DEPARTMENT OF CULTURAL ENRICHMENT

Department Vision and Values
Through spirited service and a can-do attitude, the City of Rio Rancho’s Cultural Enrichment Department provides quality and diverse recreation and educational programming, cultural and enjoyable opportunities, library resources, senior services, para-transit services, community centers, trails, parks and the preservation of open space for all Rio Rancho residents. The Cultural Enrichment team is extremely proud of the department’s accomplishments and recognizes the devotion, support and creativity that are put together each and every year by the employees of the six divisions within.

Administrative Division
Cultural Enrichment’s Administrative Division strives to provide excellent customer service by making certain all facilities and programs are being facilitated in a fair, consistent and fiscally sound manner. The staff assigned to this area markets, manages, facilitates and resources the day-to-day operations of the entire Cultural Enrichment Department. The employees manage and control financial transactions, initiate and process purchase orders, initiate work orders, process requisitions, organize travel and training requests while managing the departments Council approved budget. Other operations include responding to public inquiries about programs, facilities, leagues, special events, and community recreation resources.

Programming and Recreation is a service module within the Administrative Division that provides recreation services and local education to all Rio Rancho citizens. The heart of the recreation programming lies within the community centers, aquatic programs, and youth through adult sports leagues. Ultimately, the mission is to create, provide and promote essential quality of life services and programs, empowering each individual while simultaneously enriching the well being of the entire community.

Parks and Facilities Division
Cultural Enrichment’s Parks and Facilities Division preserves and maintains the City's investments in community centers, parks, sports facilities and trails. A key element in the Parks and Facilities Division is periodic and preventive maintenance of these assets. The workforce is assigned regularly scheduled maintenance activities, in addition to managing the inevitable unforeseen or emergency repairs. These assignments ensure that all parks, trails and facilities are inspected, maintained, repaired, and in operable condition for the community. The Parks and Facilities Division is accountable for nearly $1 million in the design and construction of new parks and the restoration and renovation of some of the City’s mature parks and amenities. Furthermore, the division works with Resource Development Division staff on forecasting, comprehensive planning and implementation of large scale projects including the prevailing Loma Colorado Library estimated at $7.2 million, as well as the up and coming $10 million Aquatics Facility.

Resource Development Division
The Resource Development Division is responsible for the forecasting, comprehensive planning, implementation and tracking of assets and projects in partnership with all of the Divisions within Cultural Enrichment. Resource Development works with other divisions to ensure progress
toward sustainable, effective and efficient maintenance of City facilities and resources, and to create and implement plans for development and acquisition of new parks, facilities, trails and open space. The Division represents the Department in the development process to ensure proper accessibility, allocation and design of facilities that will be dedicated to the City and Department. Resource Development will also create and monitor Department policies that will ensure the protection of our facilities and natural resources for the City and its residents.

Keep Rio Rancho Beautiful (KRRB) is a service module within the Resource Development Division. KRRB’s focus is to educate and foster partnerships with other departments, local businesses, service groups, neighborhood associations, schools, and volunteers to positively impact the City’s natural environment. The mission is to educate, facilitate, and inspire the community to take pride and ownership in proper solid waste handling practices, recycling, litter prevention, beautification and environmental education programs through a partnership with Keep Rio Rancho Beautiful team. KRRB’s programs and events provide volunteer, educational and proper waste disposal options to citizens and help the community take part in sustainable activities throughout the year.

**Library and Information Services Division**

The Library and Information Services Division is the community’s information center. The division provides each citizen with the cultural, educational, and recreational library resources needed for the development of individual lives and the betterment of the community. The library staff respects and supports the diverse needs of their clientele in the selection and care of materials and in the delivery of quality reference/information services. The staff takes pride in assisting city patrons with locating and utilizing its information resources, and with its varied, well-conceived and carefully executed programs.

**Senior Services Division**

The Senior Services Division oversees the Meadowlark Senior Center and Rio Transit. The Center is a multipurpose service venue, providing a variety of educational, recreational and social services that meet the needs and interests of seniors 55 and over. In its capacity as a community focal point, the Center provides access to information and referral; offers classes in support of lifelong learning, health and wellness, crafts and fine arts; hosts a congregate and in-home meal program; arranges outings; and sponsors clubs and special interest groups, all of which are aimed at personal growth and enrichment.

