description	Need for increasing access to public and private facilities especially for persons with disabilities, the elderly, and low-to moderate-income persons.
	Basis for Relative Priority	This activity although receiving a low priority will be addressed through allocated funds in facilities for the elderly and persons with disabilities.
9	Priority Need Name	Park & Recreational Facilities including ADA
	Priority Level	High
	Population	Low Moderate Frail Elderly Persons with Physical Disabilities Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Parks, Recreational Facilities Improvement Planning and Administration
	Description	Need for increasing access to quality public and private facilities including parks and other recreational facilities with ADA improvements
	Basis for Relative Priority	The addition of ADA improvements to these needs makes it a High priority.
10	Priority Need Name	Street Improvements

	Priority Level	Low
	Population	Low Moderate Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Planning and Administration
	Description	Need for public improvement and infrastructure to improve the safety and livability of neighborhoods.
	Basis for Relative Priority	Although this was identified as a high priority by public input, the City did not allocate any CDBG funding to these needs as it can be met through the City's general fund
11	Priority Need Name	Water & Sewer Improvements
	Priority Level	High
	Population	Low Moderate Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Planning and Administration
	Description	Need to improve the safety and livability of neighborhoods
	Basis for Relative Priority	Although priority High, no CDBG allocated since activity can be funded from the City's general fund.
12	Priority Need Name	Drainage Improvements
	Priority Level	Low
	Population	Low Moderate Non-housing Community Development

	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Planning and Administration
	Description	Need for improving the safety and livability of neighborhoods
	Basis for Relative Priority	No CDBG funds were allocated for meeting this need can be filled by the City's General Fund.
13	Priority Need Name	Public services for youth
	Priority Level	High
	Population	Low Moderate Families with Children Individuals Families with Children Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Increased Public Services for Youth Planning and Administration
	Description	Need for increased public services for youth including mentoring and case management
	Basis for Relative Priority	This need will be met by 1% of the City's CDBG allocation in the strategic plan
14	Priority Need Name	Public Services for Persons with Disabilities
	Priority Level	High

	Population	Low Moderate Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Increased Public Services for the Disabled Planning and Administration
	Description	Need for public services for persons with disabilities other than low/moderate income benefits
	Basis for Relative Priority	This need will be met through continuous efforts to enhance special needs recipients with City's CDBG allocation.
15	Priority Need Name	Public Services to Victims of Domestic Violence
	Priority Level	High
	Population	Low Moderate Families with Children Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Public Services-Domestic Violence Victims Planning and Administration
	Description	Need for public services other than low/mod income housing benefit
	Basis for Relative Priority	This need will be met by continuous effect to aid and protect residents from domestic abuse.
16	Priority Need Name	Homeless Prevention
	Priority Level	High

	Population	Extremely Low Low Moderate Individuals Families with Children Unaccompanied Youth
	Geographic Areas Affected	Quartile Method
	Associated Goals	Homelessness Prevention Planning and Administration
	Description	Need for services to population at risk of becoming homeless
	Basis for Relative Priority	This need has high priority due to the current incidence of persons who are at risk and the need for a continuum of care related to homelessness.
17	Priority Need Name	Services to the Homeless
	Priority Level	High
	Population	Extremely Low Low Moderate Families with Children Chronic Homelessness Individuals Families with Children
	Geographic Areas Affected	Quartile Method
	Associated Goals	Homelessness Prevention Planning and Administration
	Description	Need for services to the current homeless such as food and referral for permanent housing
	Basis for Relative Priority	This area is of high priority as the City seeks to help existing homeless persons.
18	Priority Need Name	General Public Services

	Priority Level	High
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	Improved Public Facilities Increased General Public Services Planning and Administration
	Description	Need for public services such as education, homeless prevention, food service and disabilities not covered by other activities in the strategic plan
	Basis for Relative Priority	This priority need covers persons not included in special need groups such as youth, elderly, persons with disabilities, etc
19	Priority Need Name	Senior Services
	Priority Level	Low
	Population	Low Moderate Elderly Frail Elderly
	Geographic Areas Affected	Quartile Method
	Associated Goals	Increased Public Services for the Elderly Planning and Administration
	Description	Need for public services other than low/moderate income housing benefit
	Basis for Relative Priority	This need will be met and continue to aid and support aging and senior residents.

20	Priority Need Name	AFH Factor - Availability of Public Transportation
	Priority Level	Low
	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Public Housing Residents Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	AFH1 Dev. more complete/ integrated transit system
	Description	Participants report that they are not able to rely on transit to get to work or appointments and schedule don't work for accomplishing multiple tasks in one trip. There is a need for routes to underserved neighborhoods and more reliable service and coordination of transfers between buses.
	Basis for Relative Priority	Participants in the community participation process were adamant about the failures of public transportation in Rio Rancho. Participants reported that they are unable to rely on transit to get to work or appointments, and schedules make it impossible to accomplish multiple tasks in one trip. This contributing factor would have rated "high priority" except the housing agencies have little control over decisions about public transportation.
21	Priority Need Name	AFH Factor - Lack of affordable accessible units
	Priority Level	High

	Population	Extremely Low Low Large Families Families with Children Elderly Public Housing Residents Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	AFH2 Complete ADA & Bikeway infrastructure improv AFH3 Increase supply higher density housing AFH4 Inceas supply of subsidized accessible house
	Description	Rio Rancho has a great shortage of affordable, accessible private housing, and this is the greatest shortage of units as a percent of need. Anecdotally, there are few single-family that are accessible to people in wheelchairs. The impact on individuals is acute, and there are few options for those in need of such units.
	Basis for Relative Priority	Rio Rancho has a great shortage of affordable, accessible private housing, and this is the greatest shortage of units as a percent of need. Anecdotally, there are few single-family homes that are accessible to people with wheelchairs. The impact on individuals is acute, and there are few options for those in need of such units.
22	Priority Need Name	AFH Factor - Lack of fair housing law
	Priority Level	High

	Population	Extremely Low Low Moderate Large Families Families with Children Elderly Public Housing Residents Elderly Frail Elderly Persons with Mental Disabilities Persons with Physical Disabilities Persons with Developmental Disabilities Persons with Alcohol or Other Addictions Persons with HIV/AIDS and their Families Victims of Domestic Violence Non-housing Community Development
	Geographic Areas Affected	Quartile Method
	Associated Goals	AFH5 Adopt, enact and enforce Fair Housing
	Description	A local fair housing ordinance would give Rio Rancho the legal basis to tek enforcement action. It would also make the city legible for federal fair housing funding for education, outreach, and enforcement.
	Basis for Relative Priority	A local fair housing ordinance would give Rio Rancho the legal basis to take enforcement action. It would also make the City eligible for federal fair housing for education, outreach, and enforcement.

Geographic Areas Affected	Quartile Method
Associated Goals	AFH4 Increases supply of subsidized accessible housing
Description	Rio Rancho has no accessible units in publicly supported housing other than Buena Vista Active Adult Community, which has very few units for seniors who use wheelchairs. The impact on individuals is acute, and there are few options for those in need of such units.
Basis for Relative Priority	Additionally, Rio Rancho has no accessible units in publicly supported housing other than Buena Vista Active Adult Community, which has very few units for seniors who use wheelchairs. The impact on individuals is acute, and there are few options for those in need of such units.

Narrative (Optional)

SP-30 Influence of Market Conditions – 91.215 (b)

Influence of Market Conditions

Affordable Housing Type	Market Characteristics that will influence the use of funds available for housing type
Tenant Based Rental Assistance (TBRA)	The City does not receive HOME Program funds. According to the Housing Needs Assessment and Market Analysis, it was determined that the predominant housing problems that lower income households were facing was cost burden and overcrowding. Although TBRA is not provided, the City has given a high priority to activities that provide assistance to persons at risk of becoming homeless, and to activities that provide housing to the homeless.
TBRA for Non-Homeless Special Needs	The City does not receive HOME Program funds. According to the Housing Needs Assessment and Market Analysis, it was determined that the predominant housing problem that elderly and frail elderly were facing was cost burden. Although TBRA is not provided, the City has given a high priority to activities that provide assistance to the elderly, to persons with disabilities and to victim of domestic violence.
New Unit Production	The City does not plan to use CDBG funds to assist with the production of new units.
Rehabilitation	The City plans to focus on the rehabilitation of eligible owner-occupied housing to preserve the affordable housing stock.
Acquisition, including preservation	Analysis of the Cost of Housing and Housing Affordability revealed that that the market is changing with home sales price and rent increasing. Availability of affordable housing particularly for households in the 0-50% AMI category results as insufficient. The City has given a high priority to the provision of homeownership assistance to low- and moderate-income persons to purchase a home.

Table 49 – Influence of Market Conditions

SP-35 Anticipated Resources - 91.215(a)(4), 91.220(c)(1,2)

Introduction

The City of Rio Rancho, as an entitlement city, anticipated resources over the next five years will remain at the current level, from the Community Development Block Grant Program. Funding Administration and Planning expenses are estimated at 20%, Social Services estimated at 15% and 65% for Facilities Improvements.

Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	\$547,354	0	0	547,354	2,189,416	Current allocation \$547,354. If an assumed fixed allocation for an additional four years.
<u>CDBG</u>	<u>public - federal</u>	<u>Housing</u>			<u>\$46,049.75</u>	<u>\$46,049.75</u>		<u>Reprogrammed funds from closed out projects allocated to Direct Financial Assistance to Homebuyers</u>

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
<u>Other</u>	<u>CDBG-CV</u>	<u>Prevent, prepare for, and respond to coronavirus</u>	<u>\$756,169</u>	<u>0</u>	<u>0</u>	<u>\$756,169</u>	<u>Annual allocation reflects CDBG-CV allocations to date:</u>  <u>CDBG-CV 1st Round: \$346,887</u>  <u>CDBG-CV 3rd Round: \$409,282</u>	

Table 50 - Anticipated Resources

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

ADA Remediation is a top priority for the City of Rio Rancho. The City of Rio Rancho will use CDBG funds received over the next five years to leverage MAP Grant funds and LGRF funds to make the ADA Remediation Projects designated for each program year whole. The MAP Grant and the LGRF funds have a 75% State, 25% Local split. In addition, the City of Rio Rancho coordinates efforts with Southern Sandoval County Flood Control Authority (SSCAFCA) to further leverage CDBG funds to mediate drainage and flood issues.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City does not anticipate addressing the identified needs with publicly owned land or property located within city limits.

#### Discussion

ADA Remediation is a top priority for the City of Rio Rancho. The City of Rio Rancho will use CDBG funds received over the next five years to leverage MAP Grant funds and LGRF funds to make the ADA Remediation Projects designated for each program year whole. The MAP Grant and

the LGRF funds have a 75% State, 25% Local split. The local government road fund was created to provide funds to local governments for projects where local entities take the lead in developing and contracting construction and maintenance projects. Funding used for project development, construction, reconstruction, improvement, maintenance or repair of public highways, streets and public-school parking lots, acquisition of right-of-way, and in place material for construction or improvement.