Rio Transit is housed at MSC and overseen by the Division of Senior Services. It is a door-to-door para-transit system providing transportation service for disabled adults 18 years of age and older and adults 55 years of age and older. Rio Transit provides transportation for such purposes as medical appointments, educational activities, and employment. Trips within Rio Rancho can also include personal errands.

**Department Summary**

Sustaining a healthy City and making Rio Rancho a great place to live, work, and play is the core mission of Cultural Enrichment Department. To fulfill that mission the department has three major areas of responsibility:
• Establishing and safeguarding the parks and natural resources that are the soul of the city, ensuring that these treasured spaces are accessible to all.
• Developing and maintaining excellent facilities and spaces for public recreation, and building community through play, relaxation, gatherings, and solitude.
• Providing and coordinating recreation services and culturally enriched programs that contribute to the health and well-being of Rio Rancho residents of all ages and abilities. 

These statements truly articulate the basic principles that guide delivery of services and the decisions made every day by the Cultural Enrichment Department.

The goal is to reduce electricity use at two of our Department’s existing buildings by installing energy saving fixtures. Restroom occupancy sensors were installed in the restrooms at both of these buildings in March. These would have been one of the many energy saving fixtures that would be referenced with this performance indicator, so for appropriate comparison, for the first year that this indicator is tracked, we will compare primarily July 1, 2006 to March 1, 2007 to the corresponding months in 2007 and 2008 respectively. An additional comparison will be made from July 1, 2006 through June 30, 2007 for all energy saving fixtures.

Prior Year Accomplishments:

- Hired new Office Assistant for Front Office (Natalie Atencio)
- Hired new Administrative Assistant for Department (Rosemary Koch).
- Executed reorganization of department, more effectively utilizing the education, talents and skill sets of the Director’s, completing a much-needed component of the department’s leadership team.
- Hired Peter Wells as Communications and Civic Outreach Division Manager
- Promoted Dyane Sonier to Resource Development Division Manager.

Cultural Enrichment / Keep Rio Rancho Beautiful (3530)

Program Description:

Keep Rio Rancho Beautiful is a service division of the Department that fosters partnerships with other departments, local businesses, service groups, neighborhood associations, schools, and volunteers to positively impact the City’s natural environment. KRRB’s mission is to educate, facilitate, and inspire our community to take pride and ownership in proper solid waste handling practices, recycling, litter prevention, beautification and environmental education programs through partnership with Keep Rio Rancho Beautiful.

Goals and Objectives:

QUALITY AND EXCELLENCE GOAL: Strive to improve overall effectiveness in all aspects of services and become a community of quality and excellence.

- Objective: Assess Keep Rio Rancho Beautiful’s success on a regular basis.
  1. Obtain evaluations from the public for each program.
  2. Complete annual reports for affiliate organizations including Keep America Beautiful and New Mexico Clean and Beautiful.
  3. Apply for awards and recognitions of quality and excellence such as Keep America Beautiful Affiliate Award and President’s Circle Award.

PUBLIC SAFETY GOAL: Assure a safe, secure, and healthful community through the efficient delivery of Public Safety services designed to be preventative, protective, and responsive.

- Objective: Facilitate proper disposal of special wastes that may pose a physical, health or fire risk to citizens.
  1. Host Hazmat collections for special waste.
  2. Staff, youth workers and volunteers identify and remove illegal dumpsites.

SERVICES GOAL: Maintain and enhance quality of life facilities and services to the citizens by providing innovative and excellent facilities, programming, and outreach.

- Objective: Increase citizen’s quality of life by building community awareness, involvement and stewardship of the environment through education and creative programming.
  1. Organize volunteer opportunities such as the Great American Cleanup and the Trek for Trash.
  2. Offer Mini Grant awards to citizen groups.
  3. Facilitate educational outreach programs such as “The Story of Garbage”, curriculum kits for Rio Rancho Public Schools and events like Earth Festival.

CAPITAL IMPROVEMENT GOAL: Enhance the overall quality of life through well planned and coordinated public and private capital improvements and facilities.