## SP-40 Institutional Delivery Structure – 91.215(k)

Explain the institutional structure through which the jurisdiction will carry out its consolidated plan including private industry, non-profit organizations, and public institutions.

Responsible Entity	Responsible Entity Type	Role	Geographic Area Served
St. Felix Pantry, Inc.	Non-profit organizations	Homelessness	Jurisdiction
Haven House	Non-profit organizations	Homelessness Ownership	Jurisdiction
Sandoval County Permanent Supportive Housing	Departments and agencies	Homelessness Ownership Rental	Jurisdiction
LIFERoots	Non-profit organizations	Non-homeless special needs	Jurisdiction
City of Rio Rancho	Government	Economic Development Homelessness Non-homeless special needs Ownership Planning Rental neighborhood improvements public facilities public services	Jurisdiction

Table 51 - Institutional Delivery Structure

### Assess of Strengths and Gaps in the Institutional Delivery System

The City of Rio Rancho’s strategy for overcoming gaps in the institutional structure and service delivery system to carry out and address priority needs is to maintain a high level of communication between the City and the Non-Profit Service Providers within the community. It has been suggested by members of the Sandoval County Non-Profit Alliance that prior to the next cycle of CDBG funding, the alliance would meet to determine the needs of the public that can be assisted with CDBG funding. It seems that some of the Non-Profit Service Providers that are funded through CDBG may be duplicating services within the community. A strategy is being developed to increase communication between the Non-Profit Service Providers so that the providers can prioritize the needs of the community that they serve and approach the CDBG application/funding process in support of each other as opposed to a competitive process. Through a higher level of communication, it is believed that funds made available through the

CDBG Entitlement Grant will benefit more people within the community with the greatest level of need without duplication of service.

Table 52 - Homeless Prevention Services Summary

Describe how the service delivery system including, but not limited to, the services listed above meet the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth)

The City does not receive HOPWA funding for persons with HIV/AIDS. However, it partners with agencies that deliver services to homeless people. For example, Sandoval County Permanent Supportive Housing provides long-term supportive housing assistance and comprehensive outreach, case management and advocacy services to chronically disabled persons who are experiencing homelessness; immediate family

members (if any) are also eligible for assistance. In addition, the City partners with St. Felix Pantry, which assists people at risk of homelessness by providing emergency rent and utility payment assistance.

Describe the strengths and gaps of the service delivery system for special needs population and persons experiencing homelessness, including, but not limited to, the services listed above

The City has allocated 15% of its CDBG grant for public services and typically provides funding to about 3-5 agencies that address homelessness needs, needs of persons with disabilities, and youth and senior services.

Provide a summary of the strategy for overcoming gaps in the institutional structure and service delivery system for carrying out a strategy to address priority needs

The City of Rio Rancho's strategy for overcoming gaps in the institutional structure and service delivery system to carry out and address priority needs is to maintain a high level of communication between the City and the Non-Profit Service Providers within the community. It has been suggested by members of the Sandoval County Non-Profit Alliance that prior to the next cycle of CDBG funding, the alliance would meet to determine the needs of the public that can be assisted with CDBG funding. It seems that some of the Non-Profit Service Providers that are funded through CDBG may be duplicating services within the community. A strategy is being developed to increase communication between the Non-Profit Service Providers so that the providers can prioritize the needs of the community that they serve and approach the CDBG application/funding process in support of each other as opposed to a competitive process. Through a higher level of communication, it is believed that funds made available through the CDBG Entitlement Grant will benefit more people within the community with the greatest level of need without duplication of service.

SP-45 Goals Summary – 91.215(a)(4)

Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Retain Affordable Housing	2020	2022	Affordable Housing	Citywide	Rehabilitation of existing units	CDBG: \$51,314	Homeowner Housing Rehabilitated: 25 Household Housing Unit
2	Increase Affordability of Housing	2020	2022	Affordable Housing	Citywide	Production of New Units Rental Assistance Financial Assistance to Homebuyers	CDBG: \$51,314	Direct Financial Assistance to Homebuyers: 60 Households Assisted

Table 53 – Goals Summary

## Goal Descriptions

1	Goal Name	Retain Affordable Housing
	Goal Description	Funds will be used to retain the affordable housing stock by providing emergency assistance to rehabilitate owner occupied houses for the very low income to moderate income community. Planned activities include installation of new furnaces, water heaters, repair of electrical or plumbing items that would make the home clean, safe and/or sanitary.
2	Goal Name	Increase Affordability of Housing
	Goal Description	Funds will be used to assist low-income households with direct financial assistance to make home purchase more affordable. Planned activities include providing down payment and closing costs assistance
3	Goal Name	Improved Public Facilities
	Goal Description	Funds will be used to improve the quality and quantity of public facilities. Planned activities include construction/improvements to public facilities or infrastructure other than low-moderate income housing benefit.
4	Goal Name	Accessibility-Facilities for Elderly
	Goal Description	Funds will be used to increase accessibility of public facilities for use by elderly persons. Planned activities include removal of architectural barriers and related costs, improvements to senior centers and accessibility upgrades.
5	Goal Name	Parks, Recreational Facilities Improvement
	Goal Description	Funds will be used for the creation or improvement of parks and other recreational facilities to benefit low - to moderate-income households. Planned activities will include general improvements and increased accessibility through ADA improvements
6	Goal Name	Increased Public Services for the Elderly
	Goal Description	Funds will be used to increase and improve the availability of public services for elderly persons. Planned activities include providing food, clothing and other household items, cleaning, maintenance and repair services for the elderly.

7	Goal Name	Increased Public Services for Youth
	Goal Description	Funds will be used to increase and improve the availability of public services for youth from low- and moderate-income households. Planned activities include mentoring and educational services, after-school programs, and youth with special needs.
8	Goal Name	Increased Public Services for the Disabled
	Goal Description	Funds will be used to increase and improve the availability of public services to persons with disabilities. Planned activities include providing habilitative services to low-income and elderly persons with severe disabilities, supportive housing services, and assistance to children with autism.
9	Goal Name	Public Services-Domestic Violence Victims
	Goal Description	Funds will be used to increase and improve public services available to victims of domestic violence. Planned activities will include support to shelters, provision of crisis intervention, education, therapy, legal advocacy, case management and referral to other social service agencies.
10	Goal Name	Increased General Public Services
	Goal Description	Funds will be used to increase and improve public services to low- to moderate-income households. Planned activities include education, case management, supportive services, food pantry and emergency resources to eligible non-special needs individuals. Special needs are addressed under other goals.
11	Goal Name	Homelessness Prevention
	Goal Description	Funds will be used to assist homeless individuals to find permanent housing and provide food as well as provide at risk families with emergency resources to prevent homelessness. Planned activities include case management, counseling, providing a food pantry, providing rental deposits and emergency rental or mortgage assistance to families.

12	Goal Name	St. Felix Pantry Homelessness Prevention – CV
	Goal Description	Funds will be used to assist households affected by COVID-19 with utility, emergency rent, or mortgage payments.
13	Goal Name	Small Business Assistance
	Goal Description	Funds will be used to aid microenterprise and small businesses affected by COVID-19. Funds will be used to assist with fixed costs and payroll during COVID-19 pandemic.
14	Goal Name	Sandoval County Homelessness Prevention – CV
	Goal Description	Funds will be used to assist households affected by COVID-19 with utility, emergency rent, or mortgage payments.
15	Goal Name	Sandoval County Senior Meal Program – CV
	Goal Description	Funds will be used to assist the senior citizen community within the City of Rio Rancho that have been affected by Covid-19 with meals and meal delivery. The Sandoval County Senior Meal Program is expected to receive \$220,000 in CARES funding to our Sub-Recipient Sandoval County. Meals will be held and distributed through our City of Rio Rancho Meadowlark Senior Center.
16	Goal Name	Planning and Administration
	Goal Description	Expenses for planning and administration of the CDBG funded activities. Goal #14 Planning and Administration 1. <u>Other</u> Goal Outcome Indicator: Planning and administration of the CDBG funded activities in Year 1. 2. <u>Other</u> Goal Outcome Indicator: Planning and administration of the CDBG funded activities in Year 2. 3. <u>Other</u> Goal Outcome Indicator: Planning and administration of the CDBG funded activities in Year 3. 4. <u>Other</u> Goal Outcome Indicator: Planning and administration of the CDBG funded activities in Year 4. 5. <u>Other</u> Goal Outcome Indicator: Planning and administration of the CDBG funded activities in Year 5.

17	Goal Name	AFH1 Dev. more complete/ integrated transit system
	Goal Description	<p>ABQ Ride, the public transportation vendor, only provides limited route service in Rio Rancho and primary service in Albuquerque. Fair Housing Issues, disparities in access to opportunity.</p> <p>AFH Goal #1 - Develop more complete and integrated transit system.</p> <p>1. <u>Other</u> Goal Outcome Indicator: Create regional transit task force to include MRCOG (Rio Metro), Sandoval County, CORR Senior Affairs, City of ABQ (ABQ Ride) in Year 1</p> <p>2. <u>Other</u> Goal Outcome Indicator: Create Rio Rancho Transit Plan - Estimate costs and seek funding to implement the Regional Transit Plan in Year 3.</p> <p>Metric: Funding the Application submitted</p> <p>3. <u>Other</u> Goal Outcome Indicator: Present to RTP to Governing Body - Request authorization to move forward towards implementation in Year 5.</p> <p>Metric: Plan and authorization request.</p>

18	Goal Name	AFH2 Complete ADA & Bikeway infrastructure improv
	Goal Description	<p>Non-compliant sidewalks and ramps make transportation difficult for the disabled population who are not able to drive and must walk or use a wheelchair to get to their destination. Missing sidewalks and other infrastructure for pedestrians, bicyclists and the disabled is barrier for people with mobility issues, those who don't drive, and low-income residents wanting to curtail auto expenses.</p> <p>AFH Goal #2 Complete ADA Ramp Remediation, Sidewalk, Crossing, and Bikeway Infrastructure Improvement.</p> <p><u>1. Other</u> Goal Outcome Indicator: Identify, prioritize existing and planned curb ramps and sidewalk in need of remediation, use CDBG funds to start construction and complete 60 ADA ramps in Year 1.</p> <p><u>2. Other</u> Goal Outcome Indicator: Use a portion of CDBG grant appropriation completing 60 ADA ramps in Year 2.</p> <p><u>3. Other</u> Goal Outcome Indicator: Use a portion of CDBG grant appropriation completing 60 ADA ramps in Year 3.</p> <p><u>4. Other</u> Goal Outcome Indicator: Use a portion of CDBG grant appropriation completing 60 ADA ramps in Year 4.</p> <p><u>5. Other</u> Goal Outcome Indicator: Use a portion of CDBG grant appropriation completing 60 ADA ramps in Year 5.</p> <p>Metric: Ramps completed, for a total of 300 ramps after 5 years.</p>

19	Goal Name	AFH3 Increase supply higher density housing
	Goal Description	<p>In Rio Rancho, there are 4,500 households (14% of the population) that experience a severe cost burden (they pay 50% or more of their income for housing). Two Low Income Housing Tax Credit (LIHTC) projects in Rio Rancho have set rents to meet the needs of households with income at 60% of area median income or less. Subsidies for households with incomes below 60% of AMI are extremely limited. We heard clearly that this is a problem for seniors with Social Security as their main income source. A partnership with one or more of the housing authorities that provide vouchers in Rio Rancho and landlords would benefit the low and very low-income residents in these projects.</p> <p>AFH Goal #3 Increase supply of higher density housing in new planned communities and specific area plans by evaluating planning and zoning ordinances and encouraging development of subsidized housing.</p> <p>1. <u>Other</u> Goal Outcome Indicator: Work with AHA, BCHA, and SFCHA to identify vouchers that could be set aside as project-based vouchers. Solicit participation by Rio Rancho landlords, in particular LIHTC projects in Year 1.</p> <p>Metric: Creation of partnerships</p> <p>2. <u>Other</u> Goal Outcome Indicator: While in the process of updating the 5-year Comprehensive Plan for the CORR, meet with Development Services and CORR Administration to review existing Planning and Zoning Ordinances; designate areas in the Master Plan that would accommodate higher density housing in Year 2.</p> <p>Metric: Identification of areas that could accommodate higher density housing</p> <p>3. <u>Other</u> Goal Outcome Indicator: As part of the work with AHA, BCHA, SFCHA to secure Project Based Vouchers, develop an educational outreach plan to recruit participant Landlords to enlist and receive Project Based Vouchers for qualified tenants in Year 1-3.</p> <p>Metric: Meetings with partners and landlords contacted.</p>

20	Goal Name	AFH4 Increase supply of subsidized accessible housing
	Goal Description	<p>The greatest type of housing shortage is for affordable accessible units. The impact on the individual is acute with very few choices. There are few single-family homes that are accessible to people with wheelchairs. Landlords do not want to pay for or make modifications and will refuse to rent to people with mobility disabilities. There is a shortage of affordable accessible housing with supportive services or near transit for people who cannot drive. In Rio Rancho, Buena Vista Active Adult Community is an LIHTC project that serves people 55+, but very few units are accessible to people in wheelchairs. Buena Vista is the only publicly supported housing for seniors in Rio Rancho, and there are no publicly supported units set aside for people with disabilities.</p> <p>AFH Goal #4 Increase supply of subsidized accessible high-density housing.</p> <p>1. <u>Other</u> Goal Outcome Indicator: The CORR will seek partnerships with not-for-profit developers to encourage construction of affordable, accessible units in excess of current minimum standards in Year 2.</p> <p>Metric - Creation of partnerships.</p>

21	Goal Name	AFH5 Adopt, enact and enforce Fair Housing
	Goal Description	<p>The greatest type of housing shortage is for affordable accessible units. The impact on the individual is acute with very few choices. There are few single-family homes that are accessible to people with wheelchairs. Landlords do not want to pay for or make modifications and will refuse to rent to people with mobility disabilities. There is a shortage of affordable accessible housing with supportive services or near transit for people who cannot drive.</p> <p>AFH Goal #5 - Adopt, enact, and enforce a Fair Housing Ordinance that addresses discrimination of those classes protected by Title VIII of the Civil Rights Act of 1968.</p> <p>1. <u>Other</u> Goal Outcome Indicator: Develop and present to the Governing Body for approval a Fair Housing ordinance that addresses and enforces anti-discrimination within the City of Rio Rancho in Year 1-2.</p> <p>2. <u>Other</u> Goal Outcome Indicator: While in the process of updating the 5-year Comprehensive Plan for the CORR, meet with Development Services and CORR Administration to review existing planning and zoning ordinances; designate areas in the Master Plan that would accommodate higher density housing in Year 2.</p> <p>Metric: Legislation and request for approval</p>

Estimate the number of extremely low-income, low-income, and moderate-income families to whom the jurisdiction will provide affordable housing as defined by HOME 91.315(b)(2)

80% of Area Median Income, AMI or 23,000 could benefit from affordable housing.

The City of Rio Rancho will provide affordable housing for:

20 extremely low income individuals through owner occupied housing rehabilitation.

25 low-income individuals through owner occupied housing rehabilitation and down payment assistance.

5 moderate-income individuals through down payment assistance.

## SP-50 Public Housing Accessibility and Involvement – 91.215(c)

Need to Increase the Number of Accessible Units (if Required by a Section 504 Voluntary Compliance Agreement)

N/A

### Activities to Increase Resident Involvements

According to the 2016 Annual Action Plan, the public housing authorities that provide rental vouchers to Rio Rancho residents are aware of the Down Payment Assistance Program for first-time qualified homebuyers. The program is designed to advance homeownership by offsetting the costs of purchasing a home including closing cost and down payment assistance. To qualify, applicants must complete a homebuyer's education course, which eases and supports the transition from public housing to affordable and successful homeownership.

Is the public housing agency designated as troubled under 24 CFR part 902?

N/A

### Plan to remove the 'troubled' designation

If one of them receives a troubled designation in the future, the City will port administration of the vouchers from the troubled authority to the other two public housing authorities.

## SP-55 Barriers to affordable housing – 91.215(h)

### Barriers to Affordable Housing

As stated in the 2016 Annual Action Plan, the Rio Rancho Governing Body amended the City's Comprehensive Five-Year Plan in February 2015, to allow increased residential densities. The higher densities are intended to facilitate development of affordable housing as well as service efficiencies. According to Rio Rancho 2013-2017 Consolidated Plan, the City does not have any barriers created by the zoning ordinance or building code that constrain development of low-income housing. However, the City's code does not proactively favor affordable housing development through regulatory and incentive methods. The current zoning ordinance does not permit density bonuses for affordable and mixed-income housing. Since the City of Rio Rancho has a higher ratio of dirt roads to paved roads than most cities in New Mexico, the development cost of affordable housing may be higher than elsewhere due to the cost of offsite infrastructure and access road development. This increased cost, coupled with lack of incentives and subsidized funding, may limit the amount of affordable housing that can be produced. The scarcity of funding and the cost of home retrofits are barriers to the development of housing for persons with disabilities

### Strategy to Remove or Ameliorate the Barriers to Affordable Housing

In attempt to remove or ameliorate barriers to affordable housing, the City will take actions to address barriers, as appropriate, taking into consideration available resources and policies. Principal policies relating to affordable housing are found in the Population and Housing Element of the City's 2010 Comprehensive Plan, as amended. The City's Governing Body relies on the Comprehensive Plan to make decisions concerning zoning changes and land use approvals.

One goal the City has set in attempt to make housing in Rio Rancho more affordable is to create an incentive program that provides down payment and closing cost assistance to first time qualified homebuyers. For this program year, the Down Payment Assistance Program will assist at least ten individuals/families to achieve the goal of affordable homeownership. Further, the City staff will continue to attend webinars and offer training opportunities is designed to educate City staff on fair housing issues and the process for reporting updates and information on an annual basis. The City website will continue to be used as a resource for fair housing complaints, information regarding ADA compliance and requirements, and overall education. The City will develop a system to receive complaints and track their resolutions and outcomes in effort to prevent future fair housing violations.

## SP-60 Homelessness Strategy – 91.215(d)

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Rio Rancho is not a recipient of ESG Program funds. However, the City has, through the use of CDBG funds, carried out outreach and case management services by funding agencies that provide such services. The City anticipates funding this initiative for the next five years.

Addressing the emergency and transitional housing needs of homeless persons

The 2016 Annual Action Plan states that the City uses CDBG funds to deliver transitional housing services to the homeless as well as emergency shelter to the victims of domestic violence. Since the City of Rio Rancho does not currently have a shelter for homeless individuals and families, it allocates grant funds for Sandoval County Permanent Supportive Housing Program to provide an ongoing program that houses residents with disabilities who are homeless or at risk of become homeless. The City funds Haven House, Inc., to provide shelter services to victims of domestic violence and their families; the funds will also pay for necessary facility improvements to the shelter.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

Since the City does not receive ESG funds, the City does not administer a rapid re-housing program. However, the City through its CDBG program created a Down Payment Assistance Program to increase homeownership to low-moderate-income persons who otherwise could not afford down payments or closing costs for home ownership. City funds Saint Felix Pantry with CDBG dollars who serves chronically homeless individuals and families, families with children, veterans and their families, unaccompanied youth, and anyone who needs food assistance. Those who are able to provide documentation as resident can qualify for additional services. Services not limited to nutritious food assistance, utility payment assistance, emergency rent/mortgage assistance and referrals to other resources.

City also uses CDBG dollars to fund Sandoval County Permanent Supportive Housing Program, who provides supportive housing rental assistance coupled with comprehensive case management, service coordination, and advocacy services to chronically disabled persons and their immediate family members who are experiencing homelessness. The program strives to offer participants the motivation and means to thrive, not merely survive, in order to achieve greater self-sufficiency. The Sandoval County Permanent Supportive Housing Program assists participants to identify, access, and retain suitable housing units by establishing relationships through acting as a liaison with landlords; conducting

periodic home safety inspections; and ensuring payment of move-in deposits and monthly rental assistance.

Help low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families who are likely to become homeless after being discharged from a publicly funded institution or system of care, or who are receiving assistance from public and private agencies that address housing, health, social services, employment, education or youth needs

Despite not receiving ESG program funds to create a Homeless Prevention Program the City uses CDBG funds to assist those persons that are at risk of becoming homeless, especially extremely low-income individuals and families and those being discharged from publicly funded institutions and systems of care. During the last three years the City funded, using CDBG dollars, St. Felix Pantry, Inc. A nonprofit agency, to provide residents of Rio Rancho, a safe environment with staff and clients who have similar circumstances (discharged from substance abuse facilities, mental health facilities, corrections and youth facilities), empathy, and knowledge of subsidized program that address housing, health, social services, employment, education and youth needs. In addition, St. Felix provides utility payment assistance to low-income Rio Rancho residents, clothings and nutritious food assistance. In response to COVID-19 the City of Rio Rancho will provide additional funding to St. Felix Pantry to provide utility payment assistance, rent and mortgage payment assistance to those in need.

## SP-65 Lead based paint Hazards – 91.215(i)

### Actions to address LBP hazards and increase access to housing without LBP hazards

The definition of a lead-based paint hazard as stated in Section 1004 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 is “any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as established by the appropriate Federal agency.”

According to the New Mexico Department of Health, homes built before 1950 pose highest threat: there are 764 homes in Rio Rancho built before 1950. For many reasons, lead-based paint is typically not an issue in New Mexico. Historically, homes were covered with mortar and plaster or stucco, not paint. Further, paint containing lead was more expensive than non-lead paint. Due to the nature of structures and the overall poverty of New Mexico, most homeowners were not able to afford lead paint. As part of the home repair program, Rebuilding Together Sandoval County tests homes for lead if the home was built prior to 1978.