- Objective: Provide quality recycling and special waste disposal facilities.
  5. Continue to operate the existing drop-off recycling center.
  6. Host seasonal drop-off recycling programs for hard to dispose of waste such as Christmas trees, clothing and phone books.
7. Plan and create a convenience center that is accessible and easily identifiable in the community for special waste disposal.

ENVIRONMENTAL GOAL: Identify and protect the quality of the natural environment to improve the quality of life for Rio Rancho residents.

- Objective: Prevent and reduce illegally dumped waste while promoting proper waste disposal and positively impacting the City’s natural environment.
- Educate citizens, especially school children in methods of litter prevention.
- Hold collection events which promote proper waste disposal.
- Provide stewardship opportunities through programs such as Mesa Monitor and Adopt-A-Spot.
- Employ youth workers and sub-contracted civic groups to remove litter and improve the community.

FINANCIAL GOAL: Financially plan for, support, audit and protect the programs and services of Rio Rancho to ensure the long term economic well being of the City.

- Objective: Preserve and seek partnerships and sponsorships to reduce programming costs to the City while successfully managing KRRB’s financial resources.
- Prepare an operations packet including the budgeting process for each program.
- Audit the overall division effectiveness with a cost/benefit analysis at the end of each year.
- Complete quarterly performance and accounting reports for grantors.

WORKFORCE GOAL: Recruit and maintain high quality, motivated employees; promote continued training of employees; and, strive to provide a safe work environment.

- Objective: Enhance efforts related to employee development, leadership development and performance management.
  1. Enhance programs that develop employee skill sets to their fullest potential to maximize workforce productivity, flexibility and the application of new technology.
  2. Enhance leadership development efforts so that the management team has the required competencies to maximize the productivity and moral of a diverse, highly motivated, and skilled workforce.
  3. Install a performance management system for employees and managers alike that places an emphasis on performance planning and measurement, skill and competency development and individual accountability.

PARTNERSHIP GOAL: Partner with other levels and/or jurisdictions of Government, Schools, and other public and private entities to enhance area services and infrastructure.

- Objective: Develop new and strengthen existing partnerships to benefit the community and vested parties.
  1. Build relationships and raise youth awareness through educational programs at Rio Rancho Public Schools.
  2. Seek and support sponsorships.
  3. Obtain the New Mexico Clean and Beautiful Grant from the Department of Tourism.

The Center is a multipurpose service venue, providing a variety of educational, recreational and social services that meet the needs and interests of seniors 55 and over, residents with disabilities, and members of the general community. In its capacity as a community focal point, the Center provides access to information and support as well as opportunities for participation in activities that lead to personal growth and enrichment.

Goals and Objectives:

PUBLIC SAFETY GOAL: Assure a safe, secure, and healthful community through the efficient delivery of Public Safety services designed to be preventative, protective, and responsive.

- OBJECTIVE: Create an Emergency Response system to assure the safety and well being of Rio Rancho seniors during emergencies or disasters.
  1. Work with Sandoval County, DPS, Storehouse West and other relevant non-profits to develop a mechanism for service delivery for seniors during emergencies
  2. Create an action plan for emergency preparedness for homebound elderly

CAPITAL IMPROVEMENT GOAL: Enhance the overall quality of life through well planned and coordinated public and private capital improvements and facilities.

- OBJECTIVE: Seek alternative sources for capital improvement projects
  1. Seek federal and state funding for capital improvements projects.
  2. Seek in-kind contributions from private industry to fund capital improvement projects

WORKFORCE GOAL: Recruit and maintain high quality, motivated employees; promote continued training of employees; and, strive to provide a safe work environment.

- OBJECTIVE: Provide job specific training to each employee who works at the Division of Senior Services
  1. Assess gaps in knowledge of employees and arrange for training that promotes the goals of the Division.
  2. Assure that staff attends the required amount of safety training appropriate for their positions.
  3. Provide quarterly training for front desk volunteers

PARTNERSHIP GOAL: Partner with other levels and/or jurisdictions of Government, Schools, and other public and private entities to enhance area services and infrastructure.