If a homebuyer purchases an existing home through the City’s Down Payment Assistance Program, they are given a lead-based paint disclosure form that must be signed. If a home is purchased that was built before 1978, the EPA lead-based paint pamphlet entitled “Protect Your Family from Lead in Your Home” is also given to the homeowner. The homebuyer must also sign a series of forms acknowledging they were informed of the lead-based paint issue

How are the actions listed above related to the extent of lead poisoning and hazards?

The City staff reviews cases as requests for down payment assistance and rehabilitation are received.

How are the actions listed above integrated into housing policies and procedures?

The City has reviewed and updated its CDBG Home Repair Assistance and Down Payment Assistance policies to ensure that all housing built before 1980 is evaluated for lead-based paint. In the event that lead based paint is suspected during a home repair project, the project is halted until testing can be completed to determine if lead based paint is present and in the event that lead based paint is present, arrangements are made for remediation. Disclosure for lead based paint is part of the required documentation for the Down Payment Assistance Program. If lead based paint is present in a home being purchased, the property is subject to the Lead Based Paint Renovation Repair and Painting Program and the issue is resolved prior to the purchase of the home.

## SP-70 Anti-Poverty Strategy – 91.215(j)

### Jurisdiction Goals, Programs and Policies for reducing the number of Poverty-Level Families

According to 2013-2017 Consolidated Plan, anti-poverty efforts are encompassed in the Economic Development Element goals, policies and actions. Following are some of the goals, policies and actions included in the Economic Development Element:

- 1) Goals: a) Create jobs; b) Retain jobs; c) Enhance the tax base; d) Improve the quality of life; and e) Expand the economic base of Rio Rancho;
- 2) Policies: a) Proactively support the economic development allies currently providing services applicable to the Entrepreneurship and Small Business Development Tactic; b) Explore opportunities to enhance internships, mentoring programs and expand educational linkages within the community; and c) Consider seeking the adoption of an economic development tax to be utilized for low interest loans for rehabilitation projects;
- 3) Actions: a) Evaluate ways for the City to increase resident access to the arts, culture and quality of life enhancements; b) Establish Redevelopment Support Program; and c) Establish a targeted, proactive, economic base business recruitment initiative.

According the 2016-17 CAPER, The City of Rio Rancho works toward reducing the number of poverty-level families by participating in the Sandoval Economic Alliance to bring new businesses to the Rio Rancho area and providing employment opportunities to Rio Rancho residents..

How are the Jurisdiction poverty reducing goals, programs, and policies coordinated with this affordable housing plan

Economic Development continues to be a critical issue and a top priority for the City of Rio Rancho. The City's focus is to create and retain jobs within the community which will improve the quality of life for the residents of Rio Rancho and increase the tax base which will provide funds for infrastructure improvement. The City's goals for Economic Development include: Job creation; Job retention; Enhance tax base; Improve the overall quality of life; Provide educational opportunities that include internships, mentoring programs, and expansion of educational linkages within the community.

In the 2018 AFFH Plan the City recognized the lack of public transportation as a contributing factor that inhibits fair housing choice and access to employment. The lack of public transportation is a barrier to accessible employment and services and results in inequitable access to opportunities. The City of Rio Rancho has made it a priority to explore opportunities for the development of a public transportation system. The City intends to work with other local government entities within the County to develop a plan for improved public transportation.

## SP-80 Monitoring – 91.230

Describe the standards and procedures that the jurisdiction will use to monitor activities carried out in furtherance of the plan and will use to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City will implement procedures to monitor AFH activities to insure progression towards the accomplishment of established plan metrics, and milestones. The City Financial Services Dept Staff will meet on a quarterly basis to track and document the status of goals established in the AFH plan throughout the five year plan period. Action will be taken to insure that tasks are assigned and completed to accomplish AFH metric milestones: Minutes of these meetings will be kept in the CDBG Administration File and available for HUD review.

Annual Sub-Recipient monitoring site visits are scheduled for each program year that they are a funded participant. Documents inspected include; Personnel Policies and Procedures, Conflict of Interest Certification, Non-Discrimination Policies, Financial Records, Beneficiary income qualification documents, and internal Control Policies and Procedures. Sub-Recipients are notified in writing of deficiencies identified during monitoring. The City will request a response in writing from the Sub-Recipient detailing plans to take corrective action within 30 days from the notice of deficiency. Depending on the severity of the deficiency further funding of the Sub-Recipient may be put on hold, and the Sub-Recipient may be liable to reimburse the City CDBG Grant program for any amounts improperly expended.

## Expected Resources

### AP-15 Expected Resources – 91.220(c)(1,2)

#### Introduction

The City of Rio Rancho has been allocated \$572,648.00 for Program Year 2019. The City of Rio Rancho was allocated \$346,887.00 per the CARES Act Round 1, and \$409,282 per CARES Act Round 3.

#### Anticipated Resources

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition Admin and Planning Economic Development Housing Public Improvements Public Services	\$572,648			\$572,648	\$1,769,031	The expected amount available for the remainder of the Con Plan assumes level funding for the remaining three years of the plan (PY2020, 2021, 2022).
CDBG	public – federal	Housing			\$46,049.75	\$46,049.75		Reprogrammed funds from closed out projects allocated to Direct Financial Assistance to Homebuyers

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 1				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
Other	CDBG-CV	Prevent, prepare for, and respond to coronavirus	\$756,169			\$756,169	Annual allocation reflects CDBG-CV allocations to date:  CDBG-CV 1 <sup>st</sup> Round: \$346,887  CDBG-CV 3 <sup>rd</sup> Round: \$409,282	

Table 54 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

ADA Remediation is a top priority for the City of Rio Rancho. The City of Rio Rancho will use CDBG funds received over the next five years to leverage Municipal Arterial Program (MAP) grant funds and Local Government Road Fund (LGRF) grant funds to make the ADA Remediation Projects designated for each program year whole. The MAP Grant and the LGRF funds have a 75% State, 25% Local split. In addition, the City of Rio Rancho coordinates efforts with Southern Sandoval County Flood Control Authority (SSCAFCA) to further leverage CDBG funds to mediate drainage and flood issues.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Public Facility Improvement Projects are a priority in the 2018-2022 Consolidated Plan. The ADA Ramp Remediation Project along with the Star Heights Drainage Improvement Project will take priority for those funds not allocated to public service projects over the plan period.

#### Discussion

The City of Rio Rancho is collaborating with the Southern Sandoval County Flood Control Authority (SSCFCA) to complete necessary, pre-determined drainage improvements in the Star Heights neighborhood, which has been determined to be greater than 51% LMI and will benefit 1,048 homeowners. SSCFCA will be utilizing the design provided by CDBG funds allocated in 2018 for the construction of the Lisbon Ave. drainage structure that they will be solely funding.

The Star Heights Community Drainage Project is a multi-phase project that includes multiple drainage structure improvements.

## Annual Goals and Objectives

### AP-20 Annual Goals and Objectives

#### Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	Funding	Goal Outcome Indicator
1	Improved Public Facilities	2018	2022	Non-Housing Community Development	Citywide	General Public Facilities & Improvements Water & Sewer Improvements Drainage Improvements	CDBG: \$367,778	Public Facility or Infrastructure Activities for Low/Moderate Income Housing  Benefit: 1,048 Households Assisted

Table 55 – Goals Summary

## Goal Descriptions

1	Goal Name	Improved Public Facilities
	Goal Description	Star Heights Drainage Project \$367,778
2	Goal Name	Improved Public Facilities
	Goal Description	Saint Felix Pantry Storage Building \$18,700
3	Goal Name	Increased Public Services for Youth
	Goal Description	Beyond the Bell After School Tutoring Program \$9,000 Funds will be used to increase and improve the availability of public services for youth from low- and moderate-income households. Planned activities include mentoring and educational services, after-school programs, and youth with special needs.
4	Goal Name	Public Services-Domestic Violence Victims
	Goal Description	Haven House Domestic Violence Shelter \$15,080 Funds will be used to increase and improve public services available to victims of domestic violence. Planned activities will include support to shelters, provision of crisis intervention, education, therapy, legal advocacy, case management and referral to other social service agencies.
5	Goal Name	Increased General Public Services
	Goal Description	Saint Felix Pantry Food Assistance \$4,537

6	Goal Name	Homelessness Prevention
	Goal Description	<p>Saint Felix Pantry Homelessness Prevention \$28,991</p> <p>Sandoval County Permanent Supportive Housing \$14,032</p> <p>Funds will be used to assist homeless individuals to find permanent housing and provide food as well as provide at risk families with emergency resources to prevent homelessness. Planned activities include case management, counseling, providing a food pantry, providing rental deposits and emergency rental or mortgage assistance to families.</p>
7	Goal Name	Planning and Administration
	Goal Description	The goal of this activity is to effectively plan and administer the CDBG funded activities \$114,530
8	Goal Name	Increase Affordable Housing
	Goal Description	The goal of this activity is to provide down payment assistance to low-to-moderate income first time homebuyers within the City of Rio Rancho. The program will offer a grant up to \$5,000.00 to be used for 50% of down payment and closing costs \$46,050
9	Goal Name	Homelessness Prevention - CV
	Goal Description	<p>Funds will be used to assist families affected by COVID-19 with past due utility payments, rent, and mortgage payments</p> <p>St Felix Pantry Homeless Prevention \$153,469</p> <p>Mortgage, Rent, and utility payment assistance to those adversely affected by COVID-19. Program will be facilitated through our Sub-Recipient, Saint Felix Pantry. Low-income Clients who have experienced loss of income due to decreased work hours or job loss can apply for up to \$3,000 to be paid directly to a mortgage company, landlord, or utility company for past due rent and utility bills</p>

10	Goal Name	Small Business Assistance - CV
	Goal Description	Assistance to micro-enterprise and small businesses that have been negatively affected by COVID-19 and have suffered at least a 30% decrease in income due to social distancing. Low-income Micro-enterprise and small business owners can apply for funding up to \$7,500 for micro-enterprise businesses and up to \$12,500 for small businesses. This is a performance based grant that can be used for the payment of monthly fixed business expenses such as payroll, rent, utility payments, and other operating costs. Duplication of benefits is not allowed. Micro-enterprise must qualify as low income and small businesses with more than 5 employees but less than 40 employees must retain employment for 1 low-income employee for every 10 employees employed by the business \$232,700
11	Goal Name	Sandoval County Homelessness Prevention - CV
	Goal Description	Funds will be used to assist families affected by COVID-19 with past due utility payments, rent, and mortgage payments Sandoval Country Housing Program Homeless Prevention \$150,000  Mortgage, Rent, and utility payment assistance to those adversely affected by COVID-19. Program will be facilitated through our Sub-Recipient, Sandoval County Housing Program. Low-income Clients who have experienced loss of income due to decreased work hours or job loss can apply for up to \$3,000 to be paid directly to a mortgage company, landlord, or utility company for past due rent and utility bills
12	Goal Name	Sandoval County Senior Meal Program - CV
	Goal Description	Funds will be used to assist the senior citizen community within the City Rio Rancho that have been affected by Covid-19 with meals and meal delivery. The Sandoval County Senior Meal Program is expected to receive \$220,000 in Cares Funding to our Sub-Recipient, Sandoval County. Meals will be held and distributed through our City of Rio Rancho Meadowlark Senior Center.