- OBJECTIVE: Develop a plan for service delivery to seniors in Rio Rancho
1. Work with Sandoval County Senior Program to inventory service providers and pinpoint gaps in service to the Senior Community
2. Seek ways to expand partnerships with private and governmental organizations to provide services

Meadowlark Senior Center

SERVICES GOAL: Maintain and enhance quality of life facilities and services to the citizens by providing innovative and excellent facilities, programming, and outreach.

- OBJECTIVE: Take the existing MSC newsletter to the next level by redesigning, reorganizing and producing the Meadowlark Senior Center newsletter.
  1. Test the suitability of the proposed models of the newsletter by developing focus groups
  2. Develop a program committee comprised of members to provide input in programming to Center staff

OPERATIONS GOAL: Continue to define, improve, and enhance the delivery and efficiency of operations and services within city government and to the citizens of the community.

- OBJECTIVE: Implement an automated program registration and membership database
  1. Develop and implement procedures and policies
  2. Develop timelines for the registration process to provide transition for MSC members
- OBJECTIVE: Conduct quarterly surveys to determine the level of satisfaction of individuals who use MSC
  1. Develop survey tools to measure satisfaction of the operations of the facility
  2. Develop survey tools that measure satisfaction with the paid programs offered by the Center

The Senior Services Division is very interested in providing its members with the highest level of customer service possible. We can improve the way we deliver our services to our participants via surveys. Not only will this help improve our customer service today, it will also create for us a benchmark to improve upon from year to year. Our seniors are extremely important to us, so providing them with the level of customer service they deserve is first in our minds.
Prior Year Accomplishments:

- Received $176,000 from the Department of Aging to make improvements including purchase and installation of kitchen equipment
- Received $26,900 from the State to purchase and install meals equipment
- Purchased a new database, completed staff training, and began conversion from the existing database into the “Class” membership database adding demographic characteristics
- Created a new video to replace the existing, outdated promotional video that is used to orient new members and to promote the Meadowlark Senior Center to the community
- Developed and distributed, in conjunction with Jewish Family Service of NM, a Resource Guide for Sandoval County
- Developed and distributed, in conjunction with Jewish Family Service of NM, a large magnet that contains important medical information required by Emergency Medical Personnel when responding to 911 calls
- Sponsored the NewMexPex Stamp Show at the Meadowlark Senior Center, the first regional show of this magnitude ever held in Rio Rancho. Other show sponsors were the Rio Rancho Stamp Club, the Palo Duro Philatelic Society and the Albuquerque Philatelic Society.
- Sponsored the Local Motion, a 10-week activity program, in conjunction with Jewish Family Service of NM and the NM State Department of Health in order to improve activity levels of older participants
- Installed a credit card machine in order to take credit card payments for programs and activities

Program Description:

The Library and Information Services Division is the community’s information center, providing each citizen with the cultural, educational, and recreational library resources needed for the development of individual lives and the betterment of the community. Library staff respect and support the diverse needs of their clientele in the selection and care of materials for the collection, in the delivery of quality reference/information services, including assistance in locating and utilizing information resources, and with varied, well-conceived and meticulously executed programs.

Goals and Objectives:

CAPITAL IMPROVEMENT GOAL: Enhance the overall quality of life through well planned and coordinated public and private capital improvements and facilities.

- OBJECTIVE: Mount Radio Frequency Identification System (RFID) to manage library circulation (around 500,000 items a year and growing) and inventory control tasks using Sandoval County Library Bond funds passed in 2006.
  1. Develop RFP for suitable RFID system and put it out to bid
  2. Select system and implement it

WORKFORCE GOAL: Recruit and maintain high quality, motivated employees; promote continued training of employees; and strive to provide a safe work environment.

- OBJECTIVE: Retain and motivate circulation staff by making work safer, more fulfilling, and more varied
  1. Make work environment safer by implementing a Radio Frequency Identification [RFID] system that will automate inventory control and certain circulation tasks, thereby reducing those tasks that result in repetitive motion injuries to wrist, shoulder, and elbow, which are now common.
  2. Free staff for more varied and fulfilling work that only humans can do by dramatically reducing the time devoted to repetitive routine manual tasks with an RFID system. The RFID system will free staff to do such work as waiting on customers, supervising different parts of the library, covering expanded library hours, shelving items, shelf reading, program support, and the like.