# Projects

## AP-35 Projects – 91.220(d)

### Introduction

The City of Rio Rancho normally allocates funds throughout the entire City. Conversely, as need arises, special emphasis is placed on revitalization and redevelopment efforts geared toward specific low and moderate-income communities.

13	Sandoval County Senior Meal Program - CV

Table 56 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City of Rio Rancho typically allocates grant funds throughout the City with efforts geared toward specific low and moderate-income communities.

Over the next year, the City of Rio Rancho will continue to provide CDBG funds to local nonprofits for the provision of public services to low and moderate-income households. The selection of agencies that serve the low-to-moderate income residents is done through a citywide advertisement by issuing a Request for Proposal (RFP). The Capital Improvement Plan Citizen Advisory Committee, (CIPCAC) recommended the CDBG funds to be distributed according to the priority needs that exist for the low-to-moderate income persons.

The non-profit agencies that were awarded funds for this program year are focused on the provision of services to senior persons, victims of domestic violence, youth and their families. Traditionally, the City

has found that due to the limited resources available, public service projects are challenged by their financial capacity.

As a basis for the priority need to eliminate homelessness, the City will provide program funds from CDBG to support non-profit agencies providing rental housing services to homeless persons and/or those at-risk of becoming homeless.

Per the Substantial Amendment approved on May 27, 2020 the City will provide down payment and closing cost assistance to first time homebuyers within the City of Rio Rancho that qualify as low-to-moderate income. The program will provide up to 50% of the down payment and closing costs up to \$5,000.00.

AP-38 Project Summary  
Project Summary Information

1	Project Name	Star Heights Drainage Project
	Target Area	Citywide
	Goals Supported	Improved Public Facilities
	Needs Addressed	General Public Facilities & Improvements Drainage Improvements
	Funding	CDBG: \$367,778
	Description	The City of Rio Rancho, in coordination with the Southern Sandoval County Arroyo Flood Control Authority (SSCAFCA), will be improving under capacity drainage infrastructure within Unit 11. These improvements are generally comprised of culvert crossings within the City's right-of-way, and will impact approximately 1,048 households in all watersheds or systems. The first project to be undertaken by this effort will be near 570 Lisbon Ave. The current culvert capacity is 301.09 cfs whereby the recently completed report by Conley Engineering LLC states that the new crossing constructed needs to allow for 575 cfs. This project will remove the existing 5-barrel CMP and replace it with either larger capacity pipes or a concrete box culvert meeting capacity needs. No improvements outside of the road right-of-way are anticipated or will be completed. Funds appropriated in program year 2019 will be used for construction of phase 1 and phase 2 professional services associated with this project. Construction of this project will be phased over the next five years.
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	1,048 Households located within the Star Heights Neighborhood
	Location Description	Block Group 3 - Tract 107.12 - Lisbon Avenue SE
	Planned Activities	Improvement of under capacity drainage infrastructure within Unit 11. Funds allocated will be used for construction of phase 1 and phase 2 professional services associated with the project. Construction will be phased over the next five years. The Star Heights Drainage Project will improve basic drainage components including curb-and-gutter, catch basins, storm drains, CBCs, repair of existing grade control structures, reshaping of existing unlined channels, and general open channel improvements to avoid possible hazard to home and residences in the area.
Project Name	Beyond the Bell Scholarships	

2	Target Area	Citywide
	Goals Supported	Increased Public Services for Youth
	Needs Addressed	Public services for youth
	Funding	CDBG: \$9,000
	Description	The City of Rio Rancho's Parks, Recreation & Community Services Department (PRCS) seeks CDBG funds to provide scholarships to students who qualify as low to moderate-income (LMI) as per Sandoval County HUD guidelines. A minimum of 5 recipients will attend 36-weeks of tutoring throughout the school year.
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	10 Students will be assisted during the upcoming school year.
	Location Description	Rio Rancho Public Schools
	Planned Activities	Depending on participation and needs 5-10 recipients will attend 36-weeks of tutoring throughout the school year.
3	Project Name	Haven House - Shelter Services
	Target Area	Citywide
	Goals Supported	Public Services-Domestic Violence Victims
	Needs Addressed	Public Services to Victims of Domestic Violence
	Funding	CDBG: \$15,080
	Description	Requesting assistance to continue to provide shelter and services to Domestic Violence victims and their children. In addition to offering shelter beds, help victims achieve not only immediate safety but also the knowledge, skills and resources to move on with their daily lives
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	300 Women, Men, and Children seeking shelter from domestic violence
	Location Description	Physical location is confidential. PO Box 15611, Rio Rancho, NM 87174

	Planned Activities	Requesting assistance to continue to provide shelter and services to Domestic Violence victims and their children. In addition to offering shelter beds, help victims achieve not only immediate safety but also the knowledge, skills and resources to move on with their daily lives
4	Project Name	Saint Felix Pantry - Food Assistance
	Target Area	Citywide
	Goals Supported	Increased General Public Services
	Needs Addressed	General Public Services
	Funding	CDBG: \$4,537
	Description	CDBG grant fund dollars to provide a nutritious source of protein to Rio Rancho clients who fall into the HUD income level of low to moderate income
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	4900 Households
	Location Description	4020 Barbara Loop SE, Rio Rancho, NM 871024
	Planned Activities	
5	Project Name	Saint Felix Pantry - Homelessness Prevention
	Target Area	Citywide
	Goals Supported	Homelessness Prevention
	Needs Addressed	Rental Assistance Homeless Prevention
	Funding	CDBG: \$28,991
	Description	Homelessness Prevention to assist needy Rio Rancho households with utility and mortgage/rent monies resulting from continued economic concerns for low income households
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	223 Households
	Location Description	4020 Barbara Loop SE, Rio Rancho, NM 87124

	Planned Activities	Homelessness Prevention to assist needy Rio Rancho households with utility and mortgage/rent monies resulting from continued economic concerns for low income households
6	Project Name	Saint Felix Pantry Facility Improvements
	Target Area	Citywide
	Goals Supported	Improved Public Facilities
	Needs Addressed	General Public Facilities & Improvements
	Funding	CDBG: \$18,700
	Description	Construction of storage building providing safe storage for items donated to St. Felix Pantry for further distribution to the low and very low income residents of the community
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	3208 Individuals
	Location Description	4020 Barbara Loop SE, Rio Rancho, NM 87124
	Planned Activities	Purchase and position a large outdoor storage building to be used to store excess stockpile of clothing and other household items donated to the pantry.
7	Project Name	Sandoval County Permanent Supportive Housing
	Target Area	Citywide
	Goals Supported	Homelessness Prevention
	Needs Addressed	Homeless Prevention
	Funding	CDBG: \$14,032
	Description	CDBG funds will be used to offset administrative costs by providing salary support for staff who provide long-term supportive housing assistance and comprehensive outreach, case management, and advocacy services to chronically disabled persons who are experiencing homelessness. In addition, the grant provides salary support for ongoing HUD-funded rental assistance to help persons exit homelessness by securing housing and providing support necessary for the participant to retain housing and successfully build self-sufficiency.
	Target Date	6/30/2020

	Estimate the number and type of families that will benefit from the proposed activities	59 Households
	Location Description	711 S. Camino Del Pueblo, Bernalillo, NM 87004
	Planned Activities	CDBG funds are used to provide long-term supportive housing assistance and comprehensive outreach, case management and advocacy services to chronically disabled persons who are experiencing homelessness. In addition, the program provides ongoing HUD-funded rental assistance to help persons exit homelessness by securing housing, providing referral, and support necessary for the participant to retain housing successfully and to build self-sufficiency.
8	Project Name	City of Rio Rancho CDBG Planning and Administration
	Target Area	Citywide
	Goals Supported	Planning and Administration
	Needs Addressed	Rental Assistance Financial Assistance to Homebuyers General Public Facilities & Improvements Neighborhood facilities including ADA Improvements Park & Recreational Facilities including ADA Water & Sewer Improvements Drainage Improvements Public services for youth Public Services for Persons with Disabilities Public Services to Victims of Domestic Violence Homeless Prevention General Public Services AFH Factor - Availability of Public Transportation AFH Factor - Lack of affordable accessible units AFH Factor - Lack of fair housing law AFH Factor - Accessible Publicly Supported Housing
	Funding	CDBG: \$114,530
	Description	Planning and Administration of CDBG Grant
	Target Date	6/30/2020
	Estimate the number and type of families that will benefit from the proposed activities	The planning and administration of the CDBG funds received benefit the low to moderate income, disabled, and elderly population of the City of Rio Rancho that benefit from the CDBG funded projects.

	Location Description	Citywide
	Planned Activities	To provide local officials and citizens with information about the program; prepare program budgets and schedules, and amendments thereto; develop systems for assuring compliance with program requirements; develop interagency agreements and agreements with sub recipients and contractors to carry out program activities; monitoring program activities for progress and compliance with program requirements; prepare reports and other documents related to the program for the submission to HUD.
9	Project Name	CoRR Down Payment Assistance Project
	Target Area	Citywide
	Goals Supported	Increase Affordability of Housing
	Needs Addressed	Financial Assistance to Homebuyers
	Funding	CDBG: \$46,049
	Description	This project provides down payment and closing cost assistance to low income first time home buyers within the City of Rio Rancho. The program will offer a grant up to \$5,000.00 to be used for 50% of down payment and closing costs.
	Target Date	6/30/2022
	Estimate the number and type of families that will benefit from the proposed activities	The City anticipates that it will be able to assist 10 families with the purchase of a home in Rio Rancho.
	Location Description	City of Rio Rancho
Planned Activities	Down Payment assistance for first time homebuyers	
10	Project Name	Saint Felix Pantry - Homelessness Prevention CV
	Target Area	Citywide
	Goals Supported	Homelessness Prevention
	Needs Addressed	Homeless Prevention
	Funding	CDBG-CV: \$150,000
	Description	Assist low income residents of the City of Rio Rancho who have been negatively affected by the COVID-19 pandemic. This project will provide assistance for rent, mortgage, and utility assistance for those in need.
	Target Date	6/30/2021

	Estimate the number and type of families that will benefit from the proposed activities	The City of Rio Rancho anticipates that it will be able to assist 52 households with rent, mortgage, and utility payments.
	Location Description	All households assisted will be located within the City of Rio Rancho
	Planned Activities	Mortgage, rent, and utility payment assistance for those families that have been negatively impacted by the COVID-19 pandemic.
11	Project Name	CoRR Small Business Assistance Program - CV
	Target Area	Citywide
	Goals Supported	Increased General Public Services
	Needs Addressed	General Public Services
	Funding	CDBG-CV: \$291,385
	Description	Assistance to micro-enterprise and small businesses located within the City of Rio Rancho that have been negatively impacted by the COVID-19 pandemic. This project will assist with qualifying monthly fixed costs for no more than 3 months with a maximum grant amount of \$7,500 for micro-enterprise and small businesses with no more than 10 employees. Small businesses with more than 11 employees may receive a maximum of \$12,500.
	Target Date	6/30/2021
	Estimate the number and type of families that will benefit from the proposed activities	The City of Rio Rancho anticipates that it will be able to assist 40 businesses that have been negatively impacted by the COVID-19 pandemic.
	Location Description	Businesses will be located throughout the City of Rio Rancho
	Planned Activities	In an effort to retain jobs and maintain economic development within the City of Rio Rancho, the City will assist low income micro-enterprise and small business owners with financial assistance for fixed monthly expenses.
12	Project Name	Sandoval County Supportive Housing - Homelessness Prevention CV
	Target Area	Citywide
	Goals Supported	Homelessness Prevention
	Needs Addressed	Homeless Prevention

	Funding	CDBG-CV: \$150,000
	Description	Assist low income residents of the City of Rio Rancho who have been negatively affected by the COVID-19 pandemic. This project will provide assistance for rent, mortgage, and utility assistance for those in need.
	Target Date	6/30/2021
	Estimate the number and type of families that will benefit from the proposed activities	The City of Rio Rancho anticipates that it will be able to assist 50 households with rent, mortgage, and utility payments.
	Location Description	All households assisted will be located within the City of Rio Rancho
	Planned Activities	Mortgage, rent, and utility payment assistance for those families that have been negatively impacted by the COVID-19 pandemic.
13	Project Name	Sandoval County Supportive Housing – Senior Meal Program CV
	Target Area	Citywide
	Goals Supported	Increased General Public Services
	Needs Addressed	General Public Services
	Funding	CDBG-CV: \$220,000
	Description	Assist Senior residents of the City of Rio Rancho who have been negatively affected by the COVID-19 pandemic. This project will provide Meal to our Senior Community
	Target Date	6/30/2021
	Estimate the number and type of families that will benefit from the proposed activities	The City of Rio Rancho anticipates that it will be able to assist 70,000 with meals
	Location Description	Meadowlark Senior Center located within the City of Rio Rancho
	Planned Activities	Meal assistance to our Senior Community that have been negatively impacted by the COVID-19 pandemic.

## AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The City of Rio Rancho has intentionally expanded beyond specific census tracts because its low- to moderate-income population is dispersed throughout the City. However, a majority of the funds received under this plan are directed to the Star Heights Drainage Improvement Project located in Census Block 3, tract 107.12, which is designated as 51% or more LMI.

### Geographic Distribution

Target Area	Percentage of Funds
Citywide	62

Table 57 - Geographic Distribution

### Rationale for the priorities for allocating investments geographically

Citywide - 62%, 107.12 - 38%

- rehabilitation of existing units,
- rental assistance,
- financial assistance to home buyers,
- general public facilities and improvements,
- neighborhood facilities including ADA improvements,
- parks, recreational facilities including ADA improvements,
- youth services,
- services to persons with disabilities,
- services to victims of domestic violence,
- services to the homeless,
- general public services

### Discussion

Per SP-10 in the 2018-2022 Consolidated Plan, the City of Rio Rancho had not identified specific target areas as the plan was being developed, due to the fact that the low-to-moderate income population tends to be dispersed throughout the City. However, in this particular action plan, 38% of the funds allocated will be utilized in census tract 107.12, which has been determined to be greater than 51% LMI. The need for assistance is not limited to the aforementioned census tract, since the need is spread throughout the City.

# Affordable Housing

## AP-55 Affordable Housing – 91.220(g)

### Introduction

During program year 2019, low-income families and underserved populations such as veteran families, single parent head of households, seniors, persons with physical disabilities, homeless, and near homeless populations will be the focus. Further, the City will continue to fund projects specific to housing and supportive housing needs of homeless and near homeless populations. Rental assistance, rehabilitation projects, and homeownership assistance continues to be goals that are being funded from prior year allocations.

One Year Goals for the Number of Households to be Supported	
Homeless	59
Non-Homeless	0
Special-Needs	0
Total	59

Table 58 - One Year Goals for Affordable Housing by Support Requirement

Rental Assistance	59
The Production of New Units	0
Rehab of Existing Units	0
Acquisition of Existing Units	0
Total	59

Table 59 - One Year Goals for Affordable Housing by Support Type

### Discussion

Homelessness prevention is a high priority and a strategic goal, the City will continue to provide funding to St. Felix Pantry and Sandoval County Permanent Supportive Housing Program. They provide their participants the motivation and means to thrive, not merely survive, to achieve greater self-sufficiency, and to claim their places as positive, engaged members of the communities in which they live. The Sandoval County Permanent Supportive Housing Program provides supportive housing rental assistance coupled with comprehensive case management, service coordination and advocacy services to chronically disabled persons, and their immediate family members, who are experiencing homelessness.

Per goals established in the AFFH Plan, the City of Rio Rancho will continue to review and revise existing Planning and Zoning Ordinances to encourage the development of higher density affordable housing within the City of Rio Rancho. Additionally, the City intends to enact a local fair housing ordinance that

would give the City of Rio Rancho the legal basis to take enforcement action during future planning and development of affordable housing within the City.

## AP-60 Public Housing – 91.220(h)

### Introduction

The City of Rio Rancho does not have a Public Housing Agency. The Town of Bernalillo has historically served the needs of Section 8 Vouchers rental assistance for Rio Rancho. In 2012, Santa Fe Civic Housing Authority Housing Authority (SFCHA) takes over the responsibility of Choice Voucher Program from the Town of Bernalillo Public Housing Authority. In addition, SFCHA manages vouchers that were “ported” to Rio Rancho but were originally designated by HUD to other authorities.

This program assists very low-income families, the elderly, and the disabled to afford decent, safe, and sanitary housing in the private market. Since housing assistance is provided on behalf of the family or individual, participants are able to find their own housing, including single-family homes, townhouses and apartments. The participant is free to choose any housing that meets the requirements of the program and is not limited to units located in subsidized housing projects.

A family that is issued a housing voucher is responsible for finding a suitable housing unit of the family's choice where the owner agrees to rent under the program. This unit may include the family's present residence. Rental units must meet minimum standards of health and safety.

A housing subsidy is paid to the property owner directly by the Housing Authority on behalf of the participating family. The family then pays the difference between the actual rent charged by the property owner and the amount subsidized by the program.

The City of Rio Rancho has a written Memorandum of Understanding (MOU) with Albuquerque Housing Authority, and Bernalillo County Housing Authority to be the second and third Housing Authority to serve Rio Rancho. Rio Rancho citizen have the option to contact any of the three housing authorities

Actions planned during the next year to address the needs to public housing

Not applicable since there are no public housing units located within the City limits

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable since there are no public housing units located within the City limits

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The City of Rio Rancho does not have a Public Housing Agency. The Town of Bernalillo has historically served the needs of Section 8 Vouchers rental assistance for Rio Rancho. Rio Rancho citizen have the option to contact any of the three housing authorities.

## AP-65 Homeless and Other Special Needs Activities – 91.220(i)

### Introduction

The City of Rio Rancho one-year goals and actions include Homeless Prevention and General Public Service for reducing and ending homelessness. The following strategies will be used by the City to address and prevent individuals, families and unaccompanied youth from becoming homeless:

The City will continue to support and fund Saint Felix Pantry who provides homeless prevention through emergency rental/mortgage assistance, clothing, food assistance and referral services for homeless and indigent, including families with children, veterans, chronically homeless, and youth.

The City will continue to support and fund Sandoval County Permanent Supportive Housing, who provides homeless prevention through supportive housing rental assistance coupled with comprehensive case management, service coordination and advocacy services to chronically disabled persons and immediate family members.

In addition, the City of Rio Rancho will continue to support and fund Saint Felix Pantry who provides General Public Service through food assistance and an environment where residents can find nutritious source of protein.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Rio Rancho one-year goals and actions include Homeless Prevention and General Public Service for reducing and ending homelessness. The following strategies will be used by the City to address and prevent individuals, families and unaccompanied youth from becoming homeless:

The City will continue to support and fund Saint Felix Pantry who provides homeless prevention through emergency rental/mortgage assistance, clothing, food assistance and referral services for homeless and indigent, especially unsheltered persons.

The City will continue to support and fund Sandoval County Permanent Supportive Housing, who provides homeless prevention through supportive housing rental assistance coupled with comprehensive case management, service coordination and advocacy services to chronically disabled persons and immediate family members.

In addition, the City of Rio Rancho will continue to support and fund Saint Felix Pantry who provides General Public Service through food assistance and an environment where residents can find nutritious

source of protein.

The City of Rio Rancho is in collaboration with Chamber of Commerce, who organizes the Non-Profit Alliance, a group of forty non-profit organizations who provide services to reduce and end homelessness directly or indirectly.

Further, the City funded St. Felix Pantry, Haven House, and Sandoval County Permanent Supportive Housing in the past to mitigate homelessness through food subsidy, utility assistance, mortgage/rent assistance, and support to reach self-sufficiency.

Collaboration with agencies to assess homeless needs, especially unsheltered:

The New Mexico Coalition to End Homelessness provides a tracking system, Homeless Management Information System (HMIS), to help quantify the need and provide specific data reporting elements to U.S. Department of Housing and Urban Development (HUD). However, Staff reported that the actual number of homeless might potentially be much greater, in Sandoval County and Rio Rancho. Specifically, homeless people who elect not to use the services, will not be counted, which further reduces the accurate number of homeless in need. Additionally, inaccuracy occurs when non-profit agencies choose not to participate in reporting to the HMIS due to the additional data entry burden.

Catholic Charities provides HUD funded rental assistance with comprehensive case management for single parent households for up to 24 months. In addition, provides a limited homeless prevention program, providing 3-6 months of rental assistance.

NMHELP offers emergency assistance, on the job training, work experience, training related support services, classroom training, specialized training, supportive housing, child and adult care food program, OLAO program (daycare), Foster Grandparent and Senior Companion programs, and a variety of other trainings such as financial literacy, job readiness, pesticide training, and tractor safety. Also, offered are youth programs such as WIOA and of course the HELP program. However, not all of these services are offered by the agency in the Sandoval county area.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City has used CDBG funds to provide transitional housing services to the homeless and emergency shelter to the victims of domestic violence in the past. The City of Rio Rancho does not currently have any type of shelter for homeless individuals and families. The City provides funding to the Sandoval County Permanent Supportive Housing Program to provide an on-going program for residents of Rio Rancho who are homeless or at risk of become homeless. The City will continue to fund Haven House, Inc. to provide shelter services to victims of domestic violence and their families.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to

permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City of Rio Rancho is not a recipient of Homelessness Prevention and Rapid Re-Housing Program or the Emergency Solutions Grants (ESG) Program.