- OBJECTIVE: Recruit sufficient qualified staff to effectively and efficiently operate three facilities with greatly increased square footage and the additional complexity of multiple locations and evening and weekend service hours.
  1. Recruit library technology manager with the qualifications to allow us to make full and effective use of library-specific technology, particularly the RFID system and the integrated library system (Innovative Interfaces Millennium, which is technologically too complex for existing staff [in the library and in the IT department] to use to anywhere near its full potential.)
2. Recruit 2.5 FTE librarians to staff the additional public service areas and meet the increased demand for service now that we have three facilities. (Our previous staffing plan has turned out in practice not to be adequate to handle the greatly increased square footage.)

3. Recruit one additional library clerk to handle the different circulation processing demands in the Loma Colorado Library created by increased size and by the separate locations of the circulation work areas.

SERVICES GOAL: Maintain and enhance quality of life facilities and services to citizens by providing innovative and excellent facilities, programming, and outreach.

- OBJECTIVE: Complete renovation of Esther Bone Memorial Library and reopen this popular library venue as our first, full-service branch, open a minimum of 40 hours per week with a collection of 55,000 volumes.
  1. Complete implementation of plans in place to refurbish the Esther Bone library to reopen for service
  2. Move stored materials and stored and new furnishings into the Esther Bone building
  3. Complete hiring and training of new Esther Bone staff

- OBJECTIVE: Create plans for fuller exploitation of the possibilities for library services and collections that are now possible with the opening of the Loma Colorado Main Library, ensuring that all three facilities meet community needs with new creativity, efficiency, and effectiveness.
  1. Develop new approaches to administration to achieve optimal use of the facilities
  2. Develop new approaches to collection management and development integrating and differentiating the collections across our three facilities so that we can continue to provide library collections that enhance the community
  3. Rewrite and update the “Collection Development Plan & Materials Selection Policy” (June 2001) to reflect changes and developments in the Rio Rancho community, the different service populations that each facility serves, and changes in publishing (formats, available service plans) to better focus our spending of the $1.9 million in county bond funds for the next four years
  4. Develop a new program plan for offerings for all our service populations at the 3 facilities
  5. Use enhanced and more numerous programming facilities at Loma Colorado library to increase and improve programs offered to the public, particularly adult programs
  6. Develop new approaches to staffing and hours configurations once Esther Bone reopens and RFID system is in place
  7. Develop new approaches to technology applications.

PARTNERSHIP GOAL: partner with other levels and or jurisdictions of government, school, and other public and private entities to enhance area services and infrastructure.

- OBJECTIVE: Use enhanced facilities to make the library a community center, a goal the community wanted the Loma Colorado library to meet
  1. Co-sponsor programs and events with other groups

Prior year Accomplishments:

- Completed Loma Colorado Main Library project
- Won 2 architectural awards for Loma Colorado design
- Completed collection development project, split the Esther Bone collection, and moved 100,000 volumes into the new library.
- Completed furniture and fixtures selection for new library, ordered, and installed same.
- Moved and set up all technology in new library
- Opened Loma Colorado Main Library for service Dec. 4, 2006
- Increased circulation by 6% over FY2006
- Increased youth services program attendance by 182% over FY2006
- Began offering an expanded cycle of adult programs in new facility with a total attendance of 902, an increase of 684% over FY06
- Worked with architects and city staff to create renovation plan for Esther Bone Branch Library. As part of that plan, reviewed staffing and services plan for the branch to ensure it meets community needs
- Created library moving plan and Esther Bone Library renovation plan.
- Prepared Esther Bone building for renovation by shifting the collection and by sorting, disposing of, or storing existing contents
- Planned to begin circulating collection at Star Heights Learning Center in June
- Completed grant-funded digitization and archival preservation of our historical records and mounted these in the new Local History Room at Loma Colorado Library. This collection is proving to be of great interest to a wide variety of library users, community leaders, and those with an interest in historical preservation
- Successfully informed the voting public of the November 2006 Sandoval County Library Improvement Bond and a State of New Mexico Library Bond. Both bonds passed with wide margins. Funds will be used expand library collections and information technologies in FY08.