The City of Rio Rancho one-year goals and actions include Homeless Prevention and General Public Service for helping make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The following strategies will be used by the City to address helping homeless persons, especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth:

Continue to support St Felix Pantry, in its homelessness prevention program to provide emergency resources to enable them to have the time necessary to acquire the funds needed to prevent homelessness by providing rental deposits and emergency rental and mortgage assistance. Additionally, the City will continue to support Sandoval County Permanent Supportive Housing that provides support for chronically homeless individuals with disabilities and their families.

New Mexico Coalition to End Homelessness reported the lack of emergency shelters in Rio Rancho and Sandoval County as whole. In addition, there is a significant lack of resources for unaccompanied youth. With that in mind, the City of Rio Rancho will continue to work with and fund those agencies that provide services to homeless persons, especially chronically homeless individuals and families, Veterans, and unaccompanied youth. The City of Rio Rancho does not have a Housing Authority that cannot issue vouchers to assist with rent; therefore we will continue our relationship with Albuquerque Housing Authority and Santa Fe Civic Housing to provide assistance with housing for those in need.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City of Rio Rancho one-year goals and actions include Homeless Prevention and General Public Service for helping low-income individuals and families avoid becoming homeless, especially extremely

low-income individuals and families and those who are being discharged from publicly funded institutions and systems of care.

The following strategies will be used by the City to address helping low-income individuals and families avoid becoming homeless:

The City of Rio Rancho supports Rio Rancho Chamber of Commerce with the Nonprofit Alliance, which offers a more holistic approach to assisting low-income individuals and families avoid becoming homeless through case management, with self-sufficiency strategies, trauma/substance-abuse support, paralleled with affordable housing. Although the City does not operate a homeless shelter or Housing Authority, persons in need of assistance will be referred to non-profit agencies and other local agencies that can provide service to those in need within the community.

The City supports the Sandoval County Permanent Supportive Housing Program to provide services including housing access assistance to participants in attempt to identify suitable housing units, establish relationships through acting as a liaison with landlords, conduct periodic home safety inspections prior to move-in, and payment of move-in deposits and monthly rental assistance. They also provide client-centered, strength-based case management services which focus on facilitating participants' abilities to retain stable housing and increase self-sufficiency by connecting participants to mainstream services and benefits for which they may be eligible and encourage participation in treatment services and activities such as secondary education, vocational rehabilitation and financial literacy training.

The City continues to support St Felix Pantry in its homelessness prevention program to provide families with emergency resources to enable them to have the time necessary to acquire the funds needed to prevent homelessness by providing rental deposits and emergency rental and mortgage assistance.

## Discussion

The City has used CDBG funds to provide transitional housing services to the homeless and emergency shelter to the victims of domestic violence in the past. The City of Rio Rancho does not currently have any type of shelter for homeless individuals and families; the City provides funding to the Sandoval County Permanent Supportive Housing Program to provide an on-going program for residents of Rio Rancho who are disabled and homeless or at risk of become homeless. The City will continue to fund Haven House, Inc. to provide shelter services to victims of domestic violence and their families.

The housing need for those who are not homeless but require supportive housing, including the elderly, frail elderly, persons with disabilities, persons with alcohol or other drug addiction, persons with HIV/AIDS and their families, and public housing residents is significant. The City will continue to work with, and refer those in need of services, to local and non-profit agencies within the community that can assist with supportive housing. The homelessness and vagrancy is not always transparent in Rio Rancho as in other cities. Even more so with special needs cohort. 20% of Rio Rancho households are experiencing a cost burden and 14% are experiencing a severe cost burden. Anecdotally, special need

cohort may require additional support, which takes away their ability to contribute towards housing or alternatively have enough to pay housing but leaves even less for medication, food, and other daily needs.

## AP-75 Barriers to affordable housing – 91.220(j)

### Introduction:

As stated in the Consolidated Plan, the City of Rio Rancho has created zoning ordinances, subdivision review and impact fees, design standards and building codes to protect the health, safety and welfare of its citizens. This protection may well affect affordable housing, as well as community and economic development. These regulations may significantly affect the location and type of housing and business investments, especially within the housing industry.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Barriers to affordable housing are both governmental and non-governmental. Governmental barriers include land use controls, entitlement processing fees and building codes. Land use controls are necessary to ensure orderly and appropriate development and growth in the City. Fees and public improvement are usually required as part of land development and entitlement processing to ensure an adequate supply of infrastructure, parks, and schools to serve the development. To facilitate the development of affordable housing, the City may consider waiving fees or assisting developers in locating resources to fund affordable housing in the future, as well as attempt at establishing inclusionary zoning and/or the development of a Housing Trust Fund. Since building and housing codes are implemented to ensure the safety of housing residents, it is unlikely that the city will waive building or housing codes as a method of increasing affordability. In attempt to remove or ameliorate barriers to affordable housing, the City will take actions to address barriers, as appropriate, taking into consideration available resources and policies. Principal policies relating to affordable housing are found in the Population and Housing Element of the City's 2010 Comprehensive Plan, as amended. The City's Governing Body relies on the Comprehensive Plan to make decisions concerning zoning changes and land use approvals.

### Discussion:

City staff continues to review city ordinances, building codes, fees and charges, land use controls, etc. on an on-going basis. All changes must be reviewed and recommended by the Planning and Zoning Commission prior to any changes being presented to the Governing Body; the Governing Body must give final approval to any changes or new ordinances.

## AP-85 Other Actions – 91.220(k)

### Introduction:

Rio Rancho's Consolidated Plan is imperative to long-term compliance to achieve the goals and objectives set out in the Plan. Every effort will be made to comply with the Plan, which serves as a basis for community development decisions for the best short and long-term needs of the community. The City with housing, economic development and other nonprofit service providers to provide the implementation services set out in the Plan.

### Actions planned to address obstacles to meeting underserved needs

Limited funding continues to be a major barrier in providing necessary assistance to all low-income persons in need. Due to limited funding, the City has not been able to award funds to all CDBG applications or able to fund the full amount requested by CDBG applicants. However, with the funding that is awarded through CDBG, we have been able to address some needs established for youth, homeless persons, disabled persons, and the overall low-income population of Rio Rancho.

The City of Rio Rancho is dedicated to access and safety of our senior and disabled population. Various projects throughout the City will receive a sidewalk enhancement to comply with ADA standards including major centers and recreational facilities

### Actions planned to foster and maintain affordable housing

The City will continue to administer the Home Repair Assistance Program with funds allocated previously. This program serves the City's low to moderate-income residents and assists them in making necessary repairs to their home.

The Down Payment and Closing Cost Assistance Program offered by the City will continue to provide soft second mortgages to first-time homebuyers. The mortgages assist with the acquisition of newly constructed or existing homes and the loans are offered with no interest. The loan is repaid upon the sale of the home, if the home is sold or otherwise transferred, within the first five years. If the homeowner remains in the home for five years, the City files a Release of Lien with the Sandoval County Clerk's Office and the funds are treated as a grant.

Per the Substantial Amendment approved on May 27, 2020 additional funds were allocated to the Down Payment Assistance Program. This funding will provide down payment and closing cost assistance to approximately 10 first-time homebuyers.

### Actions planned to reduce lead-based paint hazards

The definition of a lead-based paint hazard as stated in Section 1004 of the Residential Lead-Based Paint Hazard Reduction Act of 1992 is "any condition that causes exposure to lead from lead-contaminated dust, lead-contaminated soil, lead-contaminated paint that is deteriorated or present in accessible surfaces, friction surfaces, or impact surfaces that would result in adverse human health effects as

established by the appropriate Federal agency.”

According to the New Mexico Department of Health, homes built before 1950 pose highest threat: there are 764 homes in Rio Rancho built before 1950. For many reasons, lead-based paint is typically not an issue in New Mexico. Historically, homes were covered with mortar and plaster or stucco, not paint. Further, paint containing lead was more expensive than non-lead paint. Due to the nature of structures and the overall poverty of New Mexico, most homeowners were not able to afford lead paint. As part of the Home Repair Assistance Program, homes built prior to 1978 are tested for lead.

If a homebuyer purchases an existing home through the City’s Down Payment Assistance Program, they are given a lead-based paint disclosure form that must be signed. If a home is purchased that was built before 1978, the EPA lead-based paint pamphlet entitled “Protect Your Family from Lead in Your Home” is also given to the homeowner. The homebuyer must also sign a series of forms acknowledging they were informed of the lead-based paint issue.

### Actions planned to reduce the number of poverty-level families

Anti-poverty efforts are encompassed in the Economic Development Element goals, policies and actions. Following are some of the goals, policies and actions included in the Economic Development Element:

1) Goals: a) Create jobs; b) Retain jobs; c) Enhance the tax base; d) Improve the quality of life; and e) Expand the economic base of Rio Rancho;

2) Policies: a) Proactively support the economic development allies currently providing services applicable to the Entrepreneurship and Small Business Development Tactic; b) Explore opportunities to enhance internships, mentoring programs and expand educational linkages within the community; and c) Consider seeking the adoption of an economic development tax to be utilized for low interest loans for rehabilitation projects;

3) Actions: a) Evaluate ways for the City to increase resident access to the arts, culture and quality of life enhancements; b) Establish Redevelopment Support Program; and c) Establish a targeted, proactive, economic base business recruitment initiative.

### Actions planned to develop institutional structure

The City has adopted the Infrastructure Capital Improvement Plan (ICIP) for Fiscal Years 2018–2023. This ICIP plan reflects the collective efforts of several City departments and various levels of management and staff and is intended to be a planning document and financial management tool that projects the capital needs and priorities of the City while identifying future financing requirements over the planning period. The ICIP is reviewed and updated each fiscal year.

The City of Rio Rancho’s strategy for overcoming gaps in the institutional structure and service delivery

system to carry out and address priority needs is to maintain a high level of communication between the City and the Non-Profit Service Providers within the community. Through a higher level of communication, it is believed that funds made available through the CDBG Entitlement Grant will benefit more people within the community with the greatest level of need without duplication of service.

#### Actions planned to enhance coordination between public and private housing and social service agencies

The City of Rio Rancho actions planned to enhance coordination between public and private housing and social service agencies with continued support the Chamber of Commerce, Nonprofit Alliance (NPA) works to support our local nonprofits. This initiative seeks to develop and strengthen partnerships among the nonprofit, private and public sectors in order to help improve quality of life in the area. The NPA strives to raise awareness of the economic impact, needs and values of local non-profit organizations.

With respect to economic development, Rio Rancho supports and works with the Sandoval Economic Alliance (SEA) to enhance coordination with private industry, businesses, developers, and social services agencies. Sandoval Economic Alliance (SEA) is a private, not-for-profit economic development corporation established to strengthen and diversify the economic base of Rio Rancho and Sandoval County, New Mexico. SEA provides a broad range of free and confidential services to businesses and industries considering new locations for expansion, relocation, or consolidation. Corporation services include identifying available sites and facilities, accessing applicable local and statewide business support and incentive programs, and economic and workforce research. SEA also assists existing Sandoval County and Rio Rancho companies through our Retention and Expansion program, called CORE.

#### Discussion:

The City requires quarterly progress and financial reports from all Sub recipients of CDBG funding that mandate adherence to specific programs and requirements. In addition to quarterly reports, programs are monitored through site visits, file audits and management of fiscal functions inherent in contract administration. By requiring quarterly reporting, the City is able to determine if the Sub recipients are utilizing funds on a timely basis.

All site visits include meeting with staff, discussing current projects, evaluating the efficacy of the sub recipient's performance, past projects and adherence to the scope of services in the Sub recipient Agreement. Within the application, the City requires all sub recipients to provide documentation of Articles of Incorporation, current Bylaws, list of current board of directors, authorization letter to request funds, designation of authorized official, organizational charts, resumes of chief administrator and chief financial officers, copy of most recent financial statement and audit, documentation of compliance with national objectives, and conflict of interest certification.

Each sub recipient's quarterly reports require him or her to document the number of clients they have

served based upon race, ethnicity, gender, age (elderly), income and female-head-of-household. This information in turn is used to document reporting requirements to HUD.

## Program Specific Requirements

### AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

#### Community Development Block Grant Program (CDBG)

##### Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

- |  |   |
|--|---|
| 1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed  | 0 |
| 2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. | 0 |
| 3. The amount of surplus funds from urban renewal settlements  | 0 |
| 4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan   | 0 |
| 5. The amount of income from float-funded activities   | 0 |
| Total Program Income:  | 0 |

#### Other CDBG Requirements

- |   |         |
|---|---------|
| 1. The amount of urgent need activities   | 0       |
| 2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan. | 100.00% |

HIGHT BLOCK GRANT  
(CDBG)**

The 2018-2019 Consolidated Plan and the 2018-2019 Annual Action Plan will be available for public review from July 16, 2018 until June 12, 2019 at 5:00 pm in the Financial Services Department, 2000 Oak Center Circle NE, Suite 200, in the City of Rio Rancho website at [www.riorancho.org/CDBG](http://www.riorancho.org/CDBG), at the Central Library, Esther Benz Library, Woodhull Senior Center, and the City Clerk's Office. Persons are welcome to provide public comments prior to or at the scheduled public hearing on June 12, 2019. If you are unable to attend the public hearing, comments submitted to the program manager outlined in the 2018-2019 Action Plan and the 2018-2019 Consolidated Plan can be submitted by June 12, 2019 to the Director of Grant Operations, CDBG Grant Administration/Office of the Director, Financial Services Department, 2000 Oak Center Circle NE, Suite 200, Rio Rancho, New Mexico 87144 or via e-mail at [ccdbg@cityofrr.com](mailto:ccdbg@cityofrr.com). For more information please call Ronald Gonzalez at 505-885-5725. For hearing impaired persons please call 711.

**CITY OF RIO RANCHO  
PUBLIC HEARING NOTICE:**  
A Public hearing will be held on Wednesday, June 12, 2019 at 5:00 pm in the Community Development Department, 2000 Oak Center Circle NE, Rio Rancho, NM 87144 in the community room for hearing, economic development, public facilities and public works to the to moderate community development staff about the 2018-2019 Consolidated Plan and the 2018 Program Year Action Plan. The City of Rio Rancho is seeking your comments regarding the 2018-2019 Action Plan. Comments can be submitted by electronic or CDBG funds from July 16, 2018 through June 30, 2019 and the 2018-2019 Consolidated Plan which will begin July 1, 2019 and remain in effect through June 30, 2020. CDBG funds are made available through the US Department of Housing and Urban Development (HUD).

The 2018-2019 Annual Action Plan is the first step taken under the 2018-2019 Consolidated Plan and reflects the annual goals of the city. The plan is submitted to HUD as part of the CDBG program. The Annual Action Plan and the Consolidated Plan are only documents and activities prepared to be accomplished.

6/7/2018 4:50:19PM

was the purpose of the  
action for the purpose  
of the project, which is  
to City over the next few  
years, he address a need of  
development needs.

If you are an individual who is  
interested in the need of a  
project, including whether you  
would like to participate in  
the meeting, please contact  
the City Clerk at (505) 861-

ASSURANCES - CONSTRUCTION PROGRAMS

OMS Number 4040-0006  
Expiration Date: 01/31/2018

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0345-0042), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

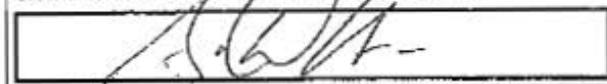

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in this application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the intergovernmental Personnel Act of 1970 (42 U.S.C. §§4726-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900 Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1651-1683, and 1685-1688), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-615), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

Standard Form 4740 (Rev. 7-97)  
Prescribed by OMB Circular A-102

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(g) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1461 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 175(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 100(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

SF-4241 (Rev. 7-07) Beck

**CERTIFICATIONS**

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** --The jurisdiction will affirmatively further fair housing.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

**Anti-Lobbying** --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

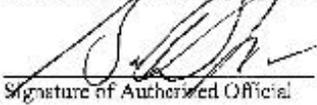

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 17011u) and implementing regulations at 24 CFR Part 135.

Title

## Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

**1. Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

**2. Overall Benefit.** The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2017, 2018, 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

**3. Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3619) and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 25, Subparts A, B, J, K and R.

**Compliance with Laws** -- It will comply with applicable laws.

ASSURANCES - CONSTRUCTION PROGRAMS

CMB Number: 4046-0039  
 Expiration Date: 01/31/2019

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0042), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**NOTE:** Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the Awarding Agency. Further, certain Federal assistance awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance, and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project costs) to ensure proper planning, management and completion of project described in the application.
2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, the right to examine all records, books, papers, or documents related to the assistance; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.
3. Will not dispose of, modify the use of, or change the terms of the real property title or other interest in the site and facilities without permission and instructions from the awarding agency. Will record the Federal awarding agency directives and will include a covenant in the title of real property acquired in whole or in part with Federal assistance funds to assure non-discrimination during the useful life of the project.
4. Will comply with the requirements of the assistance awarding agency with regard to the drafting, review and approval of construction plans and specifications.
5. Will provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms with the approved plans and specifications and will furnish progressive reports and such other information as may be required by the assistance awarding agency or State.
6. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.
7. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.
8. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards of merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).
9. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.
10. Will comply with all Federal statutes relating to non-discrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683 and 1655-1698), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 de-3 and 290 ee 3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

Previous Edition Usable

Authorized for Local Reproduction

Standard Form 424D (Rev. 7-67)  
 Prescribed by GMB Circular A-102

11. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal and federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.
12. Will comply with the provisions of the Hatch Act (5 U.S.C. §§1901-1908 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.
13. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §279c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333) regarding labor standards for federally-assisted construction subagreements.
14. Will comply with flood insurance purchase requirements of Section 102(n) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is \$10,000 or more.
15. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11730; (c) protection of wetlands pursuant to EO 11880; (d) evaluation of flood hazards in floodplains in accordance with EO 11888; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1401 et seq.); (f) conformity of Federal actions to State (Clean Air) implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).
16. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.
17. Will assist the awarding agency in assuring compliance with Section 105 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§460a-1 et seq.).
18. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."
19. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.
20. Will comply with the requirements of Section 106(g) of the Trafficking Victims Protection Act (TVPA) of 2000, as amended (22 U.S.C. 7104) which prohibits grant award recipients or a sub-recipient from (1) Engaging in severe forms of trafficking in persons during the period of time that the award is in effect (2) Procuring a commercial sex act during the period of time that the award is in effect or (3) Using forced labor in the performance of the award or subawards under the award.

SF-424D (Rev. 7-87) Back

**CERTIFICATIONS**

In accordance with the applicable statutes and the regulations governing the consolidated plan regulations, the jurisdiction certifies that:

**Affirmatively Further Fair Housing** --The jurisdiction will affirmatively further fair housing.

**Uniform Relocation Act and Anti-displacement and Relocation Plan** -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (42 U.S.C. 4601-4655) and implementing regulations at 49 CFR Part 24. It has in effect and is following a residential anti-displacement and relocation assistance plan required under 24 CFR Part 42 in connection with any activity assisted with funding under the Community Development Block Grant or HOME programs.

**Anti-Lobbying** --To the best of the jurisdiction's knowledge and belief:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of it, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement;

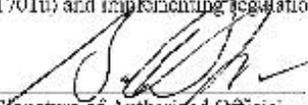

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-L.L.L., "Disclosure Form to Report Lobbying," in accordance with its instructions; and

3. It will require that the language of paragraph 1 and 2 of this anti-lobbying certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

**Authority of Jurisdiction** --The consolidated plan is authorized under State and local law (as applicable) and the jurisdiction possesses the legal authority to carry out the programs for which it is seeking funding, in accordance with applicable HUD regulations.

**Consistency with plan** --The housing activities to be undertaken with Community Development Block Grant, HOME, Emergency Solutions Grant, and Housing Opportunities for Persons With AIDS funds are consistent with the strategic plan in the jurisdiction's consolidated plan.

**Section 3** -- It will comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and implementing regulations at 24 CFR Part 135.

## Specific Community Development Block Grant Certifications

The Entitlement Community certifies that:

**Citizen Participation** -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** -- Its consolidated plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that have been developed in accordance with the primary objective of the CDBG program (i.e., the development of viable urban communities, by providing decent housing and expanding economic opportunities, primarily for persons of low and moderate income) and requirements of 24 CFR Parts 91 and 570

**Following a Plan** -- It is following a current consolidated plan that has been approved by HUD.

**Use of Funds** -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low- and moderate-income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include CDBG-assisted activities which the grantee certifies are designed to meet other community development needs having particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available (see Optional CDBG Certification).

2. Overall Benefit. The aggregate use of CDBG funds, including Section 108 guaranteed loans, during program year(s) 2017, 2018, 2019 [a period specified by the grantee of one, two, or three specific consecutive program years], shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108 loan guaranteed funds, by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

In addition, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

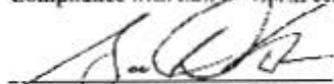

**Excessive Force** -- It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction.

**Compliance with Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d) and the Fair Housing Act (42 U.S.C. 3601-3615) and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, Subparts A, B, I, K and R.

**Compliance with Laws** -- It will comply with applicable laws.
